# *Lyn Knight* Currency Auctions

Welcome to the 2012 CPMX and Knight Live Auction that follows. This year we have a fine line-up of material from all over the world and across America.

Thursday (Session 1) we will sell World Bank Notes, featuring the Swift Collection of Costa Rica Bank Notes and hundreds of other wonderful pieces.

Friday (Session 2) will start with the James W. 'Billy' Key Collection of solid number Small Size and other notes with interesting serial numbers. The balance of Session 2 is our excellent selection of Small Size and Error Notes followed by Colonial, Obsolete, Fractional, Confederate, MPC and more.

Saturday evening (Session 3) will include a neat collection of Large Size Type Notes followed by National Bank Notes, highlighted by the Dr. Wallace Lee Collection of Michigan Nationals and the David Davis Collections of low charter number Nationals and an Ohio Brown Back alphabet set. This will make three full nights of sales that will be followed by three sessions of Knight Live on the following Monday and Tuesday.

## *Some words from collector George Swift III*

George Swift III met LKCA in 2002 when he approached our table at that CPMX, our initial world paper money auction. Already a significant collector of coins—a hobby begun in childhood—he expressed an interest in expanding the size and scope of his collection. The LKCA currency display, especially the extensive collection of Costa Rica notes, intrigued him. A new passion formed and his first at-auction purchases were made and the George H. Swift III collection of Costa Rican Currency began. Over the years, our relationship strengthened and he purchased many fine examples of Costa Rica currency from us.

George had an eye for beauty and a passion to collect the best notes available. His interest in quality, rarity and adventure drove him to travel to Costa Rica where he had the opportunity to meet renowned collector, Mauricio Soto. The beauty of the country and friendly attitudes of the Costa Rican people impressed him. Mauricio's passion for collecting his country's notes reinforced George's interest.

George launched an aggressive search for the most significant Costa Rican currency and pursued elusive rarities. Accompanied by a driver, George traveled remote mountain areas propelled by rumors of items that appeared to be undiscovered and uncataloged. He had the acuity and good fortune to locate many unique examples. These signature pieces are included in the current auction.

George is pleased to have his collections auctioned here in Chicago where his roots run deep and where he and these pieces were both born—his great grandfather was the founder of Swift and Company, the international meat packing firm originally headquartered in Chicago.

## Terms and Conditions

- Auction Basics.** *Auction Basics.* This is a public auction sale ("Auction Sale") conducted by licensed and bonded Auctioneers, Lyn Knight Currency Auctions (hereinafter referred to as "Auctioneer" and at times as "Knight"), Eric Knight, Auctioneer - License #AU3267. Bidding in this Auction Sale constitutes acceptance by you ("Bidder") of all the Terms and Conditions of Auction Sale stated herein. Bidders may include consignors who may bid and purchase lot(s) in the Auction Sale consigned by the consignor or by other consignors pursuant to their consignment agreement with Knight ("Consignor" and "Consignors"). A Consignor that bids on their own lots in the Auction Sale may pay a different fee than the buyer's premium charged to all other buyers. Knight reserves the right to include in any auction sale its own material as well as material from affiliated or related companies, principals, officers or employees. Knight may have direct or indirect interests in any of the lots in the auction and may collect commissions. **THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOGUE.** Pursuant to a separate agreement with Knight, Consignors or their agents may be permitted to bid on their own lots in the sale and may receive a rebate commission in whole or part if successful. Where the Consignor has re-purchased a lot and the lot is either returned to the Consignor or otherwise dealt with or disposed of in accordance with the Consignor's direction, or pursuant to contractual agreement, Knight reserves the right to so note in the Prices realized or to omit a price from the prices realized. Knight may bid for its own account at any auction. Knight may have information about any lot that is not known publicly, and Knight reserves the right to use such information, in any manner determined solely by Knight and for the benefit of Knight without disclosing such information in the catalog, catalog description or at the auction. Bidder acknowledges and agrees that Knight may not be required to pay a Buyer's Commission, or other charges that other Bidders may be required to pay and may have access to information concerning the lot(s) that is not otherwise available to the public. Any claimed conflict of interest or claimed competitive advantage resulting therefrom is expressly waived by all participants in the Auction Sale. Lot(s) may carry a Reserve. A Reserve is a confidential price or bid below which the Auctioneer will not sell an item or will re-purchase on behalf of the Consignor or for Knight.
- Descriptions and Grading.** Bidder acknowledges as follows: Grading and evaluation is an art and not a science. The grade, mintmark, quality, designation, variety, rarity, provenance, and historic relevance of any items in this sale are qualified statements of good faith opinion of Knight or its Consignor(s). It is possible that two people will not always grade the same item alike. Also, as market conditions change, grading standards change, and will most likely continue to do so in the future. Each Bidder's own examination of the item(s) is the criterion and not the grade represented by another. Every effort is made by Knight to determine provenance and authenticity. It is the Bidder's responsibility to arrive at a final conclusion prior to bidding. In any purchase or sale, the value of the item(s) is determined by the price. **THE BIDDER HEREBY ASSUMES ALL RISKS OF VALUE CONCERNING ANY AND ALL PURCHASES.** All photographs in this catalogue are of the actual items being sold but may not be the actual size or to scale. **NO RETURNS OF THIRD PARTY GRADED NOTES.**
- The Bidding Process.** The auctioneer may open or accept the bidding on any lot by placing a bid on behalf of the Consignor or his or her agent, a Bidder by mail, telephone, internet or telefax; or any other participant in the Auction Sale. Mail bidders are urged to send their bids early, and are reminded that fax bids must be sent to (913) 338-4754 and received no later than 24 hours prior to the start of each session or live auction bidding in order to be recognized. No bids less than 60% of the low estimate will be considered or entered and no lots will be sold for less than face value. The Auctioneer may accept or decline any bid, challenge to any bid or bidding increment, as the Auctioneer in their sole discretion shall determine. Bids must be for an entire lot and each lot constitutes a separate sale. No lot will be broken up unless otherwise permitted by the Auctioneer. Lots will be sold in their numbered sequence unless Auctioneer directs otherwise. It is unlawful and illegal for Bidders to collude, pool, or agree with another Bidder to pay less than the fair value for lot(s). Bidders in the Auction Sale acknowledge that the law provides for substantial penalties in the form of treble damages and attorney's fees and costs for those who violate these provisions. All material shall be sold in separate lots to the highest Bidder as determined by the Auctioneer. If any dispute arises, Auctioneer shall have the right to rescind the acceptance of the bid and place the lot(s) for Auction Sale again. Auctioneer's decision shall be final. For the Mail and Internet Bidder's protection, no "unlimited" or "buy" bids will be accepted. When the identical bids are received for a lot, preference is given to the first bid received as determined by the Auctioneer. A mail bid will take precedence over an identical floor bid; a Floor Bidder and Telephone Bidder must bid higher than the highest mail bid to be awarded any lot. Auctioneer reserves the right to refuse any bid, to reduce any mail bid received, to open the bidding of a lot at any level deemed appropriate by the Auctioneer and to determine the prevailing bid, at his sole discretion. **THIS IS NOT AN APPROVAL SALE.** Bidders who physically attend the Auction Sale, either personally or through an agent ("Floor Bidders") should carefully examine all lots which they are interested in purchasing. Bidders who bid by telephone, either personally or through an agent, receive a similar benefit as Floor Bidders, in being able to actively participate in the live Auction Sale ("Telephone Bidders"). Therefore, except as otherwise provided in these Terms and Conditions of Auction Sale, **NO LOT MAY BE RETURNED THAT IS PURCHASED BY A FLOOR BIDDER, A TELEPHONE BIDDER, AND OTHER BIDDERS WHO HAVE HAD THE OPPORTUNITY TO VIEW THE LOT(S), ANYONE PRESENTING KNIGHT WITH A RESALE CERTIFICATE OR OTHER EVIDENCE THAT THEY ARE ACTING AS A DEALER OR ANY THIRD PARTY GRADED NOTES.** For Bidders by mail, telefax or internet, who have not had the opportunity to view the lot(s), if there is a material error in the catalogue description, the lot may be returned if written notice is received by Knight within five (5) calendar days of receipt of the lot(s). The lot(s) must be received by Knight no later than twenty-one (21) calendar days after the Auction Sale in the same condition the lot(s) were delivered to the Bidder, in their original containers. Late remittance constitutes just cause for revocation of all return privileges. All prospective Bidders who have had the opportunity to examine the lot(s) prior to the Auction sale personally assume all responsibility for any damage that Bidder causes while handling or examining lot(s). Knight shall have sole discretion in determining the value of the damage caused, which shall be promptly paid by the prospective Bidder. **KNIGHT IS NOT RESPONSIBLE FOR ANY ERRORS IN BIDDING.** A Bidder should make certain to bid on the correct lot and that the bid is the maximum (plus the Buyer's Commission) that he or she is willing and able to pay. Once the hammer has fallen and the Auctioneer has announced the winning Bidder, the Bidder is unconditionally bound to pay for the lot, even if the Bidder has made a mistake. Knight reserves the right to withdraw any lot at any time, even after the hammer has fallen, until the Bidder has taken physical possession of the lot. No Bidder shall have a right to claim any consequent damages if the lot is withdrawn, even after the Auction Sale.

4. *Bidder Registration Required.* All persons seeking to bid must have a catalogue and register to bid at the auction by completing a registration card or bid sheet. By submitting a bid, the Bidder acknowledges that Bidder has read the Terms and Conditions of Auction Sale, the descriptions for the lot(s) on which they have bid, and that they agree to adhere to these Terms and Conditions of Auction Sale. This agreement shall be deemed to have been made in Kansas. The bidder acknowledges that the invoice describing a lot by number incorporates the catalogue and Terms and Conditions of Auction Sale.
5. *Prices, Payment and Delivery.* The Buyer's Premium of eighteen percent (18%) will be added to the total amount of all invoices when paid by any means OTHER than cash, check, bank wire or money order. The Buyer's Premium will be further discounted to fifteen percent (15%) when handled through our regular in-house procedures, including payments using cash, bank wire, money order or a good check (with pre-approval). Please note that credit card checks and cashier's checks are not acceptable forms of payment. No extra fees are added for using Knight Live, our live auction system. Payment is the same for Knight Live as it is for all other bidding methods. An international bank wire fee will be charged of \$37.50. A reacquisition charge may apply to Consignors pursuant to a separate agreement, which may be higher or lower than the Buyer's Commission. Unless otherwise agreed in writing, auction sales are strictly cash in U.S. funds payable through a bank in the United States. No credit card checks will be accepted as payment for auction lots. On any cash transaction or series of transactions exceeding \$10,000, Treasury form 8300 will be filed. Contact Knight for wiring instructions before sending a wire. Lots must be paid for the earlier of receipt invoice or delivery. Knight reserves the right to decline to release lots for which good funds have not yet been received. On any accounts past due, Knight reserves the right to extend credit and impose periodic charges. Bidder agrees to pay reasonable attorney's fees and cost incurred to collect on such past due accounts. Bids will not be accepted from those persons under eighteen (18) years of age without a parent's written consent which acknowledges the Terms and Conditions of Auction Sale herein and agrees to be bound thereby on behalf of the Bidder. Bidders personally and unconditionally guarantee payment that are or become owed to Knight. If a corporation is the Bidder, the corporate representative present at the sale shall provide Knight at the time of registration with a statement signed by each principal, director and officer that they each personally and unconditionally guarantee any and all current or future obligations owed to Knight or such other statement as may be acceptable to Knight, in the sole discretion of Knight. Bidders who have not established credit with Knight must furnish satisfactory credit references or deposit at least twenty-five percent (25%) of their total bids for that Auction Sale session(s) or such other amounts as Knight may, in its sole and absolute discretion, require before such bids will be accepted. Deposits submitted will be applied to purchases. Bidders agree to pay an additional fee for packing, handling, postage and insurance on lots mailed to them, which fee shall be determined by the value of the item(s) shipped and added to the total invoice as follows: \$8.50 for \$1 - \$300 shipments; \$15 for \$301 - \$500 shipments; \$19 for \$501 - \$1,999 shipments; \$27 for \$2,000 - \$10,000 shipments; \$34 for \$10,001 - \$25,000 shipments; \$47 for \$25,001 - \$50,000 shipments; \$57 for \$50,001 - \$100,000 shipments. For shipments valued over \$100,000 the fee will be determined at the time of the sale. Bidders outside the United States shall be invoiced for Knight's shipping costs (an additional \$10 Airmail handling fee will be added to International Bidders invoice), but agree to provide their own insurance on lots shipped to them (Knight shall not be responsible for non-delivery of lots shipped to addresses outside the United States). Any remaining deposits will be promptly refunded, upon clearance of funds. Knight will not assume responsibility for the shipping and packaging of certain larger items or items of a more fragile nature sold in this sale as determined by Knight. It is the Bidder's responsibility to contact Knight after the sale to make shipping and packaging arrangements. Due to the fragile nature of some lots, Knight may be forced to charge additional shipping and handling. Lots indicated as being "framed" are shipped at the Bidder's risk. Taxes, postage, freight charges, if applicable handling, insurance and Buyer's commission, and any other fees required by law to be charged or collected will be added to the invoice for any lot(s) that is invoiced to successful Bidders. On any tax not paid by Bidder which should have been paid, even if not collected Knight by mistake, error, negligence or gross negligence, Bidder agrees to promptly pay the same on demand together with any interest or penalty that may be assessed. Title to any lot remains with Consignor, any secured party of the Consignor, or Consignor's assigns, as the case may be, until the lot is paid for in full by Bidder. Knight reserves the right to require payment in full before delivering any lot to the successful Bidder. The RISK OF LOSS passes to the Bidder upon delivery of the lot(s).
6. *Financial Responsibility.* In the event a successful Bidder fails to make payment when due, Knight reserve the right to resell the lot(s) in a commercially reasonable manner, which may include a private sale. Bidder agrees to pay for the reasonable cost of such a sale, together with any incidental costs of sale, including reasonable attorney's fees and costs, cataloguing and any other reasonable charges. Bidder grants Knight or its assigns the right to offset any sums due, or found to be due to Knight, and to make such offset from any past, current or future consignment, purchases that are in the possession or control of Knight, or from any sums due to Bidder by Knight. Bidder further grants Knight a purchase money security interest in such items to the extent applicable. Bidder agrees that Knight and its assigns shall be a secured party with respect to items bought by Bidder and in the possession of Knight, to the extent of the maximum indebtedness, plus all accrued expenses attorney fees and costs, until the indebtedness is paid. Bidder grants Knight the right to file a UCC-1 financing statement on such items without need for Bidders signature and to assign such interest to any affiliated or related company or any third party deemed appropriate by Knight. If the auction invoice is not paid for in full when due per invoice terms, the unpaid balance will earn interest at the rate of one-and-one-half percent (1-1/2%) per month until it is paid in full. In the event this interest rate exceeds the interest permitted by law, the same shall be adjusted to the maximum rate permitted by law. Bidder agrees to pay all reasonable attorney's fees, court costs and other collection costs incurred by Knight or any affiliated or related company to collect past due invoices. Knight reserves the right to assign its interest to any third party.
7. *DISCLAIMER AND WARRANTIES.* NO WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE IS MADE OR IMPLIED ON ANY LOT. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY LOT EXCEPT FOR WARRANTY OF TITLE, AND IN THE CASE OF TITLE, AUCTIONEER IS SELLING ONLY THAT RIGHT OR TITLE TO THE LOTS THAT AUCTIONEER MAY HAVE BY VIRTUE OF THE CONSIGNMENT AGREEMENTS WITH CONSIGNORS AS OF THE AUCTION SALE DATE. PURCHASER HEREBY ASSUMES ALL RISKS CONCERNING AND RELATED TO THE GRADING OF A LOT.
  - a. All sales of items (1) viewed by Bidders in advance of a sale, even if the sale is by mail, telefax or internet, or (2) bid upon by Floor Bidders, Telephone Bidders and Bidders who present Knight with a resale certificate, out of state resale certificate, or similar evidence in acting as a dealer; ARE FINAL AND MAY NOT BE RETURNED.
  - b. Any and all claims that an item is not authentic, must be made in writing to Knight within five (5) calendar days after receipt of the item

- c. If an item or items are returned pursuant to the terms herein, they must be housed in their original, sealed and unopened container, as the case may be.
  - d. Late remittance or removal of any item from its original container constitutes just cause for revocation of all return privileges.
  - e. Grading or condition or other attributes of the lots may have a material effect on the value of the item(s) purchased, and the opinion of others (including independent grading services) may differ with the independent grading services opinion or interpretation of Knight. Knight shall not be bound by any prior or subsequent opinion, determination or certification by any independent grading service.
  - f. All oral and written statements made by Knight and its employees (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of Knight has authority to vary or alter these Terms and Conditions of Auction Sale. Any alteration shall be effective only if in writing and signed by an officer of Knight authorized to do so.
  - g. Bidders shall have no recourse against the Consignor for any reason whatsoever.
  - h. Notwithstanding anything to the contrary in these Terms and Conditions of Auction Sale. **LOTS LISTED IN THIS CATALOGUE GRADED BY ANY THIRD PARTY GRADING SERVICE MAY NOT BE RETURNED FOR ANY REASON WHATSOEVER.**
  - i. Bidder acknowledges that the market for currency and related collectibles is speculative, unregulated and volatile, and that prices may rise or fall over time. Knight does not guarantee that any customer buying for investment purposes will be able to sell for a profit in the future.
8. *Waiver and Release.* Bidder, for himself, his heirs, agents, successors and assigns, generally and specifically waives and releases, and forever discharges Knight, and its respective affiliates, parents, shareholders, agents, subsidiaries, employees, members of their respective boards of directors, and each of them, and their respective successors and assigns from any and all claims, rights demands and causes of actions and suits, of whatever kind or nature, whether in law or equity, whether known or unknown, suspected or unsuspected, which Bidder may claim to have with respect to and/or arising out of, or in connection with any challenge to the title to any goods purchased, the sale itself, and/or the auction, except where such reimbursement is otherwise authorized in these Terms and Conditions of Auction Sale. It is the intention of Bidder that this waiver and release shall be effective as a bar to each and every claim, demand, cause of action and suit that may arise hereunder, and Purchaser hereby knowingly and voluntarily waives any and all rights and benefits otherwise conferred upon him by the provisions of Section 1542 of the California Civil Code, which reads in full as follows. "A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM MUST HAVE MATERIALLY AFFECTED HIS SETTLEMENT WITH THE DEBTOR."
9. *Disputes.* If a dispute arises concerning ownership of a lot that has been bid upon, Knight reserves the right to commence a statutory inter-pleader proceeding at the expense of the Consignor and successful Bidder and any other applicable party, and in such event shall be entitled to its reasonable attorney's fees and costs. Knight reserves the right to postpone the Auction Sale or any session thereof for a reasonable period of time for any reason whatsoever. No Bidder shall have any claim as a result thereof, including incidental or consequential damages. Neither Knight nor any affiliated or related company shall be responsible for incidental or consequential damages arising out of any failure of the Terms and Conditions of Auction Sale, the auction or the conduct thereof and in no event shall liability for any such failure exceed the purchase price, premium or fees paid. If the Bidder fails to comply with one or more of these Terms and Conditions of Auction Sale, then, in addition to all other remedies which it may have at law or in equity, Knight may at its sole option either (a) cancel the sale, retaining all payments made by Bidder as liquidated damages, it being recognized that actual damages may be speculative or difficult to compute, or (b) sell a portion or all of the lot(s) held by Knight, in a quantity sufficient in the opinion of Knight to satisfy the indebtedness, plus all accrued charges, and Knight may sell such portion at an auction sale or private sale conducted by Knight and charge a seller's commission that is commercially reasonable. More than one such sale may take place at the option of Knight. Notice of the sale shall be by U.S.P.S. Certified Mail, Return Receipt Requested to the address utilized on the Bid Sheet, Auction Consignment and Security Agreement or other last known address by Knight. The proceeds shall be applied first to the satisfaction of any damages occasioned by Bidder's breach then to any other indebtedness owed to Knight, including without limitation, commissions, handling charges, the expenses of both sales, reasonable attorney's fees, costs, collection agency fees and costs and any other costs or expenses incurred. Bidder is also liable to Knight if the proceeds of such sale or sales is insufficient to cover the indebtedness. Rights granted to Bidders under the within Terms and Conditions of Auction sale are personal and apply only to the Bidder who initially purchases the lot(s) from Knight. The rights may not be assigned or transferred to any other person or entity, whether by sale of the lot(s), operation of law or otherwise. Any attempt to assign or transfer any such rights shall be absolutely void and unenforceable. No third party may rely on any benefit or right conferred by these Terms and Conditions of Auction Sale.

## FAMED MING DYNASTY NOTE

- 91 **Ming Dynasty Note AA10 1 Kuan ca. 1368-1399**  
Famed large size Ming Dynasty note on mulberry bark paper; the earliest collectible paper money. Two vermilion seals on face and one on back. Ten strings of coins, each representing 100 Cash, at center. One account about the Ming notes is that a bundle was found underneath a statue of Buddha during the Boxer Rebellion of 1900; this is referred to with the information included with this note. Frayed margins with a few small pieces missing; few areas of internal weakness. The printing is quite strong on this note. Pleasing example. Finally, here is a story from the owner of this note about how it passed from generation to generation: I always remember the love of coin collecting my grandfather had, he even had his own coin shop in Illinois. When he passed away, there was a lot of his collection to go through and I know that my dad, being the oldest son of the oldest son of the oldest son, had the task to go through my grandpa's collection and estate. My dad, being a collector of precious things, understood the value of my grandpa's coin collection and the one thing my dad did keep through all the sorting was this Ming note. It was when my father passed away that I soon came to take the Kuan in the sorting of his things. I respect the value that my dad and my grandpa had in their collections and I hope that this note can find its way to someone who will value its history and preciousness in adding to their own collections.

 Palm tree design; overprint for "Bank of Western Samoa".  
 PCGS terms this "Very Ch. New 64 PPQ". Perhaps this is  
 splitting hairs, but looks even better to me; a superb example.  
 Very Ch. New 64 PPQ (600-1,000)

## END OF SESSION ONE

**SESSION TWO (CONT.)  
FRI., MAR. 9, EVENING  
IMMEDIATELY FOLLOWING THE  
JAMES W. "BILLY" KEY COLLECTION**

**SMALL SIZE TYPE NOTES**

**LEGAL TENDER**

- 1315 \$1 1928 #A00000049A Low numbers are few and far between for this 1928 \$1 Legal Tender one-year type. The #49 makes this the first note on the fifth sheet printed. The note is fresh and evenly centered.  
PMG Ch. UNC 64 EPQ (4,000-8,000)

- 1316 \$1 1928 A-A It is very rare to find a Gem UNC 66 EPQ \$1 Legal. A gorgeous, well centered red seal.  
PMG Gem UNC 66 EPQ (600-900)

- 1317 \$1 1928 A-A A nicely centered note for the grade. Very fresh and nice.  
PCGS Very Ch. New 64 PPQ (325-550)

- 1318 \$1 1928 A-A A very attractive note that is close if not Gem.  
Ch. to Gem CU (375-500)

- 1319 \$1 1928 A-A A nice red seal with average centering.  
Ch. CU (275-375)

- 1320 \$2 1928★ ★-A This is a very tough star with nice quality.  
PMG XF 40 EPQ (750-1,500)

- 1321 \$2 1928-D★ Mule ★-A This mule star is far scarcer than its non-mule counterpart. The note is fresh and bright with mountainous embossing and great color. PCGS notes an edge tear at top left but it is relatively minor. The Schwartz value is \$350 in VF and that doesn't seem too far fetched from what we've seen. This note would become the new observed low in the next edition of the Schwartz-Lindquist guide.  
PCGS Apparent VF 30 (200-400)

**AUTOGRAPHED UNCUT SHEET**

- 1322 \$2 1953 A-A 18 Subject Uncut Sheet  
**Autographed** This is an extraordinary uncut sheet of 1953 \$2 Legal Tenders. It is autographed on the bottom right by Ivy Baker Priest and G.M. Humphrey. What makes this great is that the top left note is serial #2 on a Deuce, all the others end with a '2'. This has to be one of the best \$2 sheets of all time. (Not better than the \$2 Educational sheet, of course.)  
PCGS Ch. New 63 PPQ (18,000-24,000)

- 1323 \$2 1953-B★ ★-A Four consecutive, fully original stars awaiting submission to the service of your choice. Utterly fresh with no handling and full embossing on every detail. They seem to bring about \$125 each these days.  
Gem CU (250-500)

- 1324 \$5 1928★ ★-A A very scarce, lovely, well centered star. These catalog at \$2,500 in UNC.  
PMG VF 30 (400-800)

- 1325 \$5 1928-C★ ★-A A gorgeous Gem star with exceptional quality in every respect.  
PMG Gem UNC 66 EPQ (1,500-3,000)

- 1326 \$5 1928-F★ ★-A Wide A lovely, high grade Gem star note with explosive color and gorgeous margins.  
PMG Gem UNC 65 EPQ (800-1,600)

### GEM LOW NUMBER STAR

- 1327 \$100 1966★ #★00000407A Check out this beauty! Not only a star note but it's a low serial #407 as well. An extremely high grade example.  
PMG Gem UNC 66 EPQ (3,000-6,000)

- 1328 \$100 1966★ #★00001371A A high grade circ star red seal with low serial #1371. These are scarce.  
PMG XF 40 (750-1,500)

- 1329 \$100 1966-A A-A Behemoth margins and deep embossing make this well centered note a real treat. Unfortunately, there are two tiny rust flecks in the back upper margin that do little to affect the eye appeal of this note.  
Ch. CU (500-1,000)

### SILVER CERTIFICATES

- 1330 \$1 1928★ ★-A A lovely star with very nice centering for the grade.  
PMG Ch. UNC 64 EPQ (650-1,250)

- 1331 \$1 1928-A★ ★-A This beauty still had its \$1,600 price tag.  
PMG Gem UNC 65 EPQ (1,000-2,000)

- 1332 \$1 1928-C H-B A scarce issue in top grade but a larger bottom margin would be in order.  
Ch. AU (350-500)

PCGS Very Ch. New 64 PPQ (1,750-3,500)

- 1347 \$5 1934-D★ ★-A Wide I A lovely Wide I variety that has super centering.  
RCGS Gem CU 66 PQ (350-700)

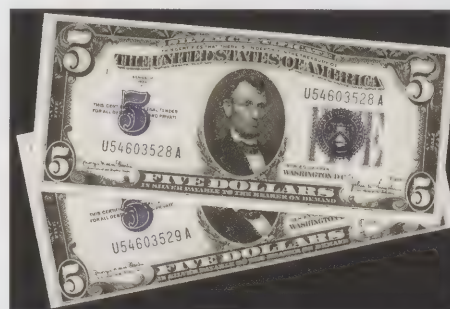

- 1344 \$5 1934-C★ ★-A Wide A gorgeous Gem star with the wide face.  
PMG Gem UNC 66 EPQ (500-1,000)

- 1345 \$5 1934-C★ ★-A Wide A lovely wide face star with back plate #1729.  
CGA Gem UNC 65 (400-800)

- 1346 \$5 1934-D★ ★-A Wide I Deep embossing and natural paper wave are both hallmarks of notes found at the upper end of the grading scale. If the bottom margin were a touch broader we're sure this would have achieved an even higher grade. In the past year or two we have seen a few in this grade sell for \$500 and up and expect much the same from this delightful note.  
PMG Gem UNC 66 EPQ (450-750)

- 1349 \$5 1934-D U-A Wide II/Wide I Reverse Changeover Pair The paper quality on this reverse changeover pair is astounding and the colors are as bright as the morning sun. The lower serial number note has back plate 2079 and the higher serial number note has back plate 1920. We can only recall having seen one or two of these sell as they are much scarcer than the jump from wide to narrow.  
Very Ch. CU (400-800)

- 1350 \$5 1934-D★ ★-A Wide I Superb embossing and crispy fresh paper make this boldly inked star a real eye catcher.  
Ch. CU (225-375)

- 1351 \$5 1934-D★ ★-A Wide II An utterly original example of this much more desirable Wide II star note. The note faces up like a Gem with some folds. Just a few years ago near Gem examples would go for around \$2,000 when they would appear although times have certainly changed.  
PCGS XF 40 PPQ (250-500)

## KING OF THE SMALL SIZE SILVERS

- 1352 \$10 1933 A-A The 1933 \$10 Silver Certificate has long been referred to as the "King of Small Size Type Notes" and it's a one-year type. There are numerous small size star notes that are many times the rarity of this issue; with that being said the 1933 \$10 Silver is a great rarity, and among small size collectors it is the top. A lovely example of this rare type.  
PCGS Ch. New 63 PPQ (14,000-18,000)

- 1353 \$10 1934★ ★-A Mountainous embossing and breathtaking originality are found in abundance on this gorgeous early star. While common enough in Fine/XF grade, it becomes a much scarcer issue in AU and UNC. CU in Schwartz is \$1,300. Included is the PMG 55 EPQ label that used to entomb this note.  
Ch. AU (500-1,000)

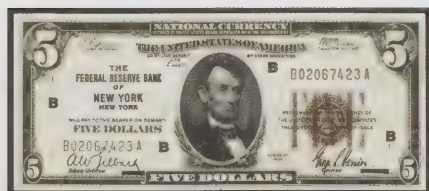

- 1354 \$10 1934-C★ ★-A A lovely star note that has great centering, although it's only graded '64' EPQ.  
PMG Ch. UNC 64 EPQ (650-1,250)

- 1355 \$10 1953★ ★-A A top quality \$10 Silver Certificate star with spectacular margins.  
PMG Gem UNC 66 EPQ (1,000-2,000)

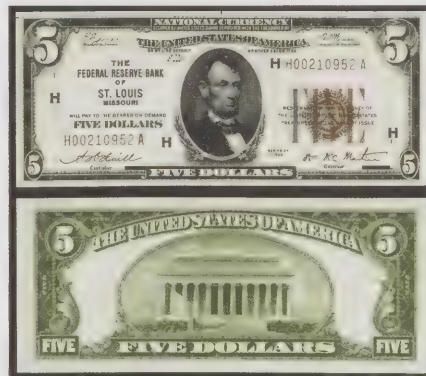

### FEDERAL RESERVE BANK NOTES

- 1356 \$5 1929 B New York B-A These first appeared as a group at the 2008 Central States sale and they were very well received. Now some four years later they are still extremely popular and continue to bring very solid money due to this popularity.

### EXTREMELY RARE \$5 ST. LOUIS FRBN PMG CH. ABT. UNC 58

- 1357 \$5 1929 H St. Louis H-A Quality and rarity create a beautiful combination for this extremely desirable St. Louis \$5. The color and centering are exceptional and I cannot see any issue with the note to justify the grade; I rarely can these days. Certain to create considerable interest.  
PMG Ch. Abt. UNC 58 (3,000-6,000)

### THE KEY TO THE SERIES AND AMONG FINEST KNOWN

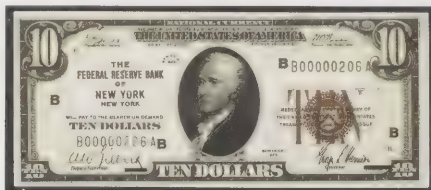

- 1358 \$5 1929 L San Francisco L-A This is only the second time I have seen a San Francisco \$5 that approaches the grade of UNC. While this note has a clear centerfold it is second only to the #100 \$5 I sold in the Dean Oakes Collection years ago. The San Francisco \$5s are somewhat available in VG/Fine but not higher grade. This is indeed a rare opportunity at this jewel of the West.  
PMG Abt. UNC 55 EPQ (7,000-14,000)

- 1359 \$5 to \$100 1929 Denomination Set The \$5 is from Kansas City in VF, the \$10 from Saint Louis in VF, the \$20 from Richmond in F/VF, the \$50 from Cleveland in Fine, and the \$100 from Chicago. The \$50 has a very interesting serial number D00484485A. \$185 face value.  
F/VF (325-475)

**Call today to get your paper items included**  
in one of our upcoming auctions.  
**913.338.3779**

- 1360 \$10 1929 B New York #B00000206A A bright and very well embossed example of this small size FRBN that falls just short of the Gem grade. Low serial #206 makes this a very desirable item to pursue. When CAA sold this same note at 2006 Long Beach it brought \$253 and the market is far more sophisticated in this day and age.  
PCGS Very Ch. New 64 PPQ (375-525)

- 1361 \$10 1929 E Richmond E-A A superbly embossed and crackling fresh example of this Richmond district note that has great color and lots of natural paper wave. Somewhat scarcer in circulated grades but a legitimate condition rarity in Ch. CU or better.  
Ch. CU (500-1,000)

- 1362 \$10 1929 E Richmond E-A A bright and wonderfully embossed example of this scarcer Richmond district note. There is a single light center fold and tons of eye appeal for the grade.  
PCGS Ch. Abt. New 55 (150-300)

- 1363 \$10 1929 F Atlanta F-A A scarce denomination with excellent quality that is hard to find.  
PMG Ch. UNC 64 EPQ (350-700)

- 1364 \$10 1929★ G Chicago G-★ This is a rare and seldom offered FRBN star, with serial #G00002153★, that has had enough circulation but looks good. This Chicago \$10 star has almost been under-rated.  
PCGS VF 20 (1,250-2,500)

- 1365 \$10 1929 L San Francisco L-A High quality examples of this type are few and far between. This note has great color and excellent centering for the grade.  
PMG Abt. UNC 50 (750-1,500)

- 1366 \$20 1929 F Atlanta F-A A scarce and desirable denomination that has excellent centering, color and originality.  
PCGS Very Ch. New 64 PPQ (400-800)

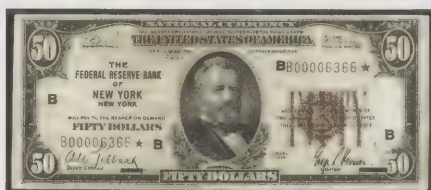

- 1367 \$20 1929★ H St. Louis H-★ When a collector looks for a mid-grade FRBN star for his collection this is exactly the note he is searching for. Great margins, excellent centering and perfect color are complemented by screaming originality from one end to the other. It seems that all the stars we see from St. Louis have higher five-digit serial numbers with this four-digit example being the lowest number we have seen at auction in quite a long time.  
PCGS VF 30 PPQ (500-1,000)

- 1368 \$20 1929 I Minneapolis #I00000444A A rare binary three-digit FRBN.  
VF (700-1,000)

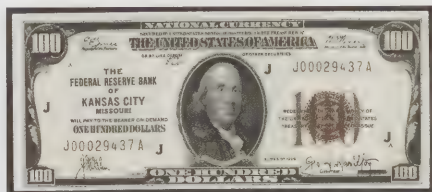

- 1369 \$20 1929 J Kansas City J-A A high quality \$20 and a scarce note in this grade or above. Seldom available in any UNC grade.  
PCGS Very Ch. New 64 (500-1,000)

- 1370 \$50 1929★ B New York B-★ A scarce \$50 FRBN star from New York with even circulation and low serial #6366.  
Fine (350-600)

- 1371 \$50 1929 L San Francisco L-A A lovely note with a light center bend.  
Ch. AU (400-800)

- 1372 \$100 1929 J Kansas City J-A A sharp UNC  
Kansas City \$100 with nice centering.  
PMG Ch. UNC 64 (400-800)

- 1373 \$100 1929 K Dallas K-A This is a very tough note with this amount of quality and the low serial #4288. This was the lowest issue for any \$100. There were just 36,000 printed.  
PMG Abt. UNC 50 (1,250-2,500)

### GIORI TEST NOTES

#### UNIQUE UNCUT STRIP SIGNED BY GIORI

- 1374 Giori Test Notes One Pass Completa Designed to test the efficacy of the web press, when the BEP was soliciting bids for their ill-fated project that produced series 1988-A, 1993, and 1995. This multi-color press laid down images on both sides simultaneously, allowing for overprinting later. This strip has been autographed by Mr. Roberto Giori, as S. Giori, where "S" stands for Signori, the Italian equivalent of Mr. We have never seen or heard of another signed by Giori.  
Gem CU (750-1,500)

### FEDERAL RESERVE NOTES

- 1375 \$1 1935-G C-J No Motto Each note is crisp, fresh, bright and with great natural paper wave. Eighty-six pieces.  
Very Ch. CU (650-950)

- 1376 \$1 1977 G Chicago #G22222222C This solid serial #G22222222C note is not from the Key Collection.  
PMG Ch. UNC 64 EPQ (1,000-2,000)

#### #1 1995 FORT WORTH PRINTED STAR

- 1377 \$1 1995★ K Dallas #K00000001★ This is as special as a #1 note can get because it's both a #1 and a star. As time goes on, with the government printing less and less and pulling more and more low numbers, the likelihood of finding many more is just not likely to happen. They just don't get any better, or so I think. The fact that this note was printed in Fort Worth makes this even more exciting.  
PCGS Gem New 66 PPQ (15,000-20,000)

- 1378 \$1 2003-A G Chicago #G33333333A A broadly margined note with solid serial #G33333333A. This note appears to be conservatively graded.  
PMG Ch. VF 35 EPQ (500-1,000)

- 1379 \$1 2006 J Kansas City J-C A near solid pack (89 notes) that is missing the #101 and #110 through #119.  
UNC (600-900)

- 1380 \$2 1976★ J Kansas City 16 Subject Uncut Sheet A rare uncut sheet of Kansas City 1976 stars that is fresh and well centered. The notes are tough enough to obtain when single.  
PCGS Very Ch. New 64 PPQ (4,000-6,000)

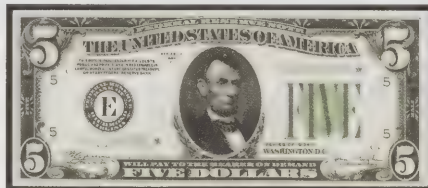

- 1381 \$2 1995★ A-L Premium FRN Set #20000062★ This is a \$2 Millennium star set, all with matching serial #20000062★.  
Gem CU (600-1,200)
- 1382 \$2 2003 I Minneapolis I-A A nice crackling fresh group of 100 consecutive modern Minneapolis deuces.  
Gem CU (325-475)

- 1383 \$5 1928 C Philadelphia C-A A fresh and choice Philly \$5.  
PMG Ch. UNC 64 EPQ (300-600)

- 1384 \$5 1934-C★ B New York B-★ A really scarce star note no matter how you slice it. It lists for \$700 in the Schwartz-Lindquist price guide in Ch. CU and that seems about right. We can only find a single auction entry recently and that was the Flynn note which was the same grade. That note realized \$517.50 when it was resold a month after its initial sale.  
PMG Ch. UNC 64 EPQ (500-1,000)

- 1385 \$5 1934-C★ E Richmond E-★ Wide A very rare wide face variety and a Gem star as well. These are rarely available these days.  
PMG Gem UNC 65 EPQ (2,000-4,000)

- 1386 \$5 1934-D★ D Cleveland D-★ Here is a high quality Gem Cleveland star that rarely has been available. A Gem with excellent margins.  
PMG Gem UNC 65 EPQ (2,500-5,000)

- 1387 \$5 1950-E★ G Chicago G-★ A beautifully centered, short issue star.  
PMG Gem UNC 65 EPQ (350-700)

- 1388 \$5 1963 B New York #B01000010A A neat radar serial #01000010 from New York. A very cool example.  
PCGS New 62 PPQ (500-750)

- 1389 \$5 1988-A A-L★ and A-L Block Sets**  
Complete 66-note set that includes every regular and star block printed, including both Washington and Fort Worth, save the Minneapolis star (offered separately). A piece or two might have light handling, but otherwise this group is spectacular. Catalog value in excess of \$1,500 in Choice and these are nicer.  
Average Gem CU (750-1,500)

- 1390 \$5 1988-A★ I Minneapolis I-★**  
Exceedingly rare Minneapolis star; we find but one public auction appearance in the last 13 years. You might wait for a nicer one, in the identical grade, but after waiting this long does that make sense?  
VF (200-400)

- 1391 \$5 1993 H St. Louis #H34567890A** Here is a very cool ladder serial #H34567890A. These are very scarce, especially so nice.  
PCGS Gem New 65 PPQ (1,000-2,000)

- 1392 \$5 1995 K Dallas #K00000009C** Just in case you want a note for your dog. This may be a K-9 note but it's no dog.

- 1394 \$5 2003★ DL San Francisco DL★**  
All crisp and crackling fresh with great paper quality and eye appeal. These list for \$35 each in the Schwartz/Lindquist guide. Thirty-nine consecutive notes.  
Gem CU (325-575)

- 1395 \$10 1928★ B New York B-★** This is a real stunner of a star note as it is very scarce and rarely ever comes with any grade to it. After six years in business, PCGS has graded only two New York stars from this issue; this one and one graded VF 25. Both of these grades are effectively the same but it should be noted that this example looks fully VF/XF through the holder. If you have been wanting to add this elusive star to your collection do not be shy because this opportunity won't be back for a long time.  
PCGS VF 20 (600-1,200)

PMG Superb Gem UNC 67 EPQ (350-700)

- 1403 \$10 1934-D★ C Philadelphia C★  
All stars from this series are quite elusive with the Philadelphia  
note appearing to be no exception. It has far fewer auction  
appearances than the more available New York and Chicago  
stars. This note has three great margins and deep embossing all  
around. The Schwartz/Lindquist guide marks this at \$500 in  
Ch. CU and we feel that this is reasonably accurate based on  
its real scarcity.

- 1409 \$10 1950-E★ G Chicago G-★ A rare star in this quality and from a short series.  
PMG Gem UNC 65 EPQ (400-800)

- 1410 \$10 1950-E L San Francisco L-D We often shake our heads when we see some of these third party grades at auction but this one appears to be dead-on or even a touch on the conservative side. It has behemoth margins, perfect centering and deep embossing. San Francisco is easily the scarcest of the three districts of this very popular issue. The only other nicer PMG example we can find record of was a PMG 68 EPQ that sold at the 2009 Long Beach sale for \$690.  
PMG Superb Gem UNC 67 EPQ (350-550)

- 1416 \$20 1928-A E Richmond E-A This is a very satisfying example of the scarcer Richmond district. All of the numbered district notes from these early issues are wildly popular. Through the holder the note looks like a near Gem as we cannot see any evidence of circulation.

- 1417 \$20 1928-A J Kansas City J-A This numbered district note from Kansas City has the lowest printing for this issue, and by a long shot at that. The paper is crisp and fresh with mountainous embossing ranging across its surfaces. A real peach of a note that is well centered but with a bottom margin a touch too narrow to allow for the Gem grade.  
PCGS Very Ch. New 64 PPQ (375-525)

- 1418 \$20 1928-B E Richmond E-A A beauty that has no Gem catalog as they are rarely that way. PMG says this one is.  
PMG Gem UNC 66 EPQ (400-800)

- 1419 \$20 1928-B I Minneapolis I-A DGS On the surface of things this doesn't really look like much.... just another common 1928-B twenty. Nothing could be further from the truth. Minneapolis has one of the lowest printings for this issue and is particularly scarce as a dark green seal note. Couple that with the fact that this is a note that rarely shows up in this lofty state of preservation and you see where we are headed with this. This note sold for \$431.25 back in November 2008 when the world was in an absolute free fall. Expect that much and then some when this note hammers down tonight in a far better market whose buyers aren't so reticent to purchase notes for their collections.

- 1422 \$20 1928-C L San Francisco L-A A bright and moderately circulated example of this scarcer San Francisco district that is a solid example for the grade and which looks fully Very Fine. San Francisco is the scarcer district for this issue and always brings well beyond what the Chicago note sells for.

- 1429 \$20 1934-B\* J Kansas City J\* This note looks like a Gem through the holder, although it's graded '55'.  
PMG Abt. UNC 55 (400-800)

- 1430 \$20 1934-C\* D Cleveland D\* The Schwartz catalog value for the Cleveland district is \$650 in Choice CU and we feel that's pretty accurate considering that we are having a difficult time locating much of anything in terms of auction records. This old back star is quite scarce and rarely comes this nice when one does appear.  
PCGS Very Ch. New 64 PPQ (600-1,200)

- 1431 \$20 1981-A\* D Cleveland D\* A really high-grade example of this deceptively scarce modern star. Only three districts produced stars for this issue: Cleveland, Atlanta and San Francisco. Despite printings in the millions a quick perusal of auction results over the past decade shows scant few appearances. This note has great centering, crackerjack embossing and wonderful paper surfaces. A real treat for the small size expert.  
PMG Gem UNC 65 EPQ (175-325)

- 1432 \$20 1981-A Near Complete District Set Only the Cleveland note is missing to form a complete district set. These list for \$60 each in Choice CU in the Schwartz/Lindquist guide as this is a tougher series. About half the notes are Choice CU or better and the other half are Gems.  
Ch. CU or better (375-525)

- 1433 \$50 1928 D Cleveland D-A A lovely numbered district fifty with bright paper, bold printing and great color. Considering that a low end Gem is a four-figure note, a nice Very Ch. CU example represents great value for the aspiring collector.  
PCGS Very Ch. New 64 (400-800)

- 1434 \$50 1928\* G Chicago G\* Outstanding replacement from the first issue of small size, a very pleasant exception to the heavily worn examples most often encountered. This would be equally at home in an XF 40 PPQ holder. It's just that nice!  
PCGS VF 30 (500-1,000)

PMG Ch. Abt. UNC 58 EPQ (700-1,400)

- 1440 \$50 1969-B K Dallas K★ With a printing of only 128,000 this has always been the key to this much scarcer modern issue. This sure appears to be graded a little too conservatively as it seems to approach the XF grade and it looks very well embossed through the holder with no apparent problems. The latest edition of Schwartz/Lindquist values this at \$500 and we would not be surprised to see that mark surpassed as it was just a few years ago that these brought near four-figure prices in this grade.  
PMG VF 30 (500-1,000)

- 1441 \$50 1977★ E Richmond E★ A very well centered example of this desirable star \$50 on the Richmond district that has perfect paper surfaces. While there are some out there, we have no doubt that this will be highly coveted by many looking to fill a spot in their collections as there were only 640,000 printed. The small size price guide lists this at \$150 in Ch. CU with no higher grade given.  
PCGS Gem New 66 PPQ (250-500)

- 1443 \$100 1928 F Atlanta F-A An incredibly bright and original Atlanta numbered district note whose paper surfaces are as fresh as the morning it flew off the presses. Grading is a matter of interpretation but our interpretation is that this note has one fold too many for the full XF grade.  
PCGS VF 35 (225-375)

- 1444 \$100 1928★ G Chicago #G00009081★

PMG Ch. VF 35 (600-1,200)

- 1445 \$100 1934-C E Richmond E-A The only other nice Gem we can recall having seen was the Flynn note. That was in a PMG 66 EPQ holder and brought \$1,265. While this note is not EPQ it does have the margins and centering for the Gem grade.  
Gem CU (400-800)

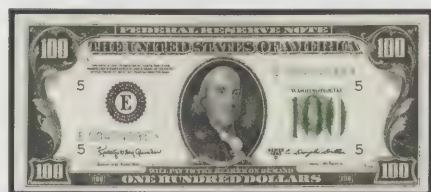

- 1446 \$100 1934-C E Richmond E-A This is a near Top Pop example as there are two notes with a "64" grade and only a single note graded higher, that one a "65." A note that is very scarce uncirculated, and a nice example at that. Broadly margined with bright and exceptional color.  
PCGS Very Ch. New 64 (400-800)

- 1451 \$100 1969-C★ F Atlanta F★ Consecutive Pair A broadly margined and wonderfully embossed consecutive pair of stars that have some center bending preventing a higher grade from being assigned. With only 64,000 printed this is a legitimately scarce note.  
Ch. CU (750-1,250)

- 1452 \$100 1974★ G Chicago G★ This modern star hundred rarely seems to make its presence felt in the marketplace. It should sail well past its catalog value of \$245 in Ch. CU.  
PMG Gem UNC 65 EPQ (250-500)

- 1453 \$100 1977 I Minneapolis I-A While the printing figure for Minneapolis is some 5 million or more, good luck finding one, as many that survived are in hiding. This example has great margins and perfect centering both front and back. The embossing is deeper than most existentialist thinking and the eye appeal is as wonderful as it gets. Do not be shy if you intend on bringing home this modern masterpiece.

**\$500 REVERSE CHANGEOVER PAIR**

- 1459 **\$500 1934-A/1934 J Kansas City J-A Reverse Changeover Pair** Changeover pairs in high value notes are few and far between. I had a pair of \$1,000s years ago but I cannot recall having or seeing a \$500 pair. This is a reverse changeover pair, from 1934-A to 1934, from Kansas City. Neither really appears circulated but they do have a bend from counting that is visible. They are pretty, and for what it's worth, they are very conservatively graded (one is Abt. UNC 50 EPQ and the other is Ch. XF 45 EPQ).

### MATCHING SERIAL NUMBERS & MISMATCHED SERIAL NUMBERS

- 1475 \$1 1957-B S-A Identical Serial Numbers Plus Mismatched Serial Numbers We sold a set of similar consecutive errors in a previous sale where the left serial number on the first note matched the right serial on the middle note, the left serial number on the middle note matched the right serial number on the bottom note and each note had a mismatched serial number; that lot sold for \$14,950. This group has a similar error: the left serial number on each note is the same (with the last two digits rotated downward and stuck) but the right serial number is a mismatch. In addition, the right serial numbers are consecutive on all three notes! New discoveries among mismatched serial numbers are enthusiastically received and generally realize strong bids when offered. Three piece lot.

### 100% BACK ON FRONT OFFSET ON STAR

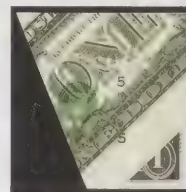

- 1491 \$1 1969-A★ G Chicago Offset First Printing on Star Even the comprehensive Anderson Collection lacked an example; throughout the years only two or three complete back to front offsets have appeared on star notes. ### MANGLED MESS

- 1492 \$1 1969-B B New York Printed Fold Over PCGS had to label this bizarre mistake something and 'printed foldover' is about as good as any. In reality, it almost seems as though the uncut sheet was wadded up during the overprinting process and partially remained so through the cutting operation. The horizontal bisection of the district seal and scattering of the left serial leaves the viewer speechless. From the Trade Mart Currency Collection.  
PCGS Ch. New 63 PPQ (1,000-2,000)

### KITE-SHAPED PRINTED FOLD

- 1517 \$1 1981 E Richmond 32 Subject Uncut Sheet This 1981 \$1 Richmond district E/E block 32 subject sheet contains one of the scarcer engraving errors & the ONLY engraving error available in "uncut sheet" form. The back plate number on 31 of the notes is 3273; however, the note in the "H1" position bears the plate number 7372, well outside the range of plates used for the series. Technically, all of the notes on the sheet are MULES since the back plate numbers in this numerical range are from the previous 1977-A series! Many of these 32 subject sheets have been cut into smaller sheets or single notes to obtain just the error, making these full 32 note error sheets difficult to secure.

### UTTERLY UNIMPROVABLE INVERTED OVERPRINT ON BACK

- 1521 \$1 1995 B New York Inverted Overprint on Back If a finer example of the inverted overprint on back error ever surfaces on any denomination, we'd be shocked. None of the comprehensive collections of small size errors that we've auctioned included a single example that approaches this quality. From the Trade Mart Currency Collection.

- 1522 \$1 1995 B New York Printed Fold  
Nice flap with huge white selvage along the top and side which captured much of the overprint. The holder was cut open to view this error in various positions. From the Trade Mart Currency Collection.  
PCGS Very Ch. New 64 PPQ (500-1,000)

- 1523 \$1 1995 E Richmond Inverted Back Type II  
The Type II inverts always command extra attention and garner little, if any, premium. The enormous impact from parts of two notes never ceases to amaze. I don't believe we've recorded this block before. From the Trade Mart Currency Collection.  
PCGS XF 45 (750-1,500)

- 1524 \$1 1995 F Atlanta F-D Web Note  
Exceptionally rare mistake in exceptionally high grade. This web press note has the serial numbers and seals upside down in conjunction with a so-called cutting error. The population can be counted on one hand and acquiring one is pivotal to either an error or web collection. The specialist will want to know it is from the 5/10 combination (as are all); documented sales above \$5,000.  
PMG Ch. UNC 64 (2,500-5,000)

- 1525 \$1 1995 J Kansas City Printed Fold  
Some might argue that this is a triple error; after all: following a normal back printing, the sheet folded up and part of the face print was applied to the wrong side. At that time, the sheet unfolded and the overprint was applied directly to the blank area previously protected by the flap. It remained opened for cutting, so a normal rectangular shape ensued. A visual delight. The holder was cut open to gently manipulate the note into various positions to appreciate the sequence of events. From the Trade Mart Currency Collection.  
PMG Gem UNC 66 EPQ (750-1,500)

- 1526 \$1 1999 C Philadelphia Printed Tear  
A first cousin to the printed fold, but many times rarer, yet unlikely to sell at a premium. From the Trade Mart Currency Collection.  
PCGS XF 40 PPQ (300-600)

- 1527 \$1 2001 B New York Inverted Overprint Type II  
As if the dramatic nature of the mistake wasn't enough, this piece is tied for the finest known. From the Trade Mart Currency Collection.  
PCGS Superb Gem New 67 PPQ (500-1,000)

- 1528 \$1 2001 B New York B-B  
A lovely Gem mismatched serial #B76445605B/B76445905B error. This one doesn't appear often.  
PMG Gem UNC 65 EPQ (600-800)

### FINEST ONE DOLLAR FAULTY ALIGN ERROR

- 1529 \$1 2003 B New York Faulty Alignment

PCGS Superb Gem New 67 PPQ (2,000-4,000)

- 1530 \$1 2003 I Minneapolis Faulty Alignment

## CAPSTONE OF THE COLLECTION

- 1532 \$1 2006 F Atlanta Cutting Error  
Nearly without equal, this enormous cutting error is one of the highlights of the Trade Mart Currency Collection. Its authenticity is beyond question, as the serial number range for uncut sheets sold to the public is more than seventy million numbers away! There is 50% of the secondary note present. The holder has been opened to permit display of the note either way. A miracle of survival. From the Trade Mart Currency Collection.  
PMG Gem UNC 65 EPQ (1,250-2,500)

- 1533 \$2 1976 A Boston Misaligned Overprint  
One of the nicest examples to come from a small group that surfaced in the early-1980s. The note merits the assigned grade. From the Trade Mart Currency Collection.  
RCGS Gem CU 65 PQ (150-300)

- 1534 \$2 1976 E Richmond Inverted Overprint Type I  
The 'stopper' to a denomination set of inverts, this stunning Deuce is certainly among the finest. This inverted overprint error offers collectors the opportunity to build a denomination set (including the \$2) without breaking the bank. Although Choice examples appear from time to time, very few certified Gem New notes exist. From the Trade Mart Currency Collection.  
PCGS Gem New 65 PPQ (2,500-5,000)

- 1535 \$2 1976 E Richmond Inverted Overprint Type I

PCGS Ch. Abt. New 58 PPQ (2,000-4,000)

- 1536 \$2 1976 L San Francisco Offset Second Printing

PMG XF 40 EPQ (400-800)

- 1537 \$5 1950-A G Chicago Printed Fold  
In a single word: wow! Textbook example of this error on an earlier note, so both the series and signature are printed on the flap in addition to the Treasury seal and serial number. From the Trade Mart Currency Collection.  
PMG Gem UNC 65 EPQ (500-1,000)

- 1540 \$5 1977 D Cleveland Missing First Printing & Bookends There is no logical explanation as to why blank backs on \$5 denomination are so rare, but they are. One might argue that only the \$2 is rarer, however some might consider the \$5 to be on par with the \$50 and \$100. No matter your perspective, everyone will concur that the \$5 is downright rare yet trades at no premium. This lot includes the blank back (64 PPQ) and the normal bookends (63 PPQ & 64 PPQ). ### ONE NOTE IN TWO PIECES

- 1542 \$5 1985 E Richmond E-B This end of roll error literally fell apart once the turquoise-color weld, holding the two pieces together, failed. More dramatic than the example illustrated in the Bart reference, where Bart lists this as a R-8 rarity with a value of \$10,000 in CU.  
PMG Ch. Abt. UNC 58 (4,000-8,000)

- 1543 \$5 1988 G Chicago Inverted Overprint Type II An absolute winner: terrific invert with the so-called cutting error in high grade; the \$5 denomination is surprisingly scarce. Even the exhaustive Anderson Collection only had a Choice example. From the Trade Mart Currency Collection.  
PCGS Gem New 66 PPQ (450-750)

- 1544 \$5 1988-A H St. Louis H-B I like these notes where they were shifted left or right. They are so cool and unusual. My idea of a \$6 bill.

- 1564 \$20 1977 F Atlanta Printed Fold; Cutting Error Spectacular fold with part of the upper serial number in the white border from the left back. Although PCGS elects to call this a cutting error in addition to the printed fold over, the irregular shape is a direct and proximate result of the fold which caused the printed fold over and is not considered to be a second error, but man is it cool! From the Trade Mart Currency Collection.

- 1565 \$20 1981 B New York Printed Fold & Misaligned Overprint Really special due to the large fold. There is an entire serial and district number imprinted on the back, along with a portion of the Federal Reserve seal. As a perk, the overprint, on the right, is misaligned upward, although the holder does not mention that. From the Trade Mart Currency Collection.

## EXTRAORDINARY MULTI-ERROR

- 1571 \$20 1993 D Cleveland Multiple Error - Printed Fold & Gutter Folds Over the years we've handled some spectacular mistakes and this ranks as high as any, with a gargantuan fold over reaching from the upper right to Jackson's chin. Atop the fold is the entire overprint from the right side. Beneath the flap is stark white, completely lacking any of the printings. Further enhancing this piece are the converging, oblique gutter folds. A collision of rarity and desirability. From the Trade Mart Currency Collection.  
PCGS Very Ch. New 64 PPQ (1,500-3,000)

- 1572 \$20 1996 G Chicago Overprint on Back Big Head blunder with the universal Federal Reserve seal along with the more traditional overprint elements on the back. This denomination design has been revamped, so the few examples that exist will not be joined by more ever. From the Trade Mart Currency Collection.  
PCGS Abt. New 53 PPQ (400-800)

- 1573 \$20 1996 H St. Louis Printed Fold Important Big Head error with half of the Treasury seal and part of the serial on the blank white portion of back margin. There are precious few misprints on the redesigned paper money. From the Trade Mart Currency Collection.  
PCGS XF 45 PPQ (500-100)

- 1574 \$20 1996 J Kansas City Overprint on Back Several sheets with the overprint on back error escaped immediately after the introduction of the design, likely before the optical scanners were calibrated to the new design. Since then, truly none have come out and the design has been changed. From the Trade Mart Currency Collection.

- 1577 \$50 1977 D Cleveland Inverted Overprint Type I Surprisingly scarce; we've long felt that the \$50 ranked behind only the \$2 and the 'sleeper' \$5 denominations in scarcity on the Type I inverted overprints. From the Trade Mart Currency Collection.

### PRINTED FOLD, OFFSET & BOOKEND

- 1578 \$50 1981 E Richmond Trio: Printed Fold, Offset & Bookend Stupendous set of three notes showing cause and effect. The first note printed (the highest serial number) is totally normal. The middle note has a large printed fold on the left with most of the serial imprinted on the back, with the rest of the overprint landing on the impression cylinder. The final note acquired the offset of these overprinting elements, with complete district seals on both sides. Certainly one of the capstones of the collection. This three piece lot includes: PCGS Gem New 65 PPQ (errors; 2) and PCGS Ch. New 63 PPQ (bookend). From the Trade Mart Currency Collection.  
PCGS Graded (750-1,500)

- 1579 \$50 1981-A A Boston Offset First Printing

- 1582 \$100 1977 A Boston Inverted Overprint Type I

- 1583 \$100 1977 A Boston Inverted Overprint Type I  
The classic mistake - the one which appears on the cover of general paper money books. From the Trade Mart Currency Collection.  
PCGS XF 45 PPQ (450-750)

- 1584 \$100 1996 A Boston Inverted Overprint Type II The owner of the Trade Mart Collection rarely bought duplicates of any errors, yet the inverted overprints on the redesigned \$100s are so blasted beautiful that the collection contains one with part of the adjacent note showing (this note) and one from the upper margin of the sheet showing the solid black rectangle (lot 1586). Follow his lead and acquire one of each. From the Trade Mart Currency Collection.  
PCGS Ch. Abt. New 58 PPQ (1,250-2,500)

- 1585 \$100 1996 B New York Missing First Print Blank back on the newly redesigned paper money. Many of these were released in western Europe; very few exist in such incredible state of preservation. From the Trade Mart Currency Collection.  
PCGS Gem New 66 PPQ (750-1,500)

- 1586 \$100 1996 B New York Inverted Overprint Type II The comments above apply here, too. You get to decide as to whether you prefer the wide white blank upper margin or a section of the next note, unless you can't decide, then get them both. From the Trade Mart Currency Collection.  
PCGS Gem New 65 PPQ (1,500-3,000)

- 1587 \$100 1996 D Cleveland Inverted Overprint on Back Bona fide double error with the overprint on the back in an inverted position. A high R-8 mistake. The Bart reference lists these at \$2750 in CU and based upon other sales, that seems about right. From the Trade Mart Currency Collection.  
PCGS Gem New 66 PPQ (1,500-3,000)

- 1588 \$100 1996 D Cleveland AD-A Quite an error with a cutting issue, shifted third printing and hard gutter folds. Very strange and I would say one of a kind. New CGA holder, hence the star on the label.  
CGA Gem UNC 65 ★ (3,000-4,500)

- 1589 Lot of Nine \$100 Error Notes This group of \$100 error notes includes six wet ink transfers and three that are poorly cut and of little value as they have stains. Lot includes one 1977 New York in VF, three 1996 New Yorks CU (stains) and five consecutive 1999 St. Louis CU.

## NORTH AFRICA ISSUE

### RARE \$5 NORTH AFRICA

- 1590 \$5 1934-A North Africa K-A It's a rare opportunity to acquire any errors on the North Africa series. The bottom right back corner clearly has a big wet ink transfer. They are hard to value as they appear so infrequently.

## CONTINENTAL CURRENCY

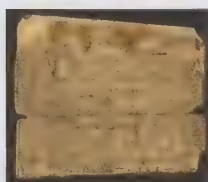

- 1592 CC-100 \$65 January 14, 1779 A vibrant and exciting example of this scarcer Continental denomination that is a wonderfully signed and deeply embossed note with a single center fold. Very similar in appearance to the PMG Ch. AU 58 EPQ that sold recently for an astounding \$1,265 as registry set collectors scramble to piece together their high-grade sets.

PCGS Abt. New 50 PPQ

## COLONIAL CURRENCY

## CONNECTICUT

- 1593 CT-130 1 Shilling March 26, 1761 An incredible rarity that should not be overlooked by anybody that fashions himself as a devotee of Colonial paper money. Any Connecticut note of a pre-1770 issuance is one of only a handful that can be recalled in recent years. We haven't sold one, Heritage hasn't sold one, and the only entry in Newman is a 40 shilling counterfeit sold by Stacks as part of the Ford collection, with that note bringing a four-figure price. PMG net grades this due to the note being backed and pieces sewn together with the bottom quarter or so of the note missing. The all-important Coat of Arms and the date are clearly visible. We are not sure what type of price this will bring but it would not surprise us to see it in the thousands.

## DELAWARE

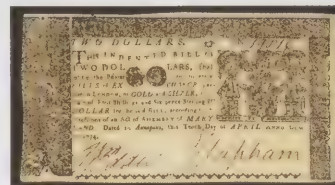

- 1594 DE-84 9 Pence May 1, 1777 Just a stunning example of this much scarcer 1777 issue that has great margins, exceptional centering and mountainous embossing. This note truly falls just short of the Superb Gem grade as it is not nearly as common as the 6 pence small change note that appears most frequently. We routinely see examples in this grade topple the four-figure mark which is validated by the Newman value of \$1,500 in Choice CU.

PCGS Gem New 66 PPQ

## MARYLAND

## EXCITING GEM MARYLAND NOTE

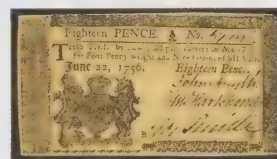

- 1595 MD-67 \$2 April 10, 1774 A stunning example of this more available Maryland issue that is simply never found in this state of preservation. The margins are huge on all sides including a nearly full left indent. Boldly signed and wonderfully printed, this will make a superb addition to anyone's 13 Colony type set. Nice AUs have been bringing around \$400-\$500 so this should sell for multiples of that amount.

Gem CU

(1,000-2,000)

## NEW JERSEY

- 1596 NJ-93 18 Pence June 22, 1756 A gorgeous example of this tougher 1756 New Jersey issue that has some of the best margins we have seen for this date. The printing is bold, the signatures superb and the paper as crisp and fresh as the day it was printed some 250 years ago. A screaming Gem with a couple of handled corners to keep it from that lofty grade. Newman values this at \$1,000 in Choice CU with no higher grade given.

Ch. CU

(500-1,000)

- 1597 NJ-94 3 Shillings June 22, 1756 This faces up as one of the most well-printed, deeply embossed and crackling fresh examples we have seen from this issue. There are some light mounting remnants on the back corners but they do little to hinder the beauty of this piece. This is a lower serial number, 376 out of 6,000 printed. Newman lists this at \$1,000 in Choice CU with no higher grade given.

Ch. CU

(450-850)

- 1598 NJ-96 12 Shillings June 22, 1756 Yet another exemplary note from this earliest obtainable New Jersey issue. Although there is a toning spot on the back and a handled corner, the signatures remain quite bold with great printing detail and superb color. When you hold notes like this in your hands they take you back to a simpler time. Newman lists this at \$1,000 in Choice CU.

UNC+

(400-800)

- 1599 NJ-97 15 Shillings June 22, 1756 A simply astounding example of this highest denomination which is still readily obtainable. This is a superb note in every sense of the word from its cardboard crisp paper to its intricately detailed printing. The margins are actually very sizeable for notes of this issue and it might very easily sail past the Newman value of \$1,000 in Choice CU.  
Very Ch. CU (600-1,200)

- 1600 NJ-98 30 Shillings June 22, 1756 This is the earliest of the readily obtainable New Jersey issues. The 1 shilling up to 15 shillings denominations are quite common, especially in high grade, since they survived in sheet form. The 30 shillings and higher denominations are much scarcer and rarely come with any grade. This one has a repaired center split but which otherwise has the eye appeal of a well-signed Very Fine. Only 2,000 were printed of this note with Newman listing this at \$500 in Fine and \$750 in Very Fine.  
PCGS Apparent Fine 12 (400-800)

- 1601 NJ-99 3 Pounds June 22, 1756 This is number 595 out of a meager printing of 1,250. The three highest denomination notes from this issue did not survive in sheet form and are very scarce no matter how you slice it. Bold signatures remain and the detail is far better than what we typically encounter. There are the typical center fold splits at top and bottom but they do little to affect the eye appeal of this otherwise Very Fine piece. Newman lists this denomination at \$750 in Very Fine and we think that is actually an accurate assessment.  
VF (500-1,000)

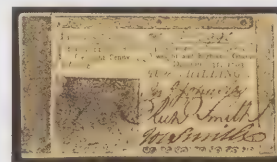

- 1602 NJ-110 15 Shillings November 20, 1757 A very scarce earlier New Jersey issue that has the look of a VF note with a split at center and a bold nature print on the back. Contrary to the usual order of things, with this issue the two lowest denominations are by far the scarcest in terms of availability. We can rarely recall ever seeing a 6 shillings note and the 15 shillings is hardly ever encountered either. The Newman value of \$250 in Fine and \$500 in Very Fine is actually ridiculously low for this scarce note.  
PCGS Apparent Fine 15 (400-800)

- 1603 NJ-111 30 Shillings November 20, 1757 A superlative example from this very scarce issue. This note is incredibly well signed and numbered with the usual center fold splits at the top and bottom. A very bold nature print is seen with a modicum of light folds. Friedberg has no pricing and calls this "Rare" and Newman pegs its value at \$500 in Very Fine with no higher grade given. It would not surprise us at all to see this note surpass the Newman assessment.  
VF/XF (500-1,000)

- 1604 NJ-126 3 Pounds October 20, 1758 Only 500 of this denomination were printed with Newman giving the value at \$700 in Very Good and \$1,000 in Fine. This note certainly faces up as Fine or better with PCGS noting edge splits. These are simply the typical center fold splits that are found on almost all of these early circulated New Jersey notes. These rarely come up for sale and this is likely one of the nicest examples extant.  
PCGS Apparent VG 10 (450-650)

- 1605 NJ-154 3 Shillings December 31, 1763 When this note originally sold as part of the illustrious Midnight Ride collection it realized \$373.75. Any serious Colonial Currency collector knows that a note with margins this full on all four sides is virtually always considered a Gem since these came so tightly trimmed on at least one side. Be that as it may, the market for notes of this era has advanced rapidly over the past 2-3 years and we would expect a far greater realization. Newman pegs this at \$750 in Choice CU with no higher grade given.  
PMG Ch. UNC 64 EPQ (500-1,000)

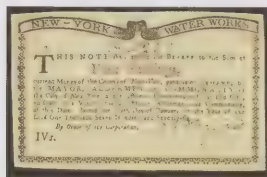

- 1606 NJ-159 3 Pounds December 31, 1763 A wonderfully signed and boldly printed example of this much scarcer denomination. This is an available issue for all denominations up to 15 shillings due to sheets that were cut up over the years. The higher denominations are much scarcer and did not survive in high grade. The printing number for the 3 pounds note is only 1,000 compared to several thousand for each of the lower denomination notes. This note has been net graded; it is a solid VF/XF example with some tape repairs confined to the back of the note. Newman lists this at \$600 in VF with no higher grade valued.

## NEW YORK

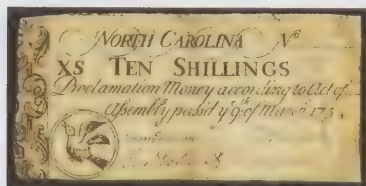

- 1607 NY-183 4 Shillings January 6, 1776 Water Works  
A lovely, high-grade Water Works note that is #521 out of only 2,500 printed. It is bright, deeply embossed and wonderfully centered. These notes often have quality issues since they are two pieces glued together front and back. This is far scarcer than the common 8 shilling note and Newman lists this at \$750 in Choice UNC with no higher grade given.

## NORTH CAROLINA

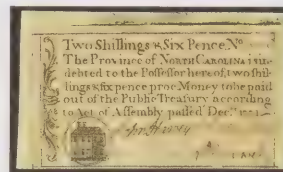

- 1608 2 Shillings 6 Pence, One Pound, 10 Shillings December 1771  
Uncut Sheet of Three Notes A lovely example of an uncut sheet of three from this popular North Carolina issue. The notes are boldly printed, well signed and broadly margined. In the PICA sale a similar sheet that was only graded PMG 64 EPQ brought \$920. We would expect considerably more tonight as the eye appeal is superior.  
PMG Gem UNC 65 EPQ (1,250-1,750)

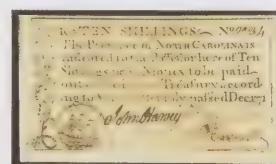

- 1609 NC-77 10 Shillings March 9, 1754 A very bright and well signed example of this early North Carolina note with the Dove vignette. PCGS notes there is a repaired center split, edge splits and tears, and a replaced corner. The eye appeal of this piece is nicer than 95% of those that survive from this series. Newman lists this note for \$750 in VF and \$1,500 in XF.  
PCGS Apparent VF 30 (400-800)

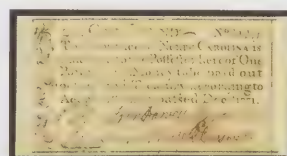

- 1610 NC-82 40 Shillings March 9, 1754 A really nice example of the highest denomination from this early North Carolina issue. PCGS notes repairs and pieces replaced at right and a repaired center split but all of these issues are pretty much par for the course with the early notes from this condition-challenged colony. A somewhat lower serial number 231 should make this piece all the more alluring.  
PCGS Apparent VF 30 (400-800)

- 1611 NC-136b 2 Shilling 6 Pence December 1771  
Four bold signatures, bottomless embossing and exceptional margins highlight this House note that has stunning eye appeal for the grade. We have routinely seen individual examples of this number sold in the \$500-\$600 range in this lofty grade.

- 1616 NC-176d \$5 August 8, 1778 "The Rising States" is the motto seen on this very high grade North Carolina note. The note is well margined and well signed with a smaller right margin. The Newman value of \$500 in XF should be easily surpassed as nice UNC's of these issues routinely surpass the four-figure threshold.  
Ch. CU (750-1,500)

- 1617 NC-192 \$50 May 10, 1780 All of the denominations above \$25 are more desirable and carry higher catalog valuations with this being no exception. A bright and well centered example that has some light folds and a single filled pinhole. If you check auction results you will find that the \$50 denomination is about 10 times scarcer than the \$25 denomination. The Newman value of this highly coveted piece is \$600 in XF with no higher grade given. If you pass on this one please don't cry that you can't find another.

### ONLY PCGS 69 PPQ COLONIAL

- 1619 RI-293 2 Shillings 6 Pence May 1786 This is as close to perfect as PCGS has come to grading any Colonial and we believe that PMG has never assigned a grade this high. We hate to wax poetic (ok so that's not exactly true) but this note is well deserving of all the accolades it receives. The note has perfect centering both top to bottom and left to right. The paper is as bright and deeply embossed as if it were printed this morning and the bold printing contrast is a showstopper. What miniscule nuance pertaining to this note that could make it perfect is anyone's guess as it appears to the naked eye to already be in that league. We sold the first ever 68 PPQ Colonial, which happened to be from this issue, for a hair over \$4,000 in 2007.

## CONFEDERATE ITEMS

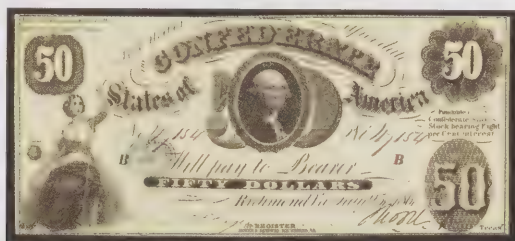

## T-1 \$1,000 MONTGOMERY

- 1621 T-1 \$1,000 1861 Montgomery The market for rare Confederate notes is certainly robust, as a January auction proved. This specimen is not from that sale, but an example in the same grade realized \$37,375 just three months ago. There is no reason why this fully equal specimen shouldn't fetch as much. The T-1 is an icon in United States paper money and its appeal far transcends Confederate Currency. The holder reports "edge tear at bottom left of center, hole punch, and cross-cut cancelled". The 'tear' extends from one of the punch cancellations and occurred at the same time. Signed by Clitherall and Elmore (namesake of an Alabama county) who challenged a newspaper editor to a duel after the paper claimed that Elmore had a gambling problem and was embezzling funds from the Confederated Treasury. A quick shot from Elmore's derringer put an end to both the editor and any investigation.

PCGS XF 40 Apparent

(45,000-65,000)

- 1622 T-8 \$50 July 25, 1861 A lovely example printed on thick, creamy paper with bold print quality and very sizeable margins for the type. The "62" grade appears a touch too conservative as we have seen many of this look called Ch. CU. With recent auction results showing AU notes at around the \$400 mark, we would expect considerably more from this piece.

PCGS New 62

(600-1,200)

- 1624 T-10 \$10 July 25, 1861 A lovely example of this scarcer early type note that has great detail for the grade. The paper remains bright which is unusual for notes of this type. PCGS notes there are edge and internal splits which is certainly true enough. While this note is anything but problem-free we would be remiss if we didn't tell you that we just saw a problem free PCGS VF 25 sell for \$1,495 a couple of months ago. Based on that, we would expect a realization of about half for this one.

PCGS Apparent VF 20

(650-950)

- 1623 T-10 \$10 July 25, 1861 A very well margined example for this early type. It should be noted that there is an edge tear in the huge left margin and some very minor mounting remnants confined to the back. Otherwise, this is a bright and well signed example that is very deserving of the grade. Lower end, problem-free VFs sell in the four-figure range so we expect a result somewhat less.

VF

(500-1,000)

- 1625 T-13 \$100 September 2, 1861 Fully Framed Although tight in a couple of spots, the frame line is present all the way around making this a very desirable example. Couple that with the fact that we rarely see Choice CU or better examples and this becomes a real condition rarity. There are a couple of specks of ink erosion in one of the signatures that are of little consequence and do not hinder the eye appeal of this miraculous piece. With decent AU notes selling for around \$250-\$300 we would expect a far greater realization for an example of this magnitude.

- 1633 T-31 \$5 September 2, 1861 This T-31 retains a bold overprint and bright paper surfaces. Fricke states this is a very underrated type in VF and above. While the note does have two cut out cancels it should be noted that this is likely a four-figure item without them. Cancelled it will certainly bring less but not too much less.

- 1634 CT-33 \$5 September 2, 1861** This contemporary counterfeit is beautiful in every sense of the word. It is bright and colorful with bold signatures and astounding printing quality, especially for a counterfeit. The margins are as large as we have seen and it seems that this was graded a tad bit conservatively. However you slice it, this is one of the very nicest available and is a good bargain considering that a real one in this grade would cost thousands.

| 1635   | T-34 | \$5 | September 2, 1861 | Receivable |
| <p>This PF-2 variety is definitely scarcer as it has the word<br/>         Receivable misspelled as "Reoeivable." Aside from that fact it<br/>         is a very well-signed and broadly margined example of a more<br/>         desirable type.</p> |      |     |                   |            |

- 1636      T-38      \$2      September 2, 1861      Fully Framed
- PCGS notes that there are a couple of small edge tears which is true. They also state there are minor stains, which are indeed minor and are primarily confined to the back of the note. Much like any well-run political campaign we have gotten the bad news behind us and can focus on the positives. The Fine grade appears to be very conservative as this note faces up all day long like a pleasing Very Fine. It is bright, boldly printed and has retained solid signatures and serial number. The real key to this note is that it is 100% fully framed, a fact which makes it a rarity in and of itself since these always come with trimmed margins. With problem-free VFs selling in the thousands it would not surprise us to see this note realize a healthy four-figure price.
- PCGS Apparent Fine 12** (1,250-2,250)

- 1631 T-24 \$10 September 2, 1861** This nearly fully framed example is of a tougher and more desirable early type. The signatures are rather bold and the colors remain bright. In the past year we have seen several lower end VFs sell in the upper hundreds of dollars price range and we expect the same here tonight.
- PCGS VF 20 (600-900)**

- 1637 T-39 \$100 July 21, 1862 A very well margined  
Train note with three interest paid stamps from Augusta.  
Ch. CU (300-600)

- 1638 T-39 \$100 June 30, 1862 A popular Train note that is very common in VF to AU but not quite as available as a nice CU note. A horizontal paper wrinkle is "as made" and should not be confused with evidence of circulation. A sliver of the engraver's name is seen in the broad right margin.  
PCGS New 62 (300-600)

- 1639 T-41 \$100 1862 CSA script watermark is found on this very high-grade T-41 note that has few equals. In the recent past the few we have seen at this grade level have surpassed the \$500 mark with ease. Due to its great demand as a popular type we would expect a similar realization here tonight.  
PCGS Gem New 66 PPQ (650-950)

- 1640 T-41 \$100 November 24, 1862 An incredibly well-embossed example with three Augusta interest paid stamps and "CSA" block watermark.  
PCGS Very Ch. New 64 PPQ (350-550)

- 1641 T-42 \$2 June 2, 1862 A bright and lovely example of this popular Confederate Deuce that is very scarce in uncirculated condition. Deeply printed, boldly signed and on bright paper, this is quite a lovely example that will land into an advanced collection.  
UNC (400-800)

- 1642 T-42 \$2 June 2, 1862 While this note is certainly common enough in Very Fine and below it is quite scarce this nice and simply rare in uncirculated condition. The paper is as bright as we have seen and the print quality sublime. A broad diagonal fold is all that separates this from a far higher grade and value.  
PCGS Ch. Abt. New 55 (300-600)

- 1643 T-43 \$2 June 2, 1862 Fully Framed Although PCGS accurately notes stains, mounting remnants and damage, this note really has a lot going for it. It is primarily bright and well signed with good eye appeal for the grade. These are rarely seen above Very Fine and are scarcely seen with a full frame such as this one. The combination of these two factors makes this note particularly alluring to anybody who understands the nuances of this Confederate type.  
PCGS Apparent VF 30 (600-1,200)

- 1644 T-44 \$1 1862 Wonderfully high grade and suited for a type set.  
PCGS Ch. Abt. New 55 (150-300)

- 1645 T-45 \$1 June 2, 1862 This is a very bright and desirable example of a tougher note with the 'ONE' overprinted in green ink. This type becomes much scarcer as one gets to the XF or better grades. This note has perhaps a couple too many folds to qualify as fully XF but through the holder it faces up as if it were uncirculated.  
PCGS VF 35 (650-950)

- 1646 T-46 \$10 September 2, 1862 Fully Framed This is the variety with the corrected ratification clause "Six Months After." What makes this note special is that it has gigantic margins all around and is fully framed. So often these come with at least one trimmed margin so it is a breath of fresh air to see one in this lofty state.  
PMG VF 20 (200-400)

- 1647 T-54 \$2 December 2, 1862 This has always been a highly-coveted type and denomination in Confederate collecting circles. This note has great signatures and gigantic margins. We see plenty of embossing from the back so we're not sure what happened to the PPQ designation. A satisfying note that has the look of a much higher grade.  
PCGS Ch. New 63 (325-575)

- 1648 T-56 \$100 April 6, 1863 Recent auction results have confirmed the renewed popularity of this Lucy Pickens type. A wonderfully original note with deep embossing and unfathomable beauty.  
PCGS New 62 PPQ (325-575)

- 1649 T-56 \$100 April 16, 1863 An attractive, original note with the Lucy Pickens vignette.  
CU (250-500)

- 1650 CT-65 \$100 February 17, 1864 Havana Counterfeit The past couple of years the few Havana counterfeits we have seen offered in lesser grade than this have realized \$200-\$300. This one has magnificent margins, great color and superb embossing. What more you could want is anybody's guess as this appears to be the cream of the crop.  
Gem CU (250-500)

- 1651 T-70 \$2 1864 A common note in uncommon grade, destined to enter a lovely type note collection for the Southern States.

## FRACTIONAL CURRENCY

- 1652 **Fr. 1226 3¢ Third Issue 25 Subject Uncut Sheet**  
A very nice uncut sheet of 3¢ Fractionals. The trim is a bit uneven but the quality is nice. These are hard to get anymore. PCGS has graded three sheets with this one bearing the highest grade.  
**PCGS Ch. Abt. New 55 PPQ (3,000-4,000)**

- 1653 **Fr. 1226 3¢ Third Issue Complete Sheet of 25**  
A real trophy item for the Fractional collector; few complete sheets remain of this denomination as most have been cut up to meet demand for single notes. This sheet is a little tight at the left but with enormous margins the rest of the way around. There is a single fold in between each vertical strip leaving all the notes to individually grade at least Choice AU and with several that would cut up as fully CU notes.  
**PCGS Abt. New 50 (2,500-5,000)**

## EX: JOHN J. FORD

- 1654 **Fr. 1226 3¢ Third Issue Uncut Block of Six**  
Three cent with light background. This sold as lot 587 in Stack's sale of the John J. Ford collection in October 2007. The individual notes are worth \$75 each as the folds are in the gutters between notes. Trimmed right to design frame in two areas on the left edge.  
**XF (500-950)**

- 1655 **Fr. 1227SP 3¢ Third Issue Wide Margin Back**  
Simply a stunning example of this wide margin back specimen that is bright and incredibly well centered with great margins on all sides. We rarely see Superb Gem examples of this type so this should make a special treat for one lucky collector.  
**PMG Gem UNC 66 EPQ (575-825)**

- 1656 **Fr. 1227SP 3¢ Third Issue Wide Margin Face**  
A stunning wide margin face specimen that is very desirable in any grade but particularly so this nice. It is bright, well margined and wonderfully centered giving it eye appeal that will make it very attractive to even advanced collectors. While this specimen is more common in the AU/Ch. CU grade range it becomes decidedly scarcer in the Gem grade and above. The Green Sheet asking price is \$450 in this grade and that is definitely a more conservative estimate as far as we can tell.  
**PMG Gem UNC 65 (575-825)**

- 1657 **Fr. 1228 5¢ First Issue** A bright and colorful First Issue perforated note that has sizeable margins and deep perforations.  
**PMG Ch. UNC 63 EPQ (300-600)**

- 1658 **Fr. 1229 5¢ First Issue** This is a much scarcer perforated, no monogram note that is printed on the typical bright yellow paper. Over the past couple of years we haven't seen too many nice uncirculated examples of this more challenging Fr. number.  
**PMG Ch. UNC 63 EPQ (325-525)**

- 1659 **Fr. 1230 5¢ First Issue** Wonderful color and bold printing make this appear to be an accurately graded Gem. Gem Fractional type notes have been quite popular as of late and we expect that trend to continue here.  
**PMG Gem UNC 65 EPQ (225-375)**

- 1660 **Fr. 1231 5¢ First Issue** This is the scarcer straight edge, no monogram note. It is bright and well printed with good eye appeal for the grade.  
**UNC+ (200-400)**

- 1661 **Fr. 1232SP 5¢ Second Issue Wide Margin Pair**  
This is a really pretty pair of wide margin specimens whose beauty far exceeds any assigned technical grade. The face specimen is quite wide and certainly appears to have the merits of a Gem note. The back is fully wide with two full cutting guidelines and loads of appeal. A great pair with tons of visual impact.  
**PMG Ch. UNC 64 & New 62 (475-625)**

- 1662 Fr. 1237 5¢ Third Issue** This is the scarcer "a" on face red back Clark note that is the toughest number for the type. It appears to be bright, well embossed and at the upper end of the Choice CU grade.  
**PMG Ch. UNC 63 (225-375)**

- 1663 Fr. 1240 10¢ First Issue** A very well margined example of this perforated, with monogram note. The perforations are deep on all sides and the Green Sheet value of \$300 in this grade should be easily surpassed. Scarcer Fractional types have shown a great resurgence in the past year, a trend which we would assume will continue here tonight.  
**PMG Ch. UNC 64 EPQ (400-800)**

- 1664 Fr. 1242 10¢ First Issue** A bright and deeply embossed example of this First Issue type note that should sail well past its Green Sheet asking price of \$260.  
**PCGS Gem New 65 PPQ (350-550)**

- 1665 Fr. 1243SP 10¢ First Issue Wide Margin Back** This is from the Fred Mayer collection which CAA sold at the 2007 September Long Beach Show. It was paired with a PMG 66 EPQ face and realized a near four-figure price. This note is indicative of the type of quality Fred collected: it has two full cutting guidelines, the paper is fresh and bright and the centering is nearly perfect.  
**PMG Ch. UNC 64 EPQ (225-375)**

- 1666 Fr. 1244SP 10¢ Second Issue Wide Margin Back** A fully wide example of this Second Issue back specimen. The bronzing is bright, the ink colors superb and the margins and centering nearly perfect. This is yet another lovely wide margin specimen offered here tonight and we would think it will exceed expectations based on its superb eye appeal.  
**PMG Ch. UNC 64 (350-550)**

- 1667 Fr. 1245 10¢ Second Issue** An enormously margined example of this more desirable Friedberg number that has the "18-63" surcharges on the back. Far scarcer in Gem grade than its Fr. 1244 cousin as auction records will attest to. This same note brought \$322 in a weekly internet sale a year ago and we would expect that much and then some here tonight.  
**PCGS Gem New 65 (350-550)**

- 1668 Fr. 1247 10¢ Second Issue** Years ago this variety, with "1" and "18-63" surcharges, was considered a sleeper number. In today's information age such is not the case. Anyone who has searched for a Gem example can attest to the fact that those are few and far between and even a near Gem such as this piece is a very difficult challenge to locate.  
**PMG Ch. UNC 64 EPQ (350-550)**

- 1669 Fr. 1249 10¢ Second Issue** High-grade examples of this fiber paper type are few and far between as we can hardly recall having seen many in Gem grade. The bronze oval is perfectly centered around Washington's portrait and the back design is a bold forest green. Crystal clear surcharges only add to the appeal of this piece. If the bottom margin were a little wider we are sure this would have been a Gem. The Green Sheet asking price is \$625 in this grade and we would not be at all surprised to see this go sailing past that valuation.  
**PMG UNC 63 (750-1,250)**

### COURTESY AUTOGRAPH OF BURKE

- 1670 Fr. 1255 10¢ Third Issue Burke Autograph** John Burke has hand-signed the lower corner of this Third Issue note which is from the fabled Milt Friedberg sale conducted by CAA-Heritage. This note is reported to be unique in the Encyclopedia and we find nothing to the contrary. Superb Gem centering, but bit of corner handling, presumably from Burke affixing his autograph.  
**CU + (1,500-3,000)**

- 1671 Fr. 1255 10¢ Third Issue** A deeply embossed and crackling fresh green back Washington note with blinding bronzing and sublime paper surfaces. While these are one of the most common Fractional types they are actually far more difficult to locate as one heads closer to the Superb Gem grade.  
**PMG Gem UNC 66 EPQ (300-600)**

- 1672 Fr. 1257 10¢ Fourth Issue** This is one of the nicest examples we can recall having seen of this Fourth Issue type note. It has behemoth margins on all sides with great centering and superb color. There is even a plate number 8 below the portrait. The Green Sheet is \$140 in Gem 65 and \$950 in Superb Gem 67. Based on both technical merit and aesthetic appeal we figure this one will land closer to the higher end of the estimate for the adventure seeker who possesses a pair of scissors.

- 1673 **Fr. 1264 10¢ Fifth Issue** This is really a nice example of this scarcer green seal Meredith note that is rarely ever found in the Superb Gem grade, leaving collectors to scramble for the nicest Gems they can find. This one possesses plentiful margins and has great centering to its credit. In recent months we have seen these selling at auction in the \$400 range in this grade. A wonderful note that should find a happy new home in a high-grade Fractional type set.  
**PMG Gem UNC 66 EPQ (400-800)**

- 1674 **Fr. 1266 10¢ Fifth Issue** If you are a registry set guy or just a collector who appreciates the best then this note is for you. Not only does it possess a Superb Gem grade but it has earned it. Perfect paper surfaces are coupled with leviathan margins and dead-on centering to validate the third party grade.  
**PCGS Superb Gem New 67 PPQ (500-1,000)**

- 1675 **Fr. 1266 10¢ Fifth Issue** A superb example of this short key Meredith note that has hulking margins on all sides and perfect centering both front and back. The paper quality is undeniably original and really wonderful at that. We don't see too many of these that achieve this lofty state of preservation.  
**Superb Gem UNC (400-800)**

- 1676 **Fr. 1269 15¢ Fourth Issue** This is hands down the nicest 15¢ note we have seen here in a very long time. It has enormous margins, dead-on centering and clearly original paper. It is bright and colorful with the larger treasury seal and blue right end. In high grade this Friedberg number is far scarcer than Fr. 1267 or Fr. 1271. The Green Sheet asking price is \$1,100 in this grade which is utterly ridiculous. By comparison, a Fr. 1271 in a PCGS Superb Gem 67 PPQ holder sold recently for \$3,680 and this one has far better margins and centering.  
**Superb Gem CU (1,500-3,000)**

- 1677 **Fr. 1271 15¢ Fourth Issue** The margins and centering are certainly indicative of a highly graded note and the paper quality exudes utter originality. Here is a type that has really taken off in recent years. There is only one note graded higher by PCGS; that 67 PPQ note realized \$3,680 at the Long Beach sale. This particular note sold at the 2010 FUN show for the princely sum of \$2,012.50. Put your Green Sheet in the shredder if you have any designs on owning this lovely note.  
**PCGS Gem New 66 PPQ (1,000-2,000)**

- 1678 **Fr. 1271 15¢ Fourth Issue** A really well margined example of this single denomination type that has clear originality visible through the holder. Certainly much scarcer than the Fr. 1267 type note in the same grade. This note is from the Ford/Boyd holdings and has that old-time quality.  
**PMG Gem UNC 65 EPQ (375-525)**

### GORGEOUS GRANT-SHERMAN WIDE MARGIN SPECIMEN

- 1679 **Fr. 1272SP 15¢ Third Issue Wide Margin Face** Sheer beauty is possessed by this wide margin Grant-Sherman note that has broad margins on all sides, picture perfect centering and with every aspect of the paper quality easily deserving of the Exceptional Paper Quality designation. Not too many notes achieve this lofty grade level with virtually none reaching into the Superb Gem grades. The Green Sheet gives this an asking price of \$1,650 in Gem 65 and \$2,750 in Superb Gem 67. Considering that not too long ago this used to reach the \$3,000 mark at auction we would tend to agree with the 67 value.  
**PMG Gem UNC 66 EPQ (2,750-4,250)**

- 1680 **Fr. 1272SP 15¢ Third Issue Wide Margin Back** A lovely wide margin, green back specimen that is fully wide with bright paper and superb color. We're not sure what could be done to improve this note as the centering appears to be micrometer perfect on all sides. Gems of this type are always highly sought after and this spectacular item should prove to be no exception.  
**PMG Gem UNC 65 EPQ (750-1,250)**

- 1681 **Fr. 1272SP 15¢ Third Issue Narrow Margin Back** A vibrant narrow margin, green back specimen that looks much nicer than just UNC. PCGS has rightly affixed the Premium Paper Quality designation to the grade. This will pair up quite nicely with any Grant-Sherman specimen face.  
**PCGS New 62 PPQ (350-550)**

- 1682 **Fr. 1273-5SP 15¢ Third Issue Wide Margin Back** A real beauty of a Gem red back specimen that is intended to go with any Grant-Sherman face. Legitimate Gems of this variety are not seen with any great deal of frequency which makes notes like this one a real prize. We have recently seen Gems tempt the four-figure mark and if any note is worthy of those type of accolades then it's this piece.  
**PMG Gem UNC 65 EPQ (850-1,250)**

## TOP POP NARROW MARGIN SPECIMEN

- 1683 Fr. 1273SP 15¢ Third Issue Narrow Margin Face**  
Of all the notes PCGS has graded in the past six years they have only graded three of this very scarce specimen, with this example being Top Pop and by a wide margin at that. This is a delightful note with wonderfully printed design elements, bright paper and boldly printed portraits of both Generals Grant and Sherman. The Spinner signature was a little too heavily applied as there is some minor ink erosion in the "F" and "E" letters. Otherwise a gorgeous and problem-free example. When these do appear in almost any decent grade they realize a four-figure price and we are quite certain this one will find a satisfied collector who will treasure it for what it is.  
**PCGS Apparent New 62 (1,500-2,500)**

- 1684 Fr. 1280 25¢ First Issue** A very bright and well margined example of this note which is one of the scarcest of the sixteen first issue varieties. It has earned the comment "Vivid Detail" and is apparently from the pre-EPQ days at PMG when they were comment happy. A number that is infrequently found in Gem condition, leaving most collectors to scramble for the nicest Ch. CU notes they can find.  
**PMG Ch. UNC 63 (350-550)**

- 1685 Fr. 1281 25¢ First Issue** This is a very bright and colorful note with exceptional depth of printing quality. While this is certainly a very common type up through Very Ch. CU it becomes a far tougher animal in the nearly Superb Gem grades or better. The asking price for a Gem is \$180 and a Superb Gem \$700 with this note's value laying somewhere right in the middle.  
**PMG Gem UNC 66 EPQ (450-750)**

- 1686 Fr. 1282SP 25¢ First Issue Wide Margin Face**  
Simply a stunning example of this wide margin face specimen that should sail past its Green Sheet asking price of \$650 as you just don't see these very often. It has justly achieved both the Exceptional Paper Quality designation as well as the comment Vivid Detail. High grade wide specimens for years have been an underrated and undervalued segment of the Fractional Currency market but we have a feeling that is all about to change here tonight.  
**PMG Superb Gem UNC 67 EPQ (900-1,300)**

- 1687 Fr. 1282SP 25¢ First Issue Wide Margin Back**  
Every so often a special piece of currency comes along, even a specimen, that wows you at a glance. This is just such a note. Fully wide and crackling fresh with great margins and perfect paper surfaces. What makes this note so special is that it has three full cutting guidelines and even a sliver of the fourth at the top. Your cataloger, in his innumerable years of experience, has never seen an example with four cutting guidelines. We have little doubt that this 66 graded note will realize a price commensurate with the Superb Gem grade.  
**PMG Gem UNC 66 EPQ (500-1,000)**

- 1688 Fr. 1283 25¢ Second Issue** Although this is common as a type it is not particularly easy to find Gem grade 25¢ notes. A very well margined example that should fill a much needed hole in the collections of many Fractional collectors.  
**PMG Gem UNC 65 EPQ (500-1,000)**

- 1689 Fr. 1283SP 25¢ Second Issue Wide Margin Face**  
This wide margin face specimen is one of the nicest we have seen for the "65 EPQ" grade and it would not surprise us to see this resurface in another holder at some point. It is bright white with lustrous bronze and perfectly centered oval around the portrait. What makes this a real premium piece is that the margins are broad with excellent centering and 2 1/2 cutting guidelines. The Green Sheet asking price of \$310 in Gem 65 will likely be too low but the Superb Gem 67 price of \$575 is far more likely to come in.  
**PMG Gem UNC 65 EPQ (400-800)**

- 1690 Fr. 1283SP 25¢ Second Issue Wide Margin Back**  
PMG notes that this wide margin back specimen falls just short of the Gem grade as it is a wonderfully centered example. The Green Sheet asking price of \$185 in this grade should be easily surpassed.  
**PMG Ch. UNC 64 EPQ (250-500)**

- 1691 Fr. 1286 25¢ Second Issue Experimental**  
This is a tougher experimental note of this denomination. It is of the Fr. 1286 type with the "S" and "18-63" surcharges on the back. The word "SPECIMEN" is rubber-stamped diagonally across the portrait with two half moon cancellations present.  
**PMG Gem UNC 65 EPQ (300-600)**

**Please fax your bids in early  
913.338.4754**

- 1692 **Fr. 1288 25¢ Second Issue Top Pop**  
An astounding example of this sleeper variety with the "2" and "18-63" surcharges on the back. The bronze oval is perfectly centered around the portrait and the back colors are divine. We can't recall having ever seen a graded example better than this one which is supported by the PCGS Pop Report; of the 20 examples they have graded this is the only one graded Gem with none better. The last one we had that was comparable was a raw note we graded Gem a year ago and that brought a total of \$546.25. This example, with its combination of rarity and quality, should shoot to the moon before it lands in someone's collection.  
**PCGS Gem New 65 (600-1,200)**

- 1693 **Fr. 1291-4SP 25¢ Third Issue Narrow Margin Set of Three** A lovely narrow margin specimen set with the Fessenden face and both red and green backs. The Fessenden face has the usual inverted "SPECIMEN" on the back of that note. Green Sheet value is \$250 in Choice CU and that is embarrassingly low for this desirable set.  
**Ch. CU (350-650)**

- 1694 **Fr. 1294SP 25¢ Third Issue Wide Margin Back**  
For the 66 EPQ grade this is quite a note. It is fully wide, brightly bronzed, with wonderful paper surfaces and exceptional centering. The left to right centering is a hair off but we have no doubt that can be easily rectified. Just for grins we will inform you that Green Sheet in Superb Gem 67 is \$375.  
**PMG Gem UNC 66 EPQ (375-625)**

### IMPECCABLE THOMPSON AUTOGRAPH

- 1695 **Fr. 1301 25¢ Fourth Issue Thompson Autograph**  
Delicate fountain pen autograph of Carmi Thompson graces this Fourth Issue, directly above the engraved signature of E.F. Spinner. This last appeared in CAA-Heritage sale of Milton Friedberg's collection. Before that it appeared in the 1958 ANA Sale, lot 810, where it brought \$70. Even earlier from Wayte Raymond's sale on November 14, 1926 of the W. Wilson collection. Unique, per Milton Friedberg.  
**Ch. CU + (1,500-3,000)**

- 1696 **Fr. 1303 25¢ Fourth Issue** A very attractive and well-centered example of this scarcer Washington variety that just doesn't have the margin size required for a better grade. In better grades this note is considerably more valuable than its Fr. 1301 cousin.  
**PMG Ch. UNC 64 EPQ (250-500)**

- 1697 **Fr. 1309 25¢ Fifth Issue** Nothing short of an absolutely gorgeous example of this short key Walker that looks like many Superb Gem Fractionals we have seen. Beaming originality can be seen through the holder and the colors and printing are superb.  
**PCGS Gem New 66 PPQ (300-600)**

- 1698 **Fr. 1310 50¢ First Issue** A lovely example of this First Issue perforated type note that has some of the largest margins on all four sides that we can recall having seen. The inks are perfect and the bold print provides exceptional contrast on bright paper. We are pretty sure the Green Sheet asking price of \$850 in this grade is pretty laughable. The last example we saw sell at auction was also a PMG 65 EPQ that brought a whopping \$2,185 and it had smaller margins than this note.  
**PMG Gem UNC 65 EPQ (1,250-1,750)**

- 1699 **Fr. 1314SP 50¢ Second Issue Wide Margin Back**  
We can't recall ever having seen a Superb Gem example of this specimen type which makes this back particularly alluring. Abundant margins and great centering are seen on this boldly bronzed note. Registry set collectors might want to take note of this highly desirable piece. The Sheet shows this at \$345 in Gem 65 and \$660 in Gem 67 with the true value likely tending to the higher end of that range.  
**PMG Gem UNC 66 EPQ (600-1,200)**

- 1700 **Fr. 1314SP 50¢ Second Issue Wide Margin Face**  
An enormously margined and wonderfully centered example of this much scarcer Second Issue specimen. Of all the Second Issue wide specimens this is by far the most valuable one, and by a long shot at that, especially in the Gem grades. The Green Sheet asking price of \$455 in Gem 65 should be pulverized by this example.  
**PMG Gem UNC 65 EPQ (575-825)**

- 1701 **Fr. 1314SP 50¢ Second Issue Narrow Margin Pair**  
A bright, fresh and well margined narrow specimen pair that should sail well past its wholesale levels.  
**Ch. CU (200-400)**

- 1702 **Fr. 1317 50¢ Second Issue** Only the left margin is tight on this otherwise uncirculated higher denomination Fractional type note. Decent CU examples have been bringing \$200-\$300.  
**UNC (175-325)**

- 1703 Fr. 1322 50¢ Second Issue** For a note graded only Choice New this fiber paper note has it all. The back design exhibits a fiery red ink color and the surcharges are crystal clear. The paper is as bright as freshly fallen snow and the overall eye appeal is second to none. The Green Sheet asking price in this grade is \$375 and we doubt that will be asking too much.  
**PMG Ch. UNC 63 EPQ (425-675)**

- 1704 Fr. 1325 50¢ Third Issue** A superlative "1" and "a" red back Spinner that is one of the nicest pieces we have seen in the past few years. It has ample margins, excellent centering and bright bronzing. With a typical red back Spinner type note bringing \$300-\$400 in this grade, we would expect a few multiples of that out of this far scarcer variety that only had one note printed per sheet.  
**PMG Ch. UNC 64 (850-1,250)**

- 1705 Fr. 1326 50¢ Third Issue** Plentiful margins and deep embossing are seen on this tougher "1" on face red back Spinner. The wholesale value is \$240 and that is for the more common Fr. 1324.  
**PMG Ch. UNC 63 EPQ (325-575)**

- 1706 Fr. 1326 50¢ Third Issue** A deeply embossed example of this "1" on face Spinner that has some of the best color we can recall having seen in years. The eye appeal is that of a Gem but there is some trace handling at the corners that keeps that lofty grade out of reach. A quality example that should fetch far more than what is considered typical AU money.  
**PCGS Ch. Abt. New 58 PPQ (175-325)**

- 1707 Fr. 1328 50¢ Third Issue** The technical grade on this note may very well be accurate but the eye appeal is that associated with a note several points better. Sizeable margins, great centering and blinding bronzing make this hand-signed Spinner note a real treat.  
**PCGS Gem New 65 PPQ (575-725)**

- 1708 Fr. 1328 50¢ Third Issue** An exceptional example of this hand-signed Colby-Spinner note. It is very bright, with good color and punch through embossing. PMG has noted there is a pinhole which is nothing short of hysterical since it has a diameter of approximately one angstrom in length. Another Ex: Boyd/Ford note that is sure to please.  
**PMG Ch. UNC 63 (300-600)**

- 1709 Fr. 1331SP 50¢ Third Issue Wide Margin Back** We don't see too many truly wide specimens anymore but this is one of them. This is the green back specimen that can be paired with either a Spinner or a Justice face specimen. Forest green inks, luminescent bronze and bright paper make this a real treasure for one lucky bidder.  
**PMG Ch. UNC 64 EPQ (300-600)**

- 1710 Fr. 1332 50¢ Third Issue** Three behemoth margins and a tight fourth account for the grade seen on this well printed Spinner. While this is the most common of the "1" and "a" Spinners it still commands a healthy premium over its Fr. 1331 cousin. The Sheet for this type in this grade is \$205 but this is worth far more than that.  
**PMG Ch. UNC 63 EPQ (400-800)**

- 1711 Fr. 1339 50¢ Third Issue** A well-centered, high-grade example of this Type II Spinner that lists for \$475 in this grade.  
**PMG Gem UNC 65 EPQ (600-1,200)**

- 1712 Fr. 1342 50¢ Third Issue** This lovely note is labeled on the holder as hailing from the Ford collection and it has that old-time quality. This "a" on face Type II Spinner note is a real sleeper, especially when heading toward the Gem grade range. We would be shocked if this did not reach our estimate and then some.  
**PMG Ch. UNC 63 EPQ (300-600)**

### FR. 1357 INVERTED BACK

- 1713 Fr. 1357 50¢ Third Issue Inverted Back** An amazing Justice 50¢ note with an inverted back. That is the red back is inverted and the gold overprint is printed correctly, making the error easy to miss. This note really has great quality and centering. It's very desirable.  
**PCGS Ch. New 63 PPQ (2,000-4,000)**

- 1714 Fr. 1357 50¢ Third Issue** There are so many examples of this fiber paper Justice note that frankly look less than desirable, but this is not one of them. Fully margined on all sides with bold signatures and visible embossing. Not so much as a hint of a problem to be found anywhere, a feat that is somewhat unusual for mid-grade examples of this number. Green Sheet asking price is \$320 in VF and \$525 in XF. This note's value is likely somewhere in the middle.  
**PMG VF 30 EPQ (400-800)**

- 1715 **Fr. 1358 50¢ Third Issue** Three huge margins and a typically tight fourth account for the grade on this green back Justice type note. This note hails from the John Ford, Jr. Collection that Stacks sold back in 2004 and it has that typical old-time quality. Then CAA sold it in 2006 for \$575 and the marketplace has certainly advanced considerably since then.  
**PMG Ch. UNC 64 EPQ (600-1,200)**

- 1716 **Fr. 1358 50¢ Third Issue** There is some light handling that will keep this Justice note from ever being uncirculated and that's a good thing because it is one of the prettiest notes we have seen in a long time. There are four full and complete margins which is quite a feat for a Justice note. The bronzing and ink colors are blinding bright and the embossing is deep enough to swim in. If you think this will sell for typical AU money you may want to rethink your bidding strategy.  
**PCGS Abt. New 53 PPQ (250-500)**

- 1717 **Fr. 1362 50¢ Third Issue** This Justice note has superb bronzing and excellent color. The margins are large on all sides for a Justice note and there is just a tiny corner tip fold that keeps this from a far better grade.  
**Ch. AU (250-500)**

- 1718 **Fr. 1370 50¢ Third Issue** This fiber paper Justice type has the green back and widely spaced surcharges. Recent auction results have shown that better and/or high-grade Fractionals are definitely on an upswing and this opportunity should not be missed. The Green Sheet asking price of \$1,100 should be left behind in the rear view mirror once the hammer falls tonight.  
**PMG Gem UNC 64 EPQ (1,250-1,750)**

- 1719 **Fr. 1374 50¢ Fourth Issue** While the technical grade might be accurate due to a more narrow top margin, your cataloger can assure you that this is actually a far better margined note than usual. Lincoln has become one of the most popular types of Fractionals in recent years and we would expect the eye appeal of this treasure to carry the day. Put down your Sheet and bid with your heart.  
**PMG Ch. UNC 63 EPQ (850-1,350)**

- 1720 **Fr. 1374 50¢ Fourth Issue** In the past six months we have routinely seen XF Lincolns sell for \$300 or more and AU examples sell for around \$500. All of those notes have one thing in common: none have the sheer and utter beauty embodied by this note. The margins all around are what we would expect to see on a Gem note. The paper is as bright as the afternoon sun and the originality is refreshing to say the least.  
**PCGS XF 45 PPQ (375-525)**

- 1721 **Fr. 1376 50¢ Fourth Issue** Another example of one of the most popular Fractional types, particularly in the Gem grade. Very much deserving of all the accolades it receives, this Stanton note could quite possibly test the four-figure price range by the time the hammer falls. What we do know is that the Green Sheet value of \$600 in Gem is too low.  
**PMG Gem UNC 65 EPQ (900-1,300)**

- 1722 **Fr. 1376 50¢ Fourth Issue** The technical grade is likely accurate due to the top margin being a touch too narrow but everything else about this popular Stanton note screams out Gem. It has three excellent margins with great color and a bold blue swath on the right end of the note. Cavemous embossing is clearly visible through the third party holder. The Green Sheet asking price of \$325 does not seem to be asking too much since there are well-heeled collectors out there who pursue this type of note.  
**PCGS Very Ch. New 64 PPQ (450-850)**

- 1723 **Fr. 1376 50¢ Fourth Issue** A very well embossed example of this popular type whose only detriment is a tight top margin.  
**PCGS New 62 PPQ (350-550)**

- 1724 **Fr. 1381 50¢ Fifth Issue** This is one of the nicest "66 PPQ" Crawford's we have seen as from the face it appears to be an enormously margined Superb Gem. We can see plenty of original embossing through the holder and the paper has a nice, creamy hue. Recently Superb Gem notes have catapulted to the \$2,000 price range which makes notes only one point lower a very attractive alternative to be placed into high-grade type sets.  
**PCGS Gem New 66 PPQ (400-800)**

- 1725 **Fr. 1381 50¢ Fifth Issue** An enormously margined Crawford note that should fit nicely into any high grade Fractional set. Gems have been bringing several hundred dollars and the last Superb Gem we saw almost topped the \$2,000 mark.  
**Gem CU (250-500)**

- 1726 **50¢ Experimental Second Issue Transposed "63" Surcharge** This note is from the Ford XIX sale that was held in Atlanta in October 2007. It is an experimental note with great margins, bright bronze and exceptional paper. No half moon cancels are seen, like on the more commonly seen Experimentals. What makes this a neat item is that it has the "18-63" surcharges but the right surcharge looks like an upside down "39." If memory serves correctly it is actually a "6" with a transposed "3" surcharge, but please don't hold us to that.  
Ch. CU (500-1,000)

END OF SESSION TWO

## SESSION THREE SAT., MAR. 10 6:00 PM

## LARGE SIZE TYPE NOTES

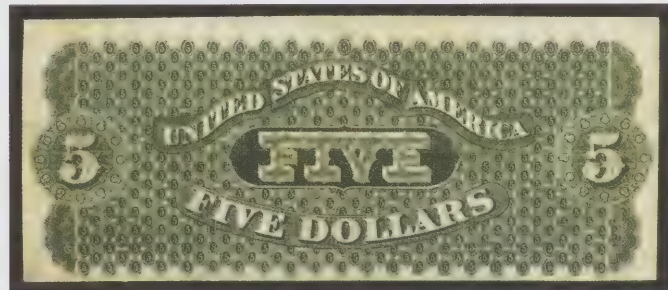

## DEMAND NOTES

## LOVELY BOSTON \$5 DEMAND NOTE

- 1861 Fr. 3 \$5 1861 Here is a lovely, problem free \$5 Boston that is certainly much nicer than most of the 101 notes reported. Conservatively graded would be the word I'd use to describe this note today. Excellent signatures and great color for the grade. (7,500-12,500)  
PMG VF 20

## LOVELY \$5 ST. LOUIS DEMAND NOTE

- 1862 Fr. 5 \$5 1861 Here is a lovely St. Louis \$5 Demand Note that appears very similar in quality to the Diamond Bar note that realized \$60,000. This note was only graded Fine by CAA in 2000, but Len likes to grade circ notes conservatively. It has been in the same collection ever since and I expect a very pleasant result from this sale. This is one of only eight examples known graded VF 25 Apparent, minor restorations by PCGS. (25,000-50,000)  
PCGS VF 25 Apparent

## FINE 12 NET PMG

- 1863 Fr. 6 \$10 1861 This note is from the Dr. Dauer collection and it's the New York district that has 41 notes reported, with about 30% perhaps better than this example. In a very tough economic climate, this realized \$7,475. This may have some flaws but they don't look to be major. (9,000-12,000)  
PMG Fine 12 Net

## LEGAL TENDER

- 1864 Fr. 16c \$1 1862 I was very partial to both of these '53 PPQ' 1862 Legal Tenders. This one has excellent margins along with extraordinary colors and freshness.  
PCGS Abt. New 53 PPQ (1,500-2,500)

- 1865 Fr. 16c \$1 1862 This note has the appearance of a Gem but appearance is not everything. It's fresh, original and beautiful but there may be a bend.  
PCGS Abt. New 53 PPQ (1,500-2,500)

- 1866 Fr. 17a \$1 1862 NBNC-ABNC. This note has the ABNC at the right and patent date. The serial number is over the green '1' at the left.  
Fine (325-550)

- 1867 Fr. 18 \$1 1869 I thought this beautiful Rainbow \$1 would grade Gem but the graders say it has a light bend. If the bend was gone it would be Gem. A gorgeous Rainbow \$1.  
PCGS Ch. Abt. New 58 PPQ (3,000-6,000)

- 1868 Fr. 18 \$1 1869 This fantastic \$1 Rainbow has amazing color and originality while the centering and colors are beyond belief. This is an outstanding example.  
PCGS XF 40 PPQ (2,000-3,000)

- 1869 Fr. 18 \$1 1869 This and the other Rainbows listed here were more notes from the Rose Bell collection. I held these back because they all looked UNC to me. Careful review has me believing they are beautiful but not really UNC. So they must be amazing XF's.  
PCGS XF 40 PPQ (1,750-3,500)

- 1870 Fr. 18 \$1 1869 The margins on this \$1 Rainbow are not as exceptional as some of the others but it's a gorgeous note that is completely original with fantastic color.  
PCGS XF 40 PPQ (1,750-3,500)

- 1871 Fr. 18 \$1 1869 #B529 This is the lowest known serial number (#529) for the type. The note has great color and paper quality.  
PCGS VF 30 (2,500-5,000)

- 1872 Fr. 20 \$1 1875 The assigned grade is inconsistent with what we see through the holder, as there is abundant embossing evident, no signs of handling, and margins enough to support a Very Ch. New 64 grade, in our opinion. A puzzle, that will fit nicely into a much higher grade type set.

- 1875 Fr. 29 \$1 1880 Deeply embossed with even the internal dots from the seal popping through to the back with margins that are definitely above average. Graded long ago and equally at home in anybody's holder.  
CGA Ch. UNC 64 (900-1,800)

- 1880 Fr. 44 \$2 1875 Proof Color proof of the entire back design which, with minor changes, served the backs of \$2 Legal Tenders for many years. Wonderfully and intricately executed on India paper.  
Ch. Proof (3,000-6,000)

- 1876 Fr. 29 \$1 1880 Exceptionally attractive with the couple of small edge and internal tears entirely consistent with the grade. Looks more like a '30' to me.  
PCGS VF 20 Apparent (450-850)

- 1881 Fr. 48 \$2 1878 This note is fresh and well centered, much nicer in appearance than many I have seen graded higher. Bright, fresh and PPQ.  
PCGS New 62 PPQ (1,500-2,200)

- 1877 Fr. 31 \$1 1880 A lovely PPQ large red seal. These, with the large seal, are quite popular. This note has a great overall appearance.

## OFFSET SEAL &amp; SERIAL NUMBER

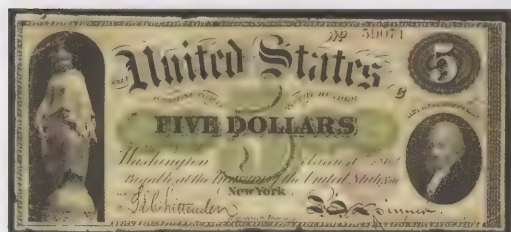

- 1882 Fr. 60 \$2 1917 Offset Printing Error  
A wet ink transfer has caused the serial numbers to become visible on the back. They are completely in the wrong position.  
PMG Ch. XF 45 (2,500-5,000)

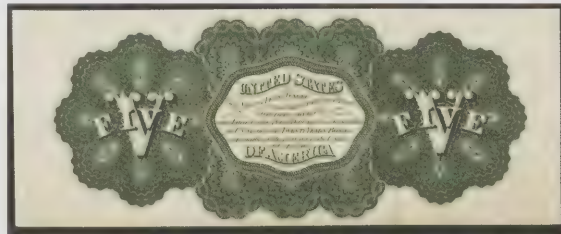

- 1883 Fr. 60 \$2 1917 A wonderfully margined example of this Speelman-White Deuce that sure looks like a Gem through the holder.  
PCGS Ch. New 63 (400-800)

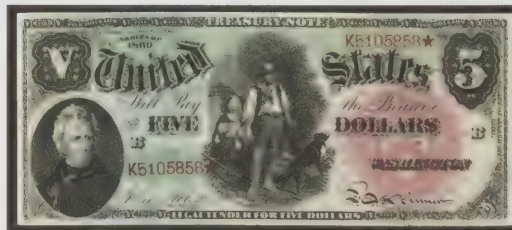

- 1884 Fr. 61a \$5 1862 A lovely first series \$5 Legal Tender that has very nice color but light handling can be seen. It's a fresh UNC.

Fine (400-600)

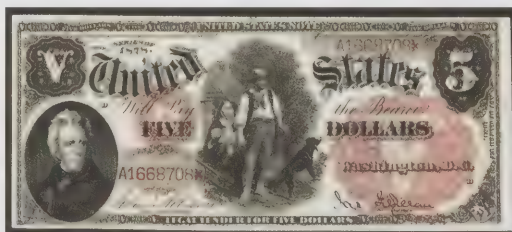

- 1886 Fr. 63 \$5 1863 Proof Forest green impression of the finished back design imprinted onto India paper affixed to cardstock. A tremendous opportunity to acquire an early Federal proof at a reasonable cost. One skinned/thinned area on blank back which holder calls "mounting damage on back."  
PCGS Apparent Ch. Abt. New 58 (2,500-5,000)

- 1887 Fr. 64 \$5 1869 This Rainbow \$5 has flawless centering, exceptional color and complete originality. If you want a great Rainbow \$5 without spending all the dough, this is it.  
PCGS Abt. New 53 PPQ (2,500-4,500)

- 1888 Fr. 69 \$5 1878 A very attractive example of the 1878 issues. This note may have too weak of a corner for a Gem but it's a beautiful example.  
Ch. CU (2,000-3,000)

- 1889 Fr. 69 \$5 1878 This note looks like an UNC but it must have a couple of well hidden folds. The centering is excellent.

## TIED FOR POP TOP

- 1890 Fr. 89 \$5 1907 While there are 99 serial numbers reported, the highest ever graded is a 64 PPQ by PCGS (four times) and one by PMG. This is one of the PCGS notes and it's lovely. We sold a PMG 64 at \$2,530 way back in 2006. PCGS Very Ch. New 64 PPQ (2,000-4,000)

- 1891 Fr. 90 Mule \$5 1907 This very well margined and quite attractive Woodchopper has three light folds and plenty of visual appeal. PCGS has only graded eight of these mules, with this one being second best behind a single note that grades XF 45. PCGS XF 40 (400-800)

- 1892 Fr. 91 \$5 1907 This type is rarely found in a higher grade than this beauty. Fresh, original and bright. Simply put, a beauty. PMG Gem UNC 66 EPQ (1,200-1,500)

- 1893 Fr. 91 \$5 1907 Cut Sheet Here is a lovely cut sheet of Pioneer family notes with very nice quality. These have basically dried up lately and yet the type is always in demand. These four notes grade: Ch. UNC 64 EPQ, Gem UNC 65 EPQ and two are Gem UNC 66 EPQ. PMG Graded (3,500-5,000)

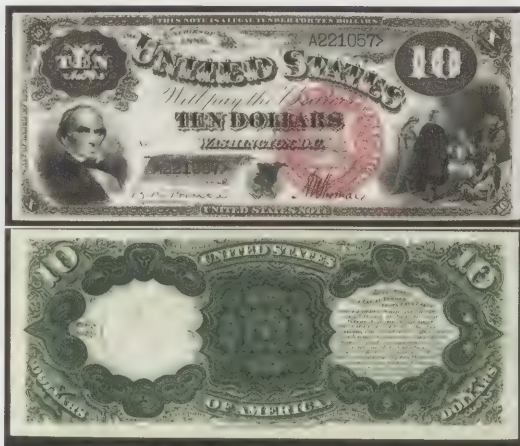

- 1894 Fr. 91 \$5 1907 A beautifully centered Pioneer family note. This signature combination rarely comes better centered. PCGS Very Ch. New 64 (550-850)

## LOVELY \$10 RAINBOW

- 1895 Fr. 96 \$10 1869 Here is a lovely 1869 \$10 Rainbow that has exceptional color, centering and originality. The red, blue, black and green colors against the multicolored threads in the paper make this famous Jackass in such demand. PCGS Gem New 65 PPQ (10,000-15,000)

- 1896 Fr. 103 \$10 1880 Here is a lovely Gem Jackass graded '66 EPQ' by PMG and that means it's a lovely example of this signature combination that has 104 notes reported. A beautiful note that is worthy of a strong bid.  
PMG Gem UNC 66 EPQ (4,000-6,000)

- 1897 Fr. 122 \$10 1901 Great colors and even circulation make this a desirable Buffalo.  
VF/XF (1,350-1,700)

- 1898 Fr. 122 \$10 1901 An evenly circulated Buffalo that is excellent for the grade.  
PCGS Fine 15 (750-1,000)

- 1899 Fr. 123 \$10 1923 A high grade \$10 Poker Chip note that is nicely centered and has excellent color. A note that is seldom available in this grade as most are UNC. A great opportunity to acquire this lovely note without breaking the bank.  
AU (5,000-9,000)

- 1900 Fr. 123 \$10 1923 One-year type in ideal collector grade; these are typically available as five-figure notes in high grades. The tragedy of third-party grading is assigning a net qualifier to a note with issues entirely consistent with the grade: "minor rust and repairs" with a single fleck in the lower margin and the repair can't be located. You'll like it.  
PMG VF 25 Net (3,500-5,500)

- 1901 Fr. 142 \$20 1880 A pretty, fresh and early Legal with blue serial numbers. The census indicates 122 serial numbers reported.  
PCGS Ch. New 63 PPQ (2,000-3,000)

- 1902 Fr. 147 \$20 1880 This note is very attractive and I can only find one tiny rust mark (if that's what it is). This note will not disappoint you. PCGS notes minor rust stains on face.  
PCGS Abt. New 53 Apparent (1,200-2,400)

FR. 148 \$50 1862

- 1903 Fr. 148 \$50 1862 This is an 1862 \$50 Legal Tender that matches the \$100 Spread Eagle also listed here with the March 10, 1862 date. PCGS has graded this VF 20 Apparent, restoration, as it appears this had some expertly restored edge issues. The same type Fr. 150 in the Diamond Bar sale was a runaway item price-wise. I expect this to be easier to evaluate. Serial #1-42070, Plate #B2.  
PCGS VF 20 Apparent (30,000-50,000)

PMG ABT. UNC 53 1880 \$50 LEGAL TENDER

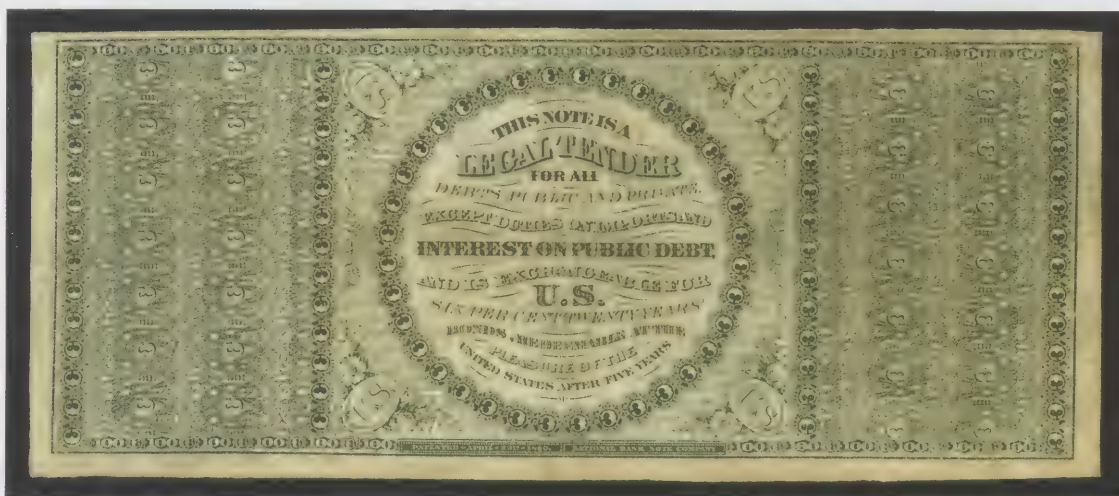

- 1904 Fr. 164 \$50 1880 If you are looking for a 1880 \$50 Legal Tender and you want better than this note you better buy a large brown seal Fr. 161 instead because they are much more available. The Fr. 164 small red seal is available in VF/XF and under quite often, but quality like this stays in collections. It has been 15 years since last available, otherwise one may approach this quality every couple of years. Great color along with excellent centering and eye appeal.  
PMG Abt. UNC 53 (15,000-25,000)

## FINEST KNOWN SPREAD EAGLE

FR. 165 1862 \$100

1905 Fr. 165 \$100 1862 This is the type note that the most people seem to feel is necessary to obtain. Everyone likes Spread Eagle \$100s. There are only 13 serial numbers recorded for this, the earliest variety listed; it bears the date of March 10, 1862. This note is graded VF 25 Apparent for edge restoration and it appears these were not major problems. This note last appeared in a 1998 CAA sale. Today Spread Eagle notes just don't appear in decent condition. This example is very decent.

PCGS VF 25 Apparent

(60,000-80,000)

# RARE \$100 1878 LEGAL TENDER

- 1906 Fr. 171 \$100 1878 This is a rare and valuable type that is rarely ever offered for sale. There have only been three appearances since we sold this note in 2000, and this Friedberg number was absent from the Diamond Bar collection. I was clearly conservative when I graded it back then. PCGS has graded it VF 25 Apparent, minor edge restoration. I would say there are only four or five nicer known today. This type has a small red seal and a pink flourish across the top. It could be a long wait for another decent example.  
PCGS VF Apparent (20,000-40,000)

# FR. 176 \$100 1880 LEGAL TENDER

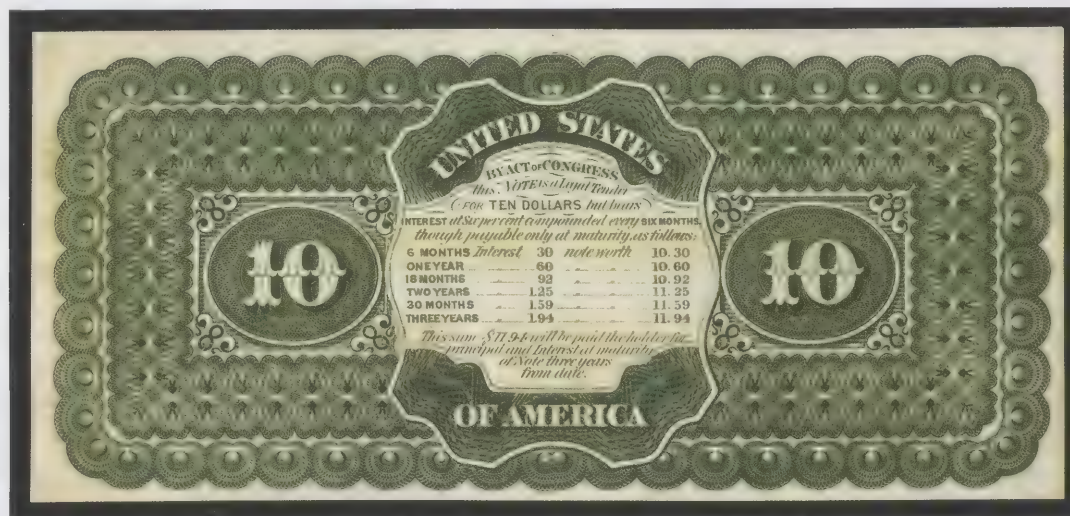

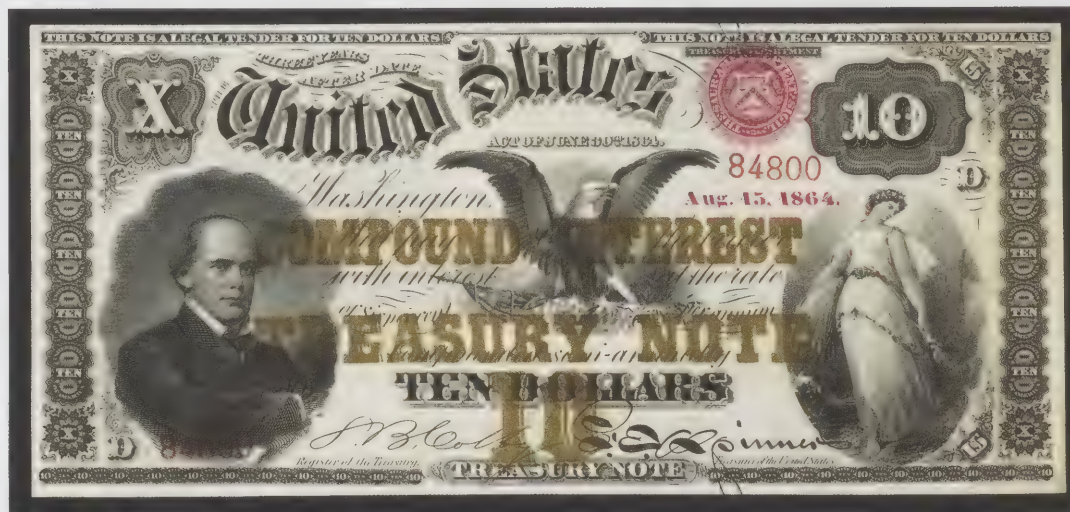

- 1907 Fr. 176 \$100 1880 This note last appeared in a 2001 CAA sale where it was graded AU and realized \$34,100. Since then a PCGS 58 brought \$62,100 the October 2005 Rickey Collection and a VF brought \$48,875 in a January 2008 Heritage sale. PCGS notes repaired pinhole but this is still a bright, nicely centered note that has excellent body and is one of only 11 serial numbers known. Collectors get excited about these large red seals and they are elusive by signature combination as well. These are classics of American paper money.  
PCGS XF 45 Apparent (60,000-90,000)

## COMPOUND INTEREST TREASURY NOTES

# EXQUISITE \$10 COMPOUND INTEREST NOTE FINEST KNOWN FR. 190B

**1908 Fr. 190b \$10 1864** As long as I have been in the currency business, over 40 years at this point, collectors have tried to dismiss the so-called 'middle of the book' notes, a reference to their position in the Friedberg catalog rather than the time of issuance, as not being Legal Tender and acting as cash. It is high time we dispel that rumor once and for all. These notes were to be issued in denominations not less than \$10 and interest not exceeding 7.3% per annum with interest paid semi-annually, principle and interest payable in lawful money. The notes were to be Legal Tender at face value. There was \$266,595,440 of these Compound Interest Notes issued and the size was 3-1/2" by 7-1/2". Secretary Fessenden, in his report of December 6, 1864, states the non-interest bearing, except Nationals and Fractionals, is limited to \$400,000,000 subject to a \$50,000,000 temporary deposit increase. This note has been previously described as, "No other uncirculated example of any Compound Interest Treasury Note has ever reached the market. The census of Fr. 190b lists over 80 notes. This is one reported uncirculated example listed without history or pedigree and that note is quite near this in serial number. This piece, which has surfaced to the paper money collecting fraternity for the first time, has broad, even margins, reflective bright bronze, excellent centering of both sides and razor sharp perfect printing of all of its elements. The seal and date overprints are bright red and the serial numbers are their original deep, reddish orange. The existence of a Compound Interest Treasury Note in this condition was not even rumored until this incredible piece turned up. In fact, of the nearly 200 Compound Interest Treasury Notes of all dates and denominations, only one uncirculated example and two AUs, which are in the ANA Museum. Every serious collector of US currency will desire this note as no one owns anything near it for grade. The Green Sheet lists no values above the XF grade for this type and any estimate is purely guess work." This note was graded on more than one occasion before being graded by CGA. It has since been removed from the CGA holder but the label is included in the lot. Design 35.

## SILVER CERTIFICATES

- 1909 Fr. 217 \$1 1886 This note has the appearance of a Gem in a '58 PPQ' holder. It's fresh, original and truly a special item.  
PCGS Ch. Abt. New 58 PPQ (1,250-2,500)

- 1910 Fr. 223 \$1 1891 A fresh, well centered Martha with gorgeous color. It's a beauty.  
Ch. Abt. New 58 PPQ (1,200-1,600)

- 1911 Fr. 223 \$1 1891 There has always been a great difference of opinion on whether the bends on these Marthas are folds or waves. I have always felt it is waves from the runs I have held and looked at. This example is a beauty.  
PCGS Ch. Abt. New 58 (1,250-2,500)

- 1912 Fr. 223 \$1 1891 A fresh, lovely Martha Washington Ace with exceptional color and nice centering. This note must have a couple of folds I didn't think were there, hence the XF 45 grade. Such a lovely note.  
PCGS XF 45 (750-1,250)

- 1913 Fr. 223 \$1 1891 Broad margins make this Martha have the appearance of a lovely Gem. It's very pretty.  
XF 45 PPQ (650-900)

- 1914 Fr. 224 \$1 1896 This note looks like a Gem and is likely very close, hence the '58 PPQ' grade. If you can find a better note you should buy it. This example is choice, fresh and original.  
PCGS Ch. Abt. New 58 PPQ (1,850-2,500)

- 1915 Fr. 224 \$1 1896 Careful inspection reveals a flaw on the right side but the overall appearance is pleasing.  
PCGS Abt. New 53 Apparent (750-1,250)

- 1916 Fr. 224 \$1 1896 A well centered 1896 Educational that has excellent color but also a few minor flaws, thus the 'Apparent' grade. PCGS notes small stains on face; minor mounting remnants on face in top corners.

## PROOF HANCOCK

- 1923 Fr. 240 \$2 1886 Proof Intricate proof impression of the face design on India paper affixed to cardstock, essentially the lower left 75% of the design is present, with paper loss to the other areas. A marvelous proof which we've not seen before.

## RARE, COMPLETE EDUCATIONAL FACE PROOF

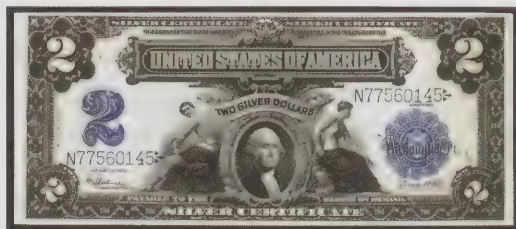

- 1926 Fr. 247 \$2 1896 Proof India paper of the entire face design mounted on oversized card, with an additional India paper overlay for the left end. The words UNITED and STATES have been pasted down, as have the denominations in the upper corners. At one time, overlays were pasted down on both sides of the central vignette and the left one is included with this lot. The back shows glue remnants from a previous mounting. Tremendously nicer than the stained progressive proof which brought nearly \$20,000 last summer.

- 1927 Fr. 247 \$2 1896 A very evenly circulated \$2 Educational that has been somewhat cleaned, yet it has a decent look for the grade.

## \$2 1899★ FR. 252 GEM NEW 66 PPQ

- 1930 Fr. 252★ \$2 1899 A lovely Gem star note with the Vernon-McClung signatures. There are 14 star notes reported and this is the finest graded, but its consecutive note is only graded PMG 58 EPQ. There may be four notes similar in grade in the census.  
PCGS Gem New 66 PPQ (12,000-18,000)

- 1931 Fr. 255★ \$2 1899 I sold this star back in October 2009 at \$1,207. There are only 10 notes reported with four being a bit higher quality. A very nice star note.

## LOVELY SILVER DOLLAR BACK

- 1933 Fr. 261 \$5 1886 This jewel is from the Rose Bell Collection that we sold most of in November. This note, along with a few other beautiful type notes somehow missed the November catalog. This is a gorgeous Ch. CU 63 PPQ with exceptional color and paper quality. Overall a desirable Silver Dollar Back.  
PCGS Ch. New 63 PPQ (11,000-15,000)

## PCGS GEM NEW 66 PPQ PORTHOLE \$5

- 1940 Fr. 282 \$5 1923 Here we have an exceptional Porthole with exquisite centering and complete originality. Quality better than this is few and far between. A most desirable type and grade.  
PCGS Gem New 66 PPQ (12,000-16,000)

- 1941 **Fr. 282 \$5 1923** Several years ago the market was clamoring for Portholes as collectors strived to fill their collection of Gems. This is fully fresh and original with excellent quality throughout.  
PMG Gem UNC 65 EPQ (7,000-11,000)

- 1944 **Fr. 301 \$10 1891** This lovely Hendricks note with the small red seal is really quite lovely. The centering is not quite perfect but the note has exceptional originality and color. Possibly with a bit broader margins it would have graded Gem.  
PCGS Ch. New 63 (5,000-10,000)

- 1942 **Fr. 288 \$10 1880** This is a beautiful example of this \$10 Black Back that has exceptional paper quality and nice centering, but it's the paper quality that makes this special. There is a small, near perfect restoration of a small split at the top that few will detect. A great example that won't break the bank.  
VF/XF (4,000-6,000)

- 1945 **Fr. 304 \$10 1908** This is a scarce type to locate these days and rarely are they as fresh as this blue seal Hendricks note. The paper, color and centering are very nice as well.  
Ch. AU (2,250-3,500)

### BEAUTIFUL ORNATE BACK \$10

- 1943 **Fr. 293 \$10 1886** This is an Ornate Back Hendricks note that is fresh and original with exceptional color, originality and centering. There have been no examples offered since 2007 and even then less were available. A new grade RCGS 65 realized \$46,984 in March 2007, so this series is bringing lots of money. This note has extraordinary quality and anything that even looks like a fold is tough to find.  
PCGS Abt. New 53 PPQ (10,000-20,000)

### RARE FR. 307 \$20 1878

- 1946 **Fr. 307 \$20 1878** There has only been a single addition to the census since I wrote the following description in 2000. "A nice, pleasing, well centered example of this very scarce, engraved, countersigned AU Wayan \$20 Silver Certificate. Gengerke records show 15 notes, with four in institutions. Of those 11 examples there appears to be one or two AU notes. This note has been used for Hessler's illustration and has a pedigree back to Ossie and me in 1978. A rare type that collectors only see from great collections." In 2007 we sold a PMG VF 20 at \$52,900 - the high mark for price. There has only been one offered since and it was a lower grade note with restoration. The note has very light restoration on the edges which PCGS notes on the holder.

PCGS AU 50 (25,000-35,000)

## FEDERAL RESERVE BANK NOTES

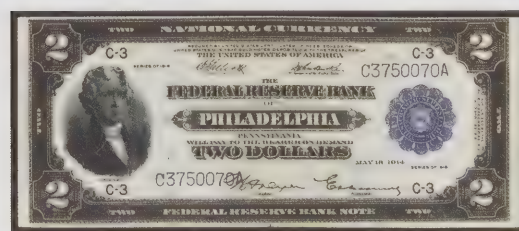

- 1953 Fr. 708 \$1 1918 Boston An absolutely gorgeous note with great original embossing and four leviathan margins. The eye appeal of this lovely piece is that of a Gem all the way and even with a couple of light bends it still fulfills the requirement for the grade.  
Gem CU (500-1,000)

- 1954 Fr. 712 \$1 1918 New York An incredible FRBN type note that is one of the nicest we have encountered for the New York district. Three enormous margins and an adequate fourth give this note superb eye appeal. A bright, colorful and deeply embossed example that should satisfy even the fussiest of collectors.  
Gem CU (600-1,200)

- 1955 Fr. 722 \$1 1918 Richmond Pair Here is a lovely consecutive pair of 1918 \$1 FRBNs from Richmond. Not Gem centering but attractive. Two piece lot.  
CU (750-1,000)

- 1956 Fr. 755 \$2 1918 Philadelphia This is one of the rarest of the Battleship FRBNs with only 31 serial numbers reported, and only six appear to maybe be a bit nicer. An under-recognized rarity.  
PCGS XF 45 PPQ (3,000-6,000)

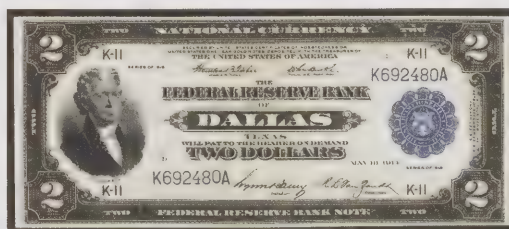

- 1957 Fr. 767 \$2 1918 Chicago A nice quality, evenly circulated Battleship with good color and even margins. This is not an easy item to find.  
PCGS VF 25 (400-800)

- 1958 Fr. 772 \$2 1918 Minneapolis This is a gorgeous \$2 FRBN from Minneapolis that has excellent centering, beautiful color and all the appearance of a Gem, except the grade. No doubt this beautiful note will be well received by collectors everywhere.  
PCGS Ch. Abt. New 55 (1,500-2,500)

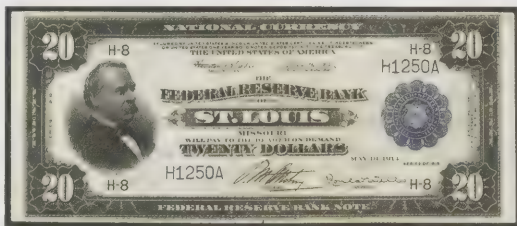

- 1959 Fr. 773 \$2 1918 Minneapolis This is a beautifully centered Battleship that is quite desirable, as are all Minneapolis district notes. There are five folds, so even though it looks better, it's VF/XF.  
VF/XF (700-1,200)

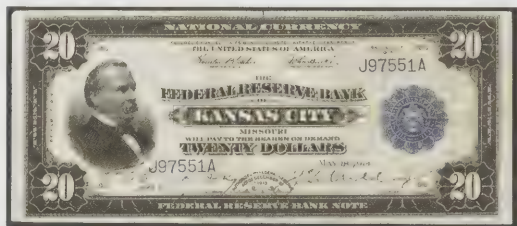

- 1960 Fr. 776 \$2 1918 Dallas A nicely centered Battleship note that has the appearance of an UNC. These are always popular and in demand.  
PCGS XF 45 (800-1,200)

- 1961 Fr. 825 \$20 1918 St. Louis A very scarce St. Louis \$20 graded VF 25 Net but it appears better. The repair is more of a minor restoration, approximately one-third of the paper could be slightly better. Another VF 25 realized \$5,175 last year.  
PMG VF 25 Net (4,000-8,000)

- 1962 Fr. 827 \$20 1915 Kansas City A fresh, original example of this \$20 Kansas City FRBN. This evenly circulated note is new to the census. I expected this to grade VF 25.  
PCGS VF 20 (3,000-5,000)

### FEDERAL RESERVE NOTES

- 1963 Fr. 833b \$5 1914RS New York A really pretty mid-grade Red Seal \$5 that has excellent margins and is long on visual charm. Expect the Green Sheet value of \$300 to be easily surpassed by this note.  
PCGS VF 25 PPQ (375-525)

- 1964 Fr. 850 \$5 1914BS New York A gorgeous \$5 New York FRN that is PCGS POP TOP. It's tough to find high quality Feds like this one.  
PCGS Gem New 66 PPQ (600-900)

- 1965 Fr. 893a \$10 1914RS New York A very nice, high grade '64 EPQ'. Less than 10% of the 98 known examples look like they could even approach this beauty. A PMG 65 brought \$11,572 at a 2007 Bowers & Merena sale, which was the last UNC sold.  
PMG Ch. UNC 64 EPQ (4,000-6,000)

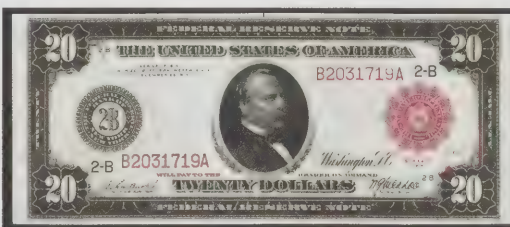

- 1966 Fr. 935 \$10 1914BS Chicago This is a fresh, original Gem with excellent color and complete originality.  
Gem CU (500-900)

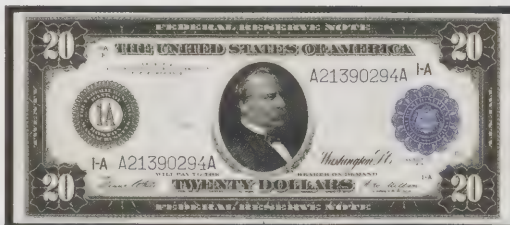

- 1967 Fr. 937★ \$10 1914BS Minneapolis This well used note is one of seven star notes reported.  
PCGS VG 08 (500-1,000)

### NEW TO THE CENSUS

- 1968 Fr. 953a \$20 1914RS New York The \$20 Red Seals are few and far between with only three consecutive UNC's listed in the Track & Price census I'm using, although they are graded '66', not '65' like this note. New to the census and lovely. Maybe it would upgrade? It's a Gem.  
PMG Gem UNC 65 EPQ (10,000-15,000)

### SECOND FINEST GRADED

- 1969 Fr. 967 \$20 1914BS Boston This note appears to be the second highest graded for this Boston district and has the White-Mellon signatures. The finest graded UNC was a PMG 66 EPQ that sold during the 'perfect storm' created at the Tom Flynn Collection sale in 2008 where it realized \$12,650. Today 25% of that could be enough to get this Gem.  
PCGS Gem New 65 PPQ (3,000-5,000)

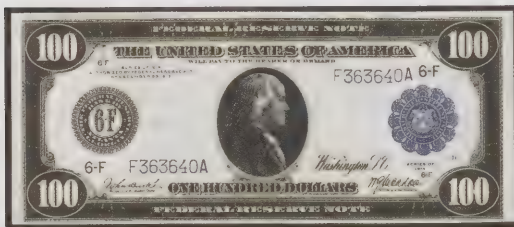

**FR. 1049    FINEST GRADED  
PMG CH. UNC 64 EPQ**

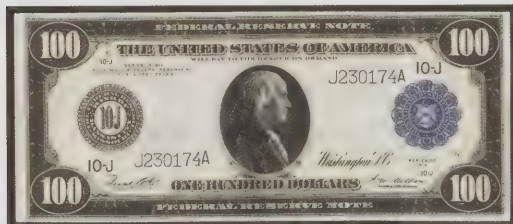

- 1970 **Fr. 1049    \$50    1914BS    Chicago** This is a PMG 64 EPQ and appears to be the finest known; I can find none that have been graded higher. There are 66 serial numbers reported and this is the best graded.  
PMG Ch. UNC 64 EPQ (3,750-7,500)

- 1971 **Fr. 1079a    \$100    1914RS    St. Louis** A lovely \$100 Red Seal with great color and exceptional centering but close examination shows some repair around paper clip rust. This is not professional work and I believe it could be greatly improved. The last sale was a PMG 12 in 2009 that brought \$2,415.  
PMG VF 30 Net (4,000-8,000)

- 1972 **Fr. 1104    \$100    1914BS    Atlanta** A lovely Gem \$100 Blue Seal that would be a great match for the \$20 and \$50, both graded '65'.  
PCGS Gem New 65 PPQ (4,000-7,000)

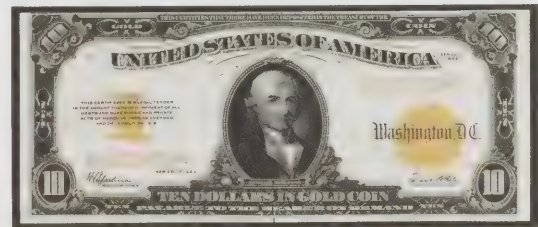

- 1973 **Fr. 1123    \$100    1914BS    Kansas City** A very attractive example of this scarcer number whose population numbers in the thirties. Bright, well margined and with blazing ink colors. A really desirable note for either the type set collector or someone who is trying to land a difficult Friedberg number to fill a long vacant hole in a collection.  
VF/XF (750-1,500)

**GOLD CERTIFICATES**

- 1974 **Fr. 1173    \$10    1922** A fresh, original \$10 Gold Certificate that has exceptional color and beauty.  
PCGS Ch. Abt. New 58 PPQ (800-1,200)

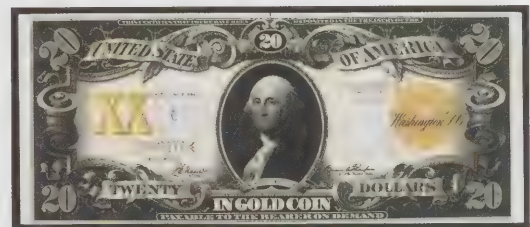

- 1975 **Fr. 1173    \$10    1922** A bright \$10 Gold Certificate that has excellent color and the appearance of a higher grade.  
PCGS Ch. Abt. New 58 (750-1,150)

**TRIPLE SIGNATURE GOLD**

- 1976 **Fr. 1175a    \$20    1882    Countersigned** A scarce triple signature note that is one of 27 large notes reported. This note is graded a Ch. Fine 15 but minor restoration is noted, apparently for minor splits along the edges that are barely visible.  
PMG Ch. Fine 15 (8,000-12,000)

- 1977 **Fr. 1184    \$20    1906** A high quality circ Napier-Thompson \$20 Gold Certificate that has excellent color and quality. There are 89 serial numbers recorded.  
PMG XF 40 (1,250-2,500)

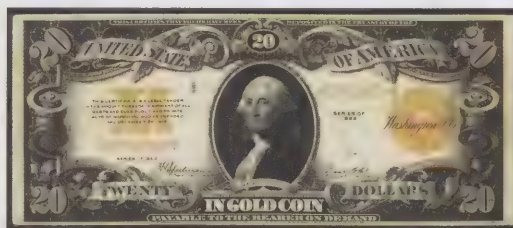

- 1978 Fr. 1187 \$20 1922 Here is a very nice Gold Certificate from 1922 that has bold gold and strong black colors. The margins are normal for this series.  
PCGS Ch. Abt. New 58 PPQ (1,000-1,400)

- 1980 Fr. 1187 \$20 1922 A fresh and bright example of this popular type. Three light vertical folds separate it from a much higher grade. The orange ink colors of the back design are nothing short of superb.  
PCGS XF 40 PPQ (600-900)

- 1979 Fr. 1187 \$20 1922 This lovely Gold Certificate has fresh, original paper and excellent centering.  
Ch. AU (900-1,200)

- 1981 Fr. 1187 \$20 1922 This is a very high quality Gold Certificate that some would consider a higher grade.  
PCGS VF 30 PPQ (300-500)

[www.lynknight.com](http://www.lynknight.com)

- 1982 Fr. 1187 \$20 1922 An evenly circulated example.  
Fine (200-300)

## LIKELY THE FINEST KNOWN

- 1983 Fr. 1188 \$50 1882 This note last appeared in the Frank Levitan collection in December 1998 where it realized \$22,000. Since then I have sold #A256 in XF in the Diamond Bar collection that PCGS graded VF 30 and it realized \$29,900. An important rarity among Gold Certificate enthusiasts, and I am definitely one. Because of the withdrawal from circulation and illegal ownership during the Depression until the 1960s, most of the individuals who had previously been collectors obeyed the law and turned in these notes for redemption during that period. Now collectors find this series virtually impossible to acquire. This note is very fresh, totally original and extremely rare. It does have three solid folds but little sign of real circulation.  
PCGS VF 30 PPQ (30,000-50,000)

## IMPORTANT TRIPLE SIGNATURE GOLD CERTIFICATE

1984 Fr. 1189a \$50 1882 This lovely triple signature Gold note has the signatures of Thomas Actor, B.K. Bruce and James Gilfillan. The census indicates 12 notes reported from all sources. In 2006 this note was new to the census and it realized \$44,850. Census shows there are possibly four notes in higher grade, with at least two of those in museums. This note is basically problem free and, although PCGS notes small edge splits, it faces up nicely on the face, with some dirt on the back. We sold an XF in the Levitan Collection at \$88,000 and in January 1998 CAA sold a '63' at \$82,500.

PCGS VF 20 Apparent

(40,000-70,000)

## RARE \$50 BROWN SEAL GOLD CERTIFICATE

- 1985 Fr. 1192 \$50 1882 Since I wrote the following description in 2000, six more notes have been recorded. Previously described as, "During the last 30 years, since I've been watching brown seal Gold notes, they have rarely appeared. It is not surprising as only 14 are known, and four of those are in the government's collection. This note was last offered in 1982, and though it looks XF, it's not. It should bring an excellent price because the last one to sell was a pretty XF and it brought \$44,000." In 2007 we sold a PMG 45 at \$109,250 and several have been sold elsewhere. PCGS grades this note VF 30 Apparent, edge split. The estimate here is very conservative.

PCGS VF 30 Apparent

(30,000-60,000)

- 1986 Fr. 1196 \$50 1882 A lovely example of the Vernon-McClung Treasury signatures. Excellent color, paper quality and centering. It's a beauty. Only five notes of the 29 reported are graded higher.

PMG Ch. VF 35

(4,000-8,000)

## LOVELY \$50 1913 GOLD CERTIFICATE

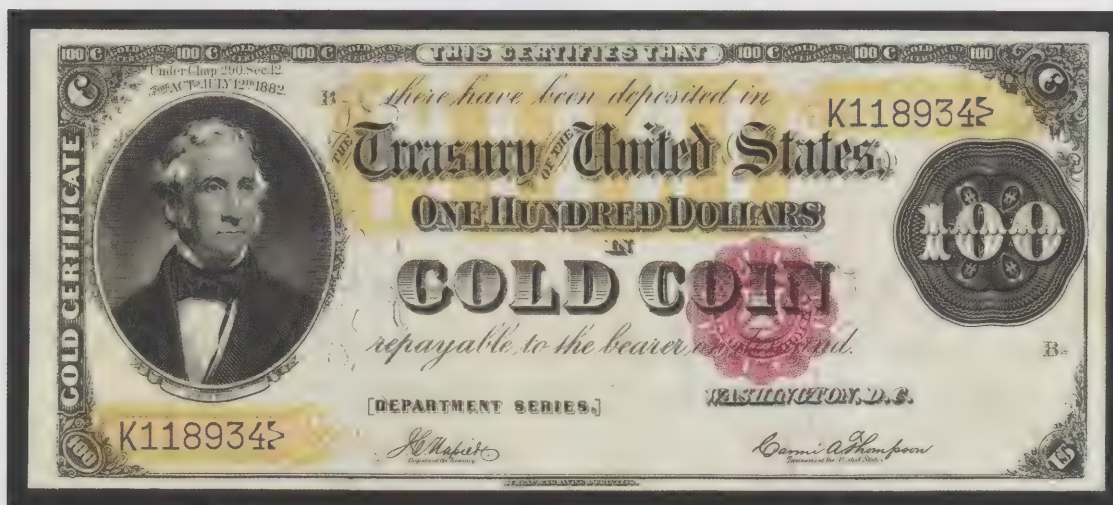

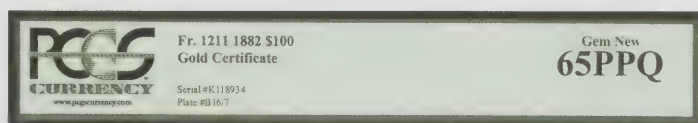

- 1987 Fr. 1198 \$50 1913 This note was purchased by the consignor in December 1998 as part of the Great Western Collection, I believe. The note is gorgeous in every respect but there is a cornertip fold, hence the '58' grade. The centering is wonderful and it has all of the right characteristics - bright, fresh, well centered and excellent color. It's rare for this note to appear so lovely.

PCGS Ch. Abt. New 58

(8,500-12,500)

**FINEST KNOWN      \$100      1882**  
**NAPIER-THOMPSON      GOLD CERTIFICATE**

1988 Fr. 1211 \$100 1882 This note is a totally new addition to the census and I believe there is no argument that it is the FINEST KNOWN. While there is a note listed as '63' there is no documentation as to where or who graded it. Napier and Thompson were not in office for very long the plates were soon changed to reflect the new officers. Unlike lower denominations, there is no evidence that any high values were saved. PCGS Gem New 65 PPQ (50,000-100,000)

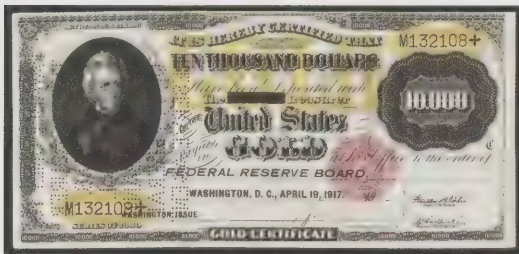

- 1989 Fr. 1215 \$100 1922 A bright, fresh, well centered \$100 Gold Certificate with excellent color that has a single visible centerfold. Nothing but quality as far as I can see. PMG Abt. UNC 55 (4,000-7,000)

- 1990 Fr. 1215 \$100 1922 There may be gold in them there hills but the lovely recreation of the gold on this 1922 \$100 Gold Certificate may be just as interesting to the history. The handsome portrait of Thomas Benton and the red seal make this note even more desirable. PCGS Abt. New 53 PPQ (6,000-8,000)

- 1991 Fr. 1225 \$10,000 1900 This is a nice, fresh \$10,000 Gold note, the cancelled variety, that has decent overall appeal. These seem to be in demand and not often around. New collectors love the denomination. CU (4,000-8,000)

## NATIONAL BANK NOTES

### ALABAMA

- 1992 Lineville, NB, 7551 Fr. 1802-1 \$20 1929T1 An evenly circulated addition to the census of this Clay County bank. Currently there are 15 small notes reported. The last small size offering was in 2004. Fine (300-600)

- 1993 Selma, City NB, 1736 Fr. 399 \$5 Original I really like First Charters and southern First Charters, especially Original Series as they were rare during the reconstruction era after the Civil War. Over 50 examples of this type and bank were saved. CU (3,500-5,000)

### ARIZONA

- 1994 Yuma, NB, P9608 Fr. 654 \$20 1902ND Cool Arizona notes are few and far between. This note, with lightly stamped signatures, has been off the market since 1999 when it realized \$4,290 in a different market. PCGS VF 20 (3,000-6,000)

## ARKANSAS

- 1995 Gurdon, First NB, 13210 Fr. 1800-2 \$5 1929T2  
6 Subject Uncut Sheet The census indicates four small size sheets reported and that's good because there are few sheets to buy on Arkansas. There is a fold between each note but it looks better to me than a '30', but I rarely grade sheets.  
PMG VF 30 (4,000-6,000)

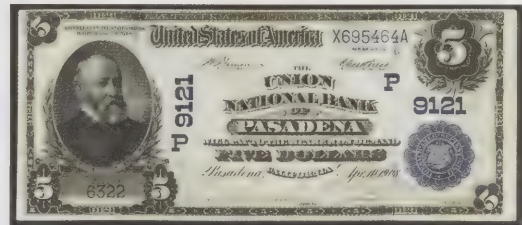

## CALIFORNIA

- 1996 Los Angeles, Southwestern NB, P5993 Fr. 490 \$10  
1882BB Here is a great addition to the Los Angeles census as it's only the fourth note reported on this bank. The last note, with the same grade, sold in 2010 at \$5,462 after selling in 2004 for \$9,487. Excellent pen signatures enhance this well circulated note.  
PMG Ch. Fine 15 (4,000-8,000)

- 1997 Pasadena, First NB, P3499 Fr. 599 \$5 1902ND  
Purple stamped signatures enhance this Los Angeles County bank note. These seldom appear these days. There are 21 large notes reported on the bank.  
VF (750-1,500)

- 1998 Pasadena, Union NB, P9121 Fr. 592 \$5 1902DB  
This is a lovely note from this Los Angeles County bank. This note, new to the census, is a lovely grade with decent signatures and nice overall appearance. There are no sales of anything quite like this.  
VF+ (4,000-6,000)

## \$5 1872 NATIONAL GOLD BANK NOTE

- 1999 Sacramento, National Gold Bank of D.O. Mills & Co., 2014  
Fr. 1138 \$5 1872 GBN This note is one of 58 Gold Bank Notes on this early Sacramento institution. The note seems to be problem free with even circulation and excellent pen signatures. Stacks sold a VF 20 at \$43,125 but I think it looked better.  
PMG VF 20 (18,500-24,000)

**\$5 1870 FIRST NATIONAL GOLD BANK**

- 2000 San Francisco, First National Gold Bank, 1741 Fr. 1136 \$5 1870 GBN I like the color and centering on this Gold Bank Note. The signatures appear to be George Harper and N.A. Masters. The coins are very bright and fresh looking with well preserved gold coins on the back. This note is labeled 'Apparent' due to the minor edge repair and its minor, basically closed, edge split.  
PCGS Apparent VF 20 (15,000-25,000)

**ATTRACTIVE GOLD BANK NOTE**

- 2001 San Francisco, First National Gold Bank, 1741 Fr. 1136 \$5 1870 GBN Several years ago the market was a bit overwhelmed by an influx of low grade Gold Bank Notes. This note has been off the market for virtually two decades. It's as problem free and attractive as a \$5 Gold Bank Note will be. The centering is even, the color sharp and the pen signatures impressive. This is a great opportunity to acquire a nice Gold Bank Note before the market realizes how few nice ones there are.  
VF (9,000-15,000)

- 2002 San Francisco, Bank of Italy National Trust & Savings Assoc., 13044 Fr. 685 \$50 1902ND A very nice \$50 Plain Back with engraved signatures. The top is cut a bit close but the note is a neat Bank of Italy title. There are 223 notes known but just 27 \$50s. It's been five years since any \$50s have appeared.  
VF + (3,500-5,000)

- 2003 San Francisco, Bank of Italy National Trust & Savings Bank & Bank of America National Trust & Savings Bank, 13044 Fr. 1802-1 \$20 1929T1 This pair has a Bank of America title and a Bank of Italy title. The Bank of Italy is the first title and it's very desirable. Two piece lot.  
Fine (200-400)

**#1 \$5 TYPE 2 UNCUT SHEET WEED, CA**

- 2004 Weed, First NB, 9873 Fr. 1800-2 \$5 1929T2 #A000001-A000006 This is one of two sheets in the census and for all the weed growers in California this should be a natural! It's a Type 2 #1 sheet but the top half was badly mishandled. There are 37 small notes and two uncut sheets reported.

## COLORADO

- 2005 **Boulder, National State Bank, 2355 Fr. 632 \$10 1902ND**  
A lovely new addition to the census and it's only the eighth large note reported. Great paper quality and overall appearance. A beauty with penned signatures of C.G. Buckingham, President and D.R. McNaughton, Assistant Cashier.  
VF/XF (5,000-7,000)

- 2006 **Central City, Rocky Mountain NB, W1652 Fr. 643 \$20 1902DB**  
This is a very rare bank and the note is the very first Blue Seal known, being just the sixth large note reported. It still has penned signatures of J.E. Lighthouse and C.H. Davis.  
VG/Fine (3,000-5,000)

- 2007 **Julesburg, First NB, W8205 Fr. 625 \$10 1902ND**  
This is a very nice Blue Seal from this bank that has five other large notes reported. We sold a \$10 Red Seal in AU at \$54,625. This note won't be so expensive but it's really nice. Great stamped signatures of Jesse Fricke and C.T. Schroeder.  
VF (2,500-4,000)

- 2009 **Hartford, First NB, N121 Fr. 598 \$5 1902ND**  
A lovely note from a 2008 Heritage sale. Signed by J.H. Knight and C.D. Riley. This pretty, well centered note is one of 109 large notes reported. From the David Davis Collection.  
XF (250-500)

- 2010 **New Haven, First NB, 2 Fr. 609 \$5 1902ND**  
This is a beautiful example of charter #2. The note looks Gem but the grade is XF/AU. The signatures of Thomas Steele and Wm. Crawford are bold, black and printed. From the David Davis Collection.  
XF/AU (400-800)

- 2011 **Stamford, First-Stamford NB, 4 Fr. 624 \$10 1902ND**

VG/Fine (150-300)

## CONNECTICUT

## CH. UNC 63 LAZY DEUCE

- 2008 **Birmingham, NB, 1098 Fr. 389 \$2 Original**  
A rare title with only eight large notes reported. This is one of two Deuces known and is the best of the two. Wonderful pen signatures with a somewhat subdued color. If the top had more margin it would have graded higher.  
PMG Ch. UNC 63 (12,000-16,000)

F/VF (300-600)

- 2014 Ocala, NB, 9926 Fr. 1802-1 \$20 1929T1

VG (800-1,200)

## GEORGIA

Fine + (500-1,000)

## IDAHO

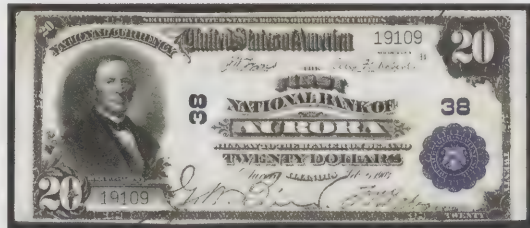

- 2017 Hailey, NB, 9145 Fr. 1802-1 \$20 1929T1

F/VF (1,750-2,750)

- 2018 Malad City, First NB, 8822 Fr. 600 \$5 1902ND

PMG VF 25 (2,500-3,500)

## ILLINOIS

- 2019 Aurora, First NB, 38 Fr. 650 \$20 1902ND  
An attractive, low charter #38 note from Kane County near Chicago. The census indicates 27 large notes reported but it's been nearly four years since any were offered. This may well be equal to the finest known as there are no higher grades listed. From the David Davis Collection.  
VF + (500-1,000)

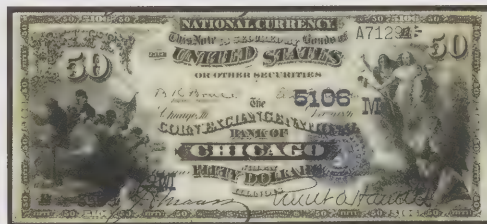

- 2020 Carmi, First NB, 4934 Fr. 1801-1 \$10 1929T1  
A fresh new addition to this White County bank census that is now at 40 small notes reported. This example could be the best among them, or certainly close.  
VF/XF (300-600)

- 2021 Chicago, First NB, M8 Fr. 590 \$5 1902DB  
Chicago's earliest national bank was charter #8. This example has quality in every way with exceptional paper, centering and signatures. The sales records show only two that appear similar in grade. There are 34 large notes reported. From the David Davis Collection.

- 2025 Chicago, Corn Exchange NB, M5106 Fr. 562 \$50 1882DB  
Here is a nice \$50 1882 Date Back that has excellent black signatures. It's evenly circulated with a good and appealing look. I sold this note in 2004 for \$3,910. These notes are around, with 10 in the census. There are only a few hundred \$50 1882 Date Backs known.  
PMG Ch. Fine 15 (4,000-7,000)

VF (2,000-3,000)

- 2023 Chicago, Bankers NB, M4787 Fr. 472 \$5 1882BB  
This note has the very neat 'Bankers' title. Brown Backs were the choice of this bank and there are currently 38 reported. Excellent signatures of E.S. Lacy and F.P. Judson. There is a small area of roughness along the edge and a couple of pinholes in the body.  
Fine + (500-1,000)

## 2095 Leavenworth, Manufacturer's NB, W3908 Fr. 556 \$20 1882DB

This bank has the distinction of being one of 21 banks in the county that has the city and state in the tombstone. This occurred, according to P. Huntoon, by the banks accountants or lawyers that filled out the charter paperwork misreading what was supposed to be written on the title line, or maybe they wanted it all there. Now it makes a cool collection. Dr. Lee had at least two as well; St. Ignace and Niles, Michigan. This note is evenly circulated and likely tied for finest known. There are only 10 notes reported and it's been four years since the last example was available. Decent stamped signatures as well.

This bank had a group of these beauties come out in the late 1960s when Dr. Carter, a Missouri collector and the discoverer of the Oat Bin hoard, offered them to me for \$40 each. There were three banks, Topeka, St. Mary's and Wamego, and all I got were the \$20s.

Here is a great small size rarity from this Jefferson County bank, one of two small size notes known. There is an uneven cut on the right border but waiting for the next one makes little sense, as it's never appeared publicly.

A full XF at arm's length with bright white paper, bold blue Treasury numbers, red serial and seal and enormous margins for the type. You don't have to be from the Bluegrass State to appreciate this as a terrific type note. PMG mentions "taped split repairs"; four places on bottom margin of back.

## MASSACHUSETTS

- 2135 Beverly, NB, 969 Fr. 402 \$5 1875  
This is the only First Charter to ever appear on this bank and it's the 17th large note reported. The three corners have been skinned when it was removed (poorly I might add) but it does have clear pen signatures. Graded by the new CGA, hence the star on the label.  
CGA Good 06 ★ (500-1,000)

- 2136 Boston, First NB, N200 Fr. 590 \$5 1902DB  
The last of the first 200 charters is Boston's earliest national bank, which personally is a surprise to me. There are only six First and Second Charters known. This example has great color and signatures. From the David Davis Collection.  
VF + (225-450)

VF (225-450)

- 2138 Fall River, First NB, 256 Fr. 380 \$1 Original

- 2139 Lynn, National Security Bank, N2563 Fr. 490 \$10 1882BB

There have been just seven offerings on this charter in the last 34 years, including an Ace. The same series in our 2011 PCDA sale realized \$4,800. This note is well used but generally problem free. From the David Davis Collection.  
VG/Fine (2,000-4,000)

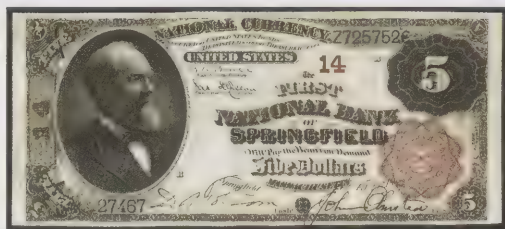

- 2140 Milford, Home NB, 2275 Fr. 383 \$1 1875  
This bank saved or had a bunch of Aces and Deuces saved but few seem to be this nice or better. This note has an excellent appearance and it's a higher quality example than most of the 48 notes reported of the denomination.  
PMG Ch. UNC 64 (4,000-6,000)

*Adrian, the county seat of Lenawee County, was founded by Addison J. Comstock in 1825 and was platted as Logan in 1828. His bride persuaded him to rename it for her hero in history, the Roman emperor Hadrian. Adrian is 15 miles southeast of the Irish Hills.*

- 2141 Springfield, First NB, 14 Fr. 466 \$5 1882BB  
A great example of this low charter #14 from Springfield. This bank has 18 large notes reported and this is one of the top five examples known. The note was last offered in a 2002 Stack's sale. From the David Davis Collection.  
VF (1,500-3,000)

VF + (250-500)

## FINEST KNOWN

- 2145 Adrian, First NB, 1973 Fr. 382 \$1 Original  
A very nice, in fact the finest known, note from this rare, early First Charter-only bank that was chartered in 1872 and closed by the middle of 1877. They issued \$1 through \$20 First Charters. Somehow there are four notes reported from this early bank, but both of the other \$1 and \$2 are listed as Good and the \$5 is listed as Fine, making this one the finest known. The pen signatures of F.C. Beaman and E.I. Waldby are excellent. A very attractive, well centered, pen signed note. Previously from the Lee DeGood Collection. The Dr. Wallace Lee Collection.  
VF (5,000-10,000)

Great, President and R.C. Rothfuss, Cashier are clear. The top trim is a bit tight, but the grade is quite nice. Previously from the Lee DeGood Collection. The Dr. Wallace Lee Collection.  
VF/XF (500-1,000)

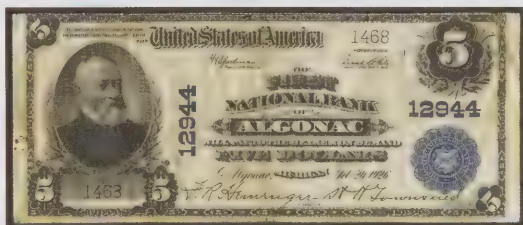

*Albion, Calhoun County, was settled in 1833 by the Tenney Peabody family. Jesse Crowell came from New York in 1835 and formed the Albion Company which platted the village and sold property to early pioneers. The forks of the Kalamazoo River provided power for mills and the town became a mill town and agricultural market. In 1889 the Federal/Mutual Savings Bank was established. The First National Bank of Albion was established in 1885.*

- 2147 Albion, First NB, 3316 Fr. 480 \$10 1882BB Albion was the home of three national banks and the earliest one remains unknown. This bank was chartered in 1885 and issued just 5,425 sheets of \$10-10-10-20 Brown Backs before closing in 1905. This note, one of two known, was part of the Grinnell sale, Lot 1752 and was from the DeGood collection. This was also the bank that was involved with one of Michigan's most famous bank frauds. Excellent pen signatures. The Dr. Wallace Lee Collection.  
VF + (8,000-16,000)

*Algonac, St. Clair County, was first settled by John Martin in 1805 as Manchester or Pointe Du Chene ("point of the oaks"). The town was renamed in 1843 by Indian agent, Henry Schoolcraft who coined the name from the Algonquin Indian tribe. Algonac is situated at the mouth of the St. Clair River. Many canals wind their way throughout the city, which has given Algonac its nickname of "The Venice of Michigan."*

#### FIRST EVER PUBLIC OFFERING

- 2148 Algonac, First NB, 12944 Fr. 609 \$5 1902ND This bank was the town's only national bank. It was chartered in 1926 and issued only a few sheets of large and small size notes. Currently there are two large and four small notes reported on this St. Clair County bank. A great rarity from St. Clair County that has no public offerings that I can locate. It's a nice, problem free note with engraved signatures from the so-called Fourth Period issue around 1928. The Dr. Wallace Lee Collection.  
F/VF (7,500-15,000)

*Allegan, the county seat of Allegan County, was settled in 1833 by Elisha Ely, Samuel Hubbard, Charles Trowbridge, Pliny Cutler, and Edmund Monroe. They considered it a prime location for industry due to the Kalamazoo River. By 1835 a dam and sawmill were built. In 1837 Henry Rowe Schoolcraft renamed the town after the Allegan Indian tribe. The First National Bank was established in 1871.*

#### #1 \$1 ALLEGAN, MI

- 2149 Allegan, First NB, 1829 Fr. 382 \$1 Original #1 This bank was chartered in 1871 and this would have likely been the first note ever issued by the bank as this is a #1 'A' position note. This was the town's only national bank and it closed in 1927. Currently there are 16 large notes reported on the bank but no other #1s. Excellent signatures of O.D. Pritchard, President and G.B. Robinson, Cashier. There is a horizontal split that has been restored. The Dr. Wallace Lee Collection.  
VF (4,000-8,000)

- 2150 Allegan, First NB, 1829 Fr. 382 \$1 Original A nice, well centered note from this early bank that was chartered in 1871 and closed in 1927. There are 16 large notes reported, including six other Aces.  
VF (2,500-5,000)

*Almont, Lapeer County, first settled by James Deneen in 1828. It received a post office in 1835 named Bristol after its second permanent settler. James Thompson, who donated the town clock, had the name changed on in 1846, to honor the Mexican general, Juan N. Almonte.*

- 2151 Almont, First NB, 12793 Fr. 1801-1 \$10 1929T1 This was the only bank in town and was chartered in 1925. They chose not to issue large size notes, but did issue 1,390 sheets of small size, of which only four notes have appeared. This is the best of the four, and it is a beauty, the finest known. Previously from the Lee DeGood Collection. The Dr. Wallace Lee Collection.

*Alpena, Alpena County, was settled by W.F. Cullings, a fisherman, in 1835. The town had several names, Fremont, Alpena, Thunder Bay finally being renamed Alpena, the Indian word for partridge, by H. R. Schoolcraft. In 1882 the Alpena National Bank was founded.*

- 2152 Alpena, NB, 2847 Fr. 493 \$20 1882BB In keeping with the plan, this is the earliest known note on this one-bank town. This note is one of two known Brown Backs, both in Fine, of the 11 large notes reported. A problem free example with excellent pen signatures. The Dr. Wallace Lee Collection.  
Fine (2,000-4,000)

*Alpha, in Iron County, is an iron mining settlement with a station on the Chicago & Northwestern Railroad. The Mastodon Mine opened in 1861 and the community was given a post office named Matodon in October 1883. The village was given the name of Alpha in 1913 and incorporated in 1914. The First National Bank was also founded in 1914.*

- 2153 Alpha, First NB, M10601 Fr. 631 \$10 1902ND This bank was chartered in 1914 and liquidated in 1931. It was the town's only national bank. This note is on the census as XF, but it looks UNC at a glance. The bank issued only 2,714 sheets of large size, an extremely tiny issue, and there are just six large notes reported. Excellent purple stamped signatures of Paul Anderson, President and Henry J. Veaser, Cashier. The Dr. Wallace Lee Collection.  
XF/AU (2,000-4,000)

*Ann Arbor, located in Washtenaw County, was founded in January 1824 by John Allen and Walker Rumsey. The area abounded in natural groves or arbors, and they named it for their wives, who were both named "Ann". The First National Bank of Ann Arbor was established in 1863. In 1908 the National Commercial Bank was established.*

#### CHARTER #22 FIRST NB OF ANN ARBOR

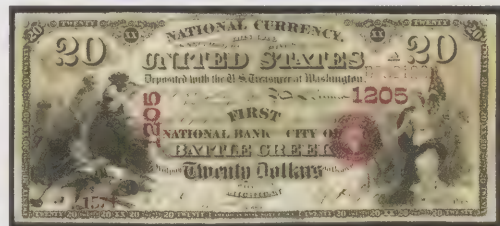

- 2154 Ann Arbor, First NB, 22 Fr. 380 \$1 Original This is the state's earliest national bank and those chartered under #100 are highly collected. The bank was chartered in 1863 and liquidated in 1882, when it was re-chartered as #2774. An important example of national bank history. There are five \$5s and a two \$1s known from this desirable bank. This is likely equal in quality to all known examples. When a newly discovered Ace sold last year it brought \$6,900, yet the \$5 from the DeGood collection realized \$10,500. The Dr. Wallace Lee Collection.  
VG (5,000-10,000)

- 2155 Ann Arbor, First NB, M2714 Fr. 616 \$10 1902DB This was the recharter of #22 from June 1882 where it started by issuing Brown Backs and only a single example is known. This is the next earliest known note and it's a peach. The quality is so lovely I doubt that any of the 29 large notes reported could be better. The president's signature is stamped while the cashier's is penned. The \$5 Brown Back in the DeGood sale realized \$7,000 hammer and this note realized just under \$1,900 in 2004. The Dr. Wallace Lee Collection.  
XF/AU (2,000-4,000)

*Battle Creek, Calhoun County, was named because of a fight between two Indians and two members of John Mullett's surveying party on the banks of the river here in 1824. Mr. Mullett dubbed the stream Battle Creek. It was incorporated as a city in 1859.*

#### UNIQUE CHARTER

- 2156 Battle Creek, First NB of the City, 1205 Fr. 427 \$20 Original This prohibitively rare Battle Creek bank is represented by this single specimen. This institution, chartered in 1865, stayed in business until 1885 when the bank was liquidated. One of the great Michigan rarities that we are pleased to offer. The note is evenly used with a few inconsequential faults commensurate with the grade. The signatures seem unaffected by the wear and are as strong as the day they were penned. A significant Michigan note that has been off the market for decades until we sold it in the Louis Van Belkum Collection. The Dr. Wallace Lee Collection.  
Fine (7,000-12,000)

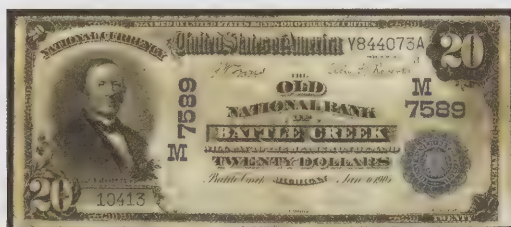

- 2157 Battle Creek, NB, 3314 Fr. 467 \$5 1882BB There are only two notes known from this Calhoun County community that had seven national banks. This bank was chartered in 1885 and liquidated in 1905. They issued \$5, \$10 and \$20 Brown Backs and only two are known, with this being the lowest grade. This note, previously from the DeGood collection, is really close to being worn out, but not that close. The Dr. Wallace Lee Collection.  
Good (2,000-4,000)

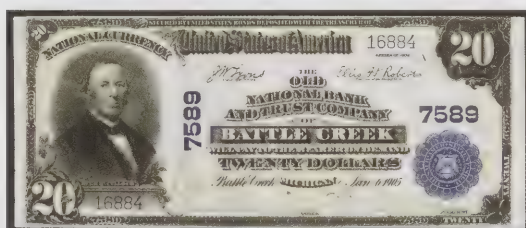

- 2158 Battle Creek, Central NB, M7013 Fr. 613 \$10 1902RS This Red Seal was the earliest type issued on this bank that was chartered in 1903 and one of only two Red Seals known to have survived those early years. Both of these notes are graded the same in the census. The stamped signatures are clear but I can't read them. A well used, problem free example of this location and one of 51 large notes reported. The note does have a pinhole or two. (The Dr. Wallace Lee Collection.  
VG/Fine (500-1,000)

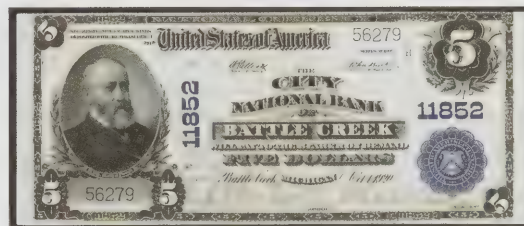

- 2159 Battle Creek, Old NB, M7589 Fr. 642 \$20 1902DB This note has the bank's first title. There are 21 large notes reported. This example is evenly circulated but the signatures have faded. The Dr. Wallace Lee Collection.  
Fine (150-300)

- 2160 Battle Creek, Old NB & Trust Co., 7589 Fr. 650 \$20 1902ND This must be the best of the 21 large notes reported with the second title. It's very pretty with wispy stamped signatures of L.J. Kareher and E.M. Marvine. The Dr. Wallace Lee Collection.  
XF + (350-650)

- 2161 Battle Creek, Old-Merchants NB & Trust Co., 7589 Fr. 1801-1 \$10 1929T1 This note is crisp, fresh, with a bit of handling, and bears the third title for this bank. There are now 279 small notes reported. The Dr. Wallace Lee Collection.  
XF/AU (100-200)

- 2162 Battle Creek, City NB, 11852 Fr. 607 \$5 1902ND This is also the bank's first title but this note has no regional letter. Totally fresh and original with excellent stamped signatures of Chas. C. Green and E.R. Morton. The Dr. Wallace Lee Collection.  
XF/AU (300-600)

- 2163 Battle Creek, City NB & Trust Co., 11852 Fr. 607 \$5 1902ND Lovely pen signatures of Chas. C. Green, President and C.E. Ray, Cashier on this example of the second title. This title was assumed in April 1928 and it should not be surprising that there are only 17 large notes reported. There are 39 large notes reported. The Dr. Wallace Lee Collection.  
VF/XF (300-600)

- 2164 Battle Creek, City NB, M11852 Fr. 607 \$5 1902ND The census shows there are 42 large notes reported and I suspect only the #1 \$10 is better quality. This is the first of two titles for this bank and this note has the regional letter. Trimmed slightly in the bottom right, but the stamped signatures of Chas. C. Green and E.R. Morton are excellent. There is a small bit of pen graffiti to the right of the bank name. The Dr. Wallace Lee Collection.  
VF/XF (200-400)

- 2165 Battle Creek, Central NB, 13858 Fr. 1801-2 \$10 1929T2 Battle Creek had a plethora of national banks. This bank was the only one limited to small size notes. It was chartered in December 1933 and issued just under 1,000 sheets. This note has price records up to \$1,610, with no better note. Only five notes are reported on the bank. The Dr. Wallace Lee Collection.

*Bay City, the county seat of Bay County, was first settled when Joseph and Made Trombley built a trading post in 1835. Bay City was originally known as Lower Saginaw and was within the boundaries of Saginaw County. In 1857 Bay County was organized and the city name changed to Bay City. The deep waters enabled the growth of industry that relied on shipping. By 1860 there were several mills and small businesses; lumber, milling and ship building. The First National Bank was established in 1864.*

This note has great pen signatures of James Sherrer, President and B.E. Warren, Cashier. This bank was only in business from 1864 to 1882, after issuing \$1 through \$20 First Charter Original and 1875 Series notes. The Dr. Wallace Lee Collection.

**Benton Harbor** is located in Berrien County. In 1860, Sterne Brunson, Henry C. Morton and Charles Hull developed the site by having a canal built to the harbor. In 1863 the village was platted and named Brunson Harbor for Sterne Brunson. It was renamed for Thomas Hart Benton, Missouri Senator who had fostered Michigan's plea for statehood in 1865. In 1890 the First National Bank was founded.

**Bessemer**, in Gogebic County, is the site of the discovery of iron ore by Richard Langford, a trapper and hunter, in 1880, and is near the site of the (Charles L.) Colby Mine. In October 1883, the Milwaukee, Lake Shore & Western Railroad reached the vicinity of the mine and platted the village. It was named for Sir Henry Bessemer, who discovered the smelting process which bears his name. The First National Bank of Bessemer was established in 1888.

This Upper Peninsula bank was chartered in March 1932 and issued only Type 2 small size \$10s and \$20s. This note is similar in quality to several other \$20s. The charter realized a high mark in 2004 where it brought \$1,380. There are 20 notes reported. The Dr. Wallace Lee Collection.

**Big Rapids**, the county seat of Mecosta County, had the first settlers in 1855: brothers Zera and George French. Originally called Leonard for Dr. F.B. Leonard who owned much of its land, he sold out to George P. Warren & Chauncey P. Ives who changed the name to Big Rapids in 1859, so-called for its being the largest of many rapids on the Muskegon River. Big Rapids had a station on the Grand Rapids & Indiana Railroad.

- 2177 Big Rapids, NB, 2944 Fr. 467 \$5 1882BB  
What a great name! This note is unique for the bank which was in business from 1883 to 1895 and issued only 2,318 sheets total. I would say this would be the most sought after note in the sale if the grade was a little better. I do know there will be plenty of collectors who want it. Previously from the Lee DeGood Collection. The Dr. Wallace Lee Collection.

### #1 BOYNE CITY RED SEAL

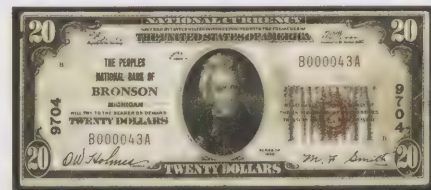

- 2181 Boyne City, First NB, M9020 Fr. 589 \$5 1902RS  
#1 It's highly likely that this lovely #1 Red Seal was the personal example of W.H. White, the president on this one-bank town in Charlevoix County. Excellent pen signatures of W.H. White and T.V. Smith. There are 15 large notes reported and this is undoubtedly the most desirable and attractive note known. The Dr. Wallace Lee Collection.

**Buchanan, Berrien County**, was first settled in 1833 at the spot where McCoy Creek met the St. Joseph River. Originally called McCoy's Creek, it was named Buchanan for U.S. Senator (later President) James Buchanan. The First National Bank was founded in 1888.

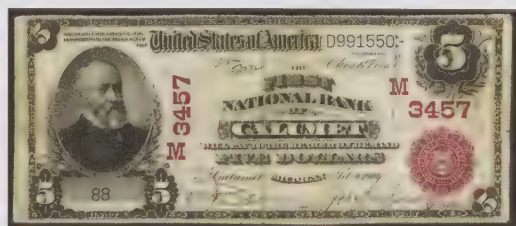

- 2184 **Buchanan, First NB, M3925 Fr. 618 \$10 1902DB**  
This was one of two national banks in town, chartered in 1888 and liquidated in 1931. The other bank is unreported. This isn't the earliest but it is the finest note known of the 11 reported. Excellent, wispy black signatures that I think are penned, but may not be. This came from our June 1995 sale where it brought \$550. The DeGood note was a Fine and realized \$2,185 against a \$750-\$1,500 estimate. The Dr. Wallace Lee Collection.  
Ch. CU (2,000-4,000)

**Burr Oak, in St. Joseph County**, was settled in 1835. The first post office established in 1837. In 1850, William Lock gave land for a depot, if the town was renamed "Lock's Station", which it was. Five years later by popular demand the town assumed its original name and incorporated in 1859. In 1898 the First National Bank was founded.

- 2185 **Burr Oak, First NB, M9497 Fr. 626 \$10 1902ND**  
This one-bank town was chartered in 1909 and issued notes throughout the national banking era. An interesting name and just seven large notes reported. There is only one higher grade note known. This is the first auction appearance of this note and only three examples have ever appeared at auction. The president's signature was stamped and isn't visible but the cashier's penned his and it's all there. The Dr. Wallace Lee Collection.  
VF (1,000-2,000)

**Calumet, Houghton County**, was settled in 1864 under the name of "Red Jacket", after a Native American Chief of the Seneca tribe. Until 1895 the name "Calumet" was used by the nearby town of Laurium, Michigan; present day Calumet was not legally named so until 1929. Red Jacket grew due to the copper mines in the area; the Red Jacket based Calumet & Hecla Mining Company produced about half of the USA's copper in the 1870s and 1880s. The National Commercial Bank was established in 1888.

- 2186 **Calumet, First NB, M3457 Fr. 588 \$5 1902RS**  
This is the only Red Seal known from this charter number. It has seen plenty of circulation but the pen signature of the vice president is crystal clear and the color is still strong. The bank has 44 large notes reported. The Dr. Wallace Lee Collection.  
F/VF (1,500-3,000)

**Capac, St. Clair County**, was founded in 1857 and named after Huayna Ccapac, head of the Peruvian line of Ynca Indian emperors. The Grand Trunk Railroad opened a station in 1866.

- 2187 **Capac, First NB, M10631 Fr. 631 \$10 1902ND #1**  
This is an excessively rare one-bank town in St. Clair County that was chartered in 1914, but issued very few notes. Only the four notes from the #1 sheet have survived in large size (2,737 sheets were printed) and a single G/VG in small size. This sheet was in the Grinnell sale and has since been split apart. This note, previously from the DeGood collection, has wonderful signatures of A.H. Medbury, President and A.R. Niles, Cashier. The Dr. Wallace Lee Collection.  
CU (5,000-10,000)

**Caspian, in Iron County**, was a station on a branch of the Chicago & Northwestern Railroad in 1884. The village was founded as Palatka in 1901. It was the headquarters of the Veroner Mining Company, which operated the Caspian, Baltic and Fogarty mines. The village which was renamed Caspian in 1918 and incorporated in 1919. It was also known locally as Spring Valley and Newtown.

- 2188 **Caspian, NB, 11802 Fr. 659 \$20 1902ND**  
This is an extremely rare one-bank town in Iron County that was chartered in 1920 and liquidated in 1934. There are only three large notes reported and this example is the best of those three. The note has rather wispy signatures but they are all there. Dr. Lee acquired this from note from us in October 1996. The Dr. Wallace Lee Collection.

**Cassopolis is the county seat of Cass County**. It was first settled in 1829 and was originally named Cassapolis for territorial governor Lewis Cass. Its first newspaper, the National Democrat, changed it to Cassopolis in 1865. Cassopolis played an important role in the freeing of slaves before the Civil War. In 1860 Cass County had the second largest African-American population in the state. The First National Bank was founded in 1871.

Notes from this bank are quite common but only in Third Charter and small size. There are just six First Charters and six Second Charters as well. This example is a problem free Fine with excellent pen signatures and even circulation. The trim is just a bit close. The Dr. Wallace Lee Collection.

- 2190 Cassopolis, First NB, 1812 Fr. 389 \$2 Original #10 There never is, nor will there ever be, enough Lazy Deuces to satisfy all the collectors. Currently there are between 1,500 to 1,600 in the census, with most notes being heavily circulated. This note is serial #10 and is a nice grade but the paper is slightly toned. When last offered in Memphis this note realized \$5,405. The Dr. Wallace Lee Collection.  
XF/AU (5,000-9,000)

*Centreville is the county seat of St. Joseph County and so-named for its location. Thomas W. Langley was the first settler here, arriving in 1831, building a tavern. That same year, the town was organized as the county seat. The Langley Covered Bridge, built in 1887, is the longest covered bridge in Michigan and still a large tourist attraction today.*

- 2191 Centreville, First NB, 2095 Fr. 382 \$1 Original This note is an excellent example of Dr. Lee's goal to have the earliest notes in the best grade. There is a contemporary description in the left margin that reads, "Arrived 5/74 C.M.P." The census indicates there are 10 notes reported, all are First Charters. The bank liquidated in 1893 after their charter would have expired or just been renewed (there was a depression in 1893). A nice note from this St. Joseph County bank. The Dr. Wallace Lee Collection.

## UNIQUE NATIONAL INSURANCE BANK

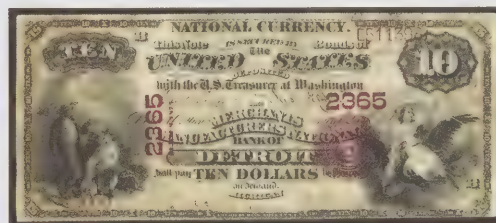

- 2209 **Detroit, National Insurance Bank, 1433 Fr. 397 \$5 Original**  
This was Detroit's third national bank. It was chartered on July 13, 1865 and liquidated less than four years later on February 26, 1869, making it one of the earliest banks to close its doors. This note, not surprisingly, is unique and likely to remain that way with only 4,250 issued and such an early closing. This also happens to be the only bank in the county with "insurance" in its title. Ex: Grinnell, Lot 1794 and previously from the Lee DeGood Collection. The Dr. Wallace Lee Collection.

This was Detroit's fourth national bank. The bank was chartered in 1865 and closed in 1885 after issuing only First Charters. This was an early Patriotic title, seldom seen earlier. There are only four notes reported, and this is an Original Series \$5 with charter numbers. This was the first note to start the DeGood-Falater Collection. Larry recalls John Hickman commenting about how much he liked this title layout. Excellent pen signatures. The Dr. Wallace Lee Collection.

There are only six notes reported, with this being a Original Series \$5 with charter numbers. Dr. Lee really did try to get the best, earliest and highest denominations possible. - 2214 Detroit, First NB, 2707 Fr. 479 \$10 1882BB  
This was the city's seventh national bank. It was chartered in 1882 and liquidated in 1914. This was the successor bank to charter #97, the state's first national bank, but when the charter ran out they just took this new one, and unlike others they didn't look back. This is the best of the bank's first issue with the new charter and it's very attractive. Big margins and bold pen signatures make this even more desirable. The bank's president, D.M. Ferry, also owned the Ferry Seed Company that produced beautiful lithographed advertisements around the turn of the Century. The census shows 35 notes reported on the bank. Excellent pen signatures of F.D. Eatherly and the cashier, whose name I can't figure out but it's clearly and boldly signed. We sold a \$20 in VG in November 2007 for \$5,462. *Dowagiac* is located in Cass County. In 1847 Nicholas Chesbrough, a right of way buyer for the Michigan Central Railroad, and Jacob Beeson of Niles, bought 80 acres and platted the village. The city name comes from the Potawatomi Indian word meaning, "foraging ground". In this area, the Indians could fill all their needs for food, clothing and shelter. In 1911 the Dowagiac National Bank was established.

## ONLY THREE REPORTED

- 2228 Dowagiac, First NB, 1625 Fr. 402 \$5 1875  
A real rarity of the first of the town's two national banks. The bank was chartered in 1865 and had closed as the New Year got started in 1883. Just 7,750 sheets of \$5s were issued. This is truly the third serial number reported from this early bank. It's virtually identical to the example we sold in 2007 at \$5,000. ## IMPRESSION \$20 RARITY

- 2234 East Saginaw, Home NB, 2761 Fr. 438 \$20 1875  
This note was acquired by Wally in 1986 from a Hickman sale where it was described as follows, "A significant note from the Wayne Skiles "Apalachicola" collection. We believe this note is Lot 1835 in the Grinnell sale. This bank was one of the last half-dozen chartered to issue First Charter notes. As mentioned in the Grinnell catalog this note is dated October 3, 1892, over 10 years after the bank was chartered. Since the bank bowed out in June 1896, \$10s and \$20s were placed in circulation for less than four years. We've seen one other note from this bank, an 1875 \$5 dated July 20, 1882. All East Saginaw notes are rare, even with five banks we can account for only seven or possibly eight notes. A bright, carefully handled note..." The current census indicates four notes reported with one being a puppy, the other grade note known. This most likely is and should remain the finest known on this bank. *Escanaba is county seat of Delta County. Its first settlement was called Sandy Point from its location on a point jutting out into the Little Bay de Noc. Its name was changed to Escanaba (the Chippewa word for flat rock) in 1875. Escanaba began as a port town in the mid-to-late 1800s, gaining importance to the Union as a shipping point for iron ore, lumber and copper during the civil war. The Chicago & Northwestern Railroad began operations here in 1863 and built the first ore dock. The railroad was completed in 1865. In 1887 the First National Bank was established.*

This bank's charter was approved in 1887 and they issued notes until they quit printing Nationals. Here is a nice, evenly circulated Red Seal from this bank that has a single Brown Back and three Red Seals known. Excellent pen signatures that are clear but tough to translate. Red Seals are the earliest type issued by this bank and Wally's example is quite attractive. It is also the best of the two large notes reported. The purple stamped signatures of J.C. - 2250 **Grand Rapids, First NB, 294 Fr. 394 \$5 Original**  
This 'jewel' meets all the criteria that Dr. Lee looked for in his collection. It's a UNIQUE bank and the first bank in town. This is also the earliest possible note. In June 2009, when we sold this note in the Van Belkum sale, I said, "There is little doubt in my mind that this unique note was the 'prize' and first choice favorite of Louis Van Belkum's Michigan Collection. It's both his hometown, unique and lovely so isn't that enough? This bank was chartered in 1864 and liquidated in 1883, issuing only First Charters." The note realized \$12,650 in that sale. A.S. White, President and C.L. Feood, Cashier were the original bank officers. The red seal is bright and the paper is fresh with broad margins and the regional letter. ### AMAZING RARITY

- 2274 **Hermansville, First NB, 11954 Fr. 607 \$5 1902ND** This bank in Menominee County is one of the rarest in the collection. The bank was organized in 1921 and only printed 3,057 sheets of large size notes, and only two are known. This is the best possible example. Fabulous is my choice to explain this magnificent rarity from the Upper Peninsula and a rarity that is absolutely as made, with the signatures of J. Rowell, President and C. Gribble, Cashier. I think this will be one of the most sought after notes in the collection. The Fine in the DeGood/Brandimore sale realized \$10,500 hammer. This one is a real jewel. The Dr. Wallace Lee Collection.  
Ch. to Gem CU (10,000-20,000)

*Hillsdale, Hillsdale County, was settled by Jeremiah Arnold in 1834. In early days it was called Hillsdale Center from its location in the county, which had been named from its topography of hills and dales. In 1863 the First National Bank was founded. The city incorporated in 1869.*

- 2275 Hillsdale, First NB, 168 Fr. 466 \$5 1882BB  
Hillsdale was home to three national banks and this was the earliest, being chartered in 1863. It went into receivership in mid-1934. This bank has 12 large notes reported. This isn't the first known First Charter but it's a peach of a \$5 Brown Back that will be very desirable. The pen signatures of F. Prentice, Assistant Cashier and F.M. Stewart, President greatly enhance this impressive Brown Back. We sold a similar note in the Power collection in 2006 for \$3,220. This note has the illustrious pedigree to the Grinnell sale, Lot 1885. An impressive \$5 Brown Back. The Dr. Wallace Lee Collection.  
XF/AU (2,250-4,500)

- 2276 Hillsdale, First NB, M168 Fr. 639 \$20 1902RS  
A sharp \$20 Red Seal that has very clear pen signatures of F.M. Stewart and possibly G.F. Stewart. This last appeared in our October 2010 sale where it brought \$2,070. There is a piece of tape on the back holding a small paper flaw. Only 12 large notes are reported. From the David Davis Collection.  
VF (1,500-3,000)

- 2277 Hillsdale, Second NB, 1470 Fr. 387 \$2 Original  
This bank was short-lived, from 1865 to 1886, and it is represented only by First Charters. There are seven in the census; two Aces and five Deuces. This note is a sharp, well centered Deuce from this early bank. Nice centering and a perfectly closed center split. Pen signatures of C.I. Whitehall and R.M. Hubbard. The Dr. Wallace Lee Collection.  
VF + (7,000-14,000)

This bank was a very late one, chartered in 1934 and issuing just over 1,000 sheets of \$5 and \$10 Type 2 notes. There are currently six small notes reported, but this is the first I've seen. It looks like an UNC with a couple of bends. Previously from the DeGood Collection. The Dr. Wallace Lee Collection.

In 1855, the first railroad tracks to reach Holly were those of the Detroit and Milwaukee Line, later joined by the Flint & Holly Railroad Line. It was renamed Holly on Dec. 7, 1861 after the beautiful holly which grew and still grows in the area.*

- 2279 Holly, First NB, 1752 Fr. 401 \$5 1875  
This bank was chartered in 1870 and liquidated in 1890, after issuing only \$5 First Charters. The census shows there are four notes reported. This example is evenly circulated. Excellent pen signatures of J.C. Simonson, President and the assistant cashier. The only appearance I can find was a somewhat higher grade in the DeGood collection that realized \$6,325. The Dr. Wallace Lee Collection.  
VG/Fine (2,500-5,000)

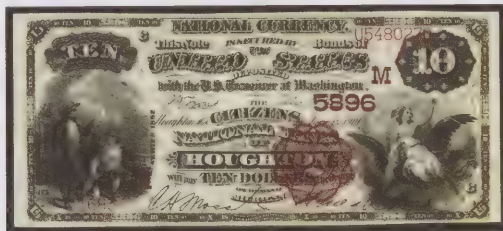

### UNIQUE FOR BANK

- 2280 Holly, Merchants NB, 1965 Fr. 401 \$5 1875  
In April of 1872 the second and final national bank was chartered in Holly. This bank was not as successful as its companion or competition as it closed in 1881. This is an ultra rarity with excellent signatures of Thomas Hadley, President and S.S. Wilhelm, Cashier. Unique and from the Grinnell sale, Lot 1891 and acquired from the DeGood collection. The Dr. Wallace Lee Collection.  
Fine (15,000-25,000)

**Houghton**, Houghton County, was first settled in 1852 by Ransom Sheldon when he bought land around Portage Lake. Many Cornish and Finnish immigrants came to the area to work in the copper mines. It was incorporated as a village in 1867 and named after the county, which was in turn named for pioneer state geologist Douglass Houghton. In 1883, the railroad was extended from Marquette.

- 2281 Houghton, Citizens NB, M5896 Fr. 490 \$10 1882BB**  
This bank was chartered in 1901 and issued notes until 1932. Here is an example of the earliest type issued on this bank and it's a peach. There are three \$10 Brown Backs reported, all in similar grade. The last one listed was this note back in 1991. The Dr. Wallace Lee Collection.  
Ch. XF/AU (1,750-3,500)

- 2282 Houghton, NB, M7676 Fr. 650 \$20 1902ND**  
This banking institution was established in 1905, the fourth and last to operate in Houghton County. Most of the 47 large notes reported are in nice grade, which normally means saved by the bank. The vice president, W.D. Calverley penned his signature while the stamped cashier's, C.H. Frimodig, is faint. The Dr. Wallace Lee Collection.  
XF/AU (400-800)

**Howell's** (Livingston County) first settlements within the city were in 1834 and were then known as Livingston Centre, from its location in the county. In 1835 Edward Brooks and Flavius Crane, changed the town's name to Howell in honor of Thomas Howell.

- 2283 Howell, First NB, 11586 Fr. 607 \$5 1902ND**  
This bank was chartered in 1920 and only issued 2,260 sheets of large size notes. This example is a lovely, fresh XF that has beautiful pen signatures of W.B. Reader and Eugene A. Fay. Ex: Grinnell, Lot 1896 and brought \$2,200 in the DeGood sale. The Dr. Wallace Lee Collection.  
XF/AU (1,500-3,000)

**Hubbell**, in Houghton County, was a settlement around the Hubbell sawmill and was given a station on the Chicago, Milwaukee & St. Paul Railroad. It was originally named Hubbell's Mill about 1894 and was changed to Hubbell in 1903. The First National Bank was established in 1909.

- 2284 Hubbell, First NB, 9359 Fr. 626 \$10 1902ND**  
This bank was organized in 1909 and liquidated in 1934. I thought the note we sold in 2007 was the best of the five reported but this is clearly a higher quality note. A penned signature of A.L. Burgan, President and a stamped signature of R.E. Odgers, Cashier. The Dr. Wallace Lee Collection.  
VF/XF (1,250-2,500)

- 2285 Hubbell, First NB, 13824 Fr. 1801-2 \$10 1929T2**  
This bank was chartered late in the National Bank Note issuing period and has only six small notes reported, with only two appearances. This example was the first to appear in 2001; in 2007, when demand had subsided, a second, lower grade appeared at \$1,265. These appear to be the same officers as were on the large notes from the other charter in town. The Dr. Wallace Lee Collection.  
VF + (1,500-3,000)

**Ionia** is located in Ionia County; when established in 1831, the county was named after the ancient Greek province. In 1833, a party of 63 from Herkimer County, NY, settled the town. In 1864 the First National Bank was founded; the National Bank of Ionia was founded in 1901.

- 2286 Ionia, First NB, 275 Fr. 394 \$5 Original**  
This bank was one of the state's earliest, chartered in 1864. It liquidated in 1897 after issuing First Charters and a few \$50 and \$100 Brown Backs. With only three notes reported on such an early bank, one cannot underestimate the beauty and desirability of having the finest known example from this location. Exquisite pen signatures and exceptional quality. Acquired in our June 2009 sale from the Louis Van Belkum Collection. Here is an exceptional opportunity. The Dr. Wallace Lee Collection.

This is one of the six \$50 1182 Date Backs known from this community. This bank was chartered in 1901 with barely time to get this type printed. The bank has 25 1902 Blue Seals known as well. Here is a great type for the state. It has excellent pen signatures and even circulation. The last example, in similar grade, realized \$5,750 in 2008. #1 \$5 BROWN BACK ITHACA

- 2298 **Ithaca, First NB, 3217 Fr. 467 \$5 1882BB #1**  
This rare bank was chartered in July 1884 and stayed around only until October 1896. There are only two notes known, and this #1 note appears to be the best. This note can be traced back to a Jess Peters sale in the 1970s and was acquired from the DeGood collection in 2007. A great layout and an ultra bank will make this #1 note one of the evenings most desirable items. Excellent signatures of Robert M. Steel, President and J.W. Lewis, Cashier. The Dr. Wallace Lee Collection.

- 2300 Ithaca, Commercial NB, M9654 Fr. 619 \$10 1902DB This bank was chartered in 1910 and it lasted through the end of the national bank era. *Kalamazoo, Kalamazoo County, was settled by Titus Bronson in 1829. The village of Bronson was platted in 1831 and renamed Kalamazoo in 1836. The name comes from the original Indian name of Kikalamazoo, said to mean the mirage or reflecting river.*

- 2305 Kalamazoo, First NB, 191 Fr. 380 \$1 Original This was an early bank that issued notes right through small size, but only four First Charters are known. This note meets Wally's favorite notes criteria, the earliest possible. It's certainly close. Purchased years ago from Tom Denly. The president was S. Hill but the cashier's signature is gone. Taylor, Cashier and Allen Potter, President. The Dr. Wallace Lee Collection. PMG VF 20 (2,250-4,500)

- 2310 Kalamazoo, City NB, 3210 Fr. 467 \$5 1882BB This institution was chartered in 1884 and with only six notes reported it may well be the city's scarcest bank. This \$5 has seen light circulation, but it is from a rare bank that closed in 1910. Excellent pen signatures of C.S. Dayton, President and family member Ecle Dayton, Cashier. A beautiful layout on this rare note and surely the best note on the bank. The Dr. Wallace Lee Collection. VF + (2,000-4,000)

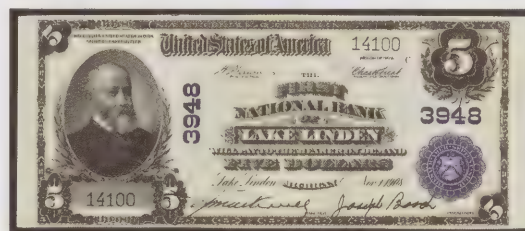

- 2311 Kalamazoo, NB, 3211 Fr. 467 \$5 1882BB This bank must have been in competition with the City National Bank to see who would be in business first. This note has the first title and is very attractive. Excellent pen signatures are clearly visible and bold. All five of the Brown Backs are similar in quality. Fifteen years ago we sold this note for \$495. There are currently 25 large notes reported. The Dr. Wallace Lee Collection. F/VF (750-1,500)

- 2312 Kalamazoo, NB & Trust Co., 3211 Fr. 1800-1 \$5 1929T1 This small size note has the second title which all small size have, and there are only four notes reported. A rarity in top grade. *Lake Linden, Houghton County, was first settled in 1851. In 1853 brothers, Alfred and James Beasley opened a public house. The village was the outgrowth of the Calumet and Helca Mining whose stamp mills located here in 1867. It was a station on the Hancock & Calumet Railroad. It was first called Torch Lake and was renamed from the linden trees lining the lake. In 1888 the First National Bank of Lake Linden was founded.*

- 2313 Lake Linden, First NB, 3948 Fr. 600 \$5 1902ND This banking institution received its charter in 1888 and it was sharp enough to continue in business through the end of the National Bank Note issuing period in 1935. Previously from the Grinnell sale, Lot 1918 and we also sold this note to Wally in 1995. The Dr. Wallace Lee Collection. Ch. to Gem CU (1,500-3,000)

*L'Anse Creuse, Macomb County, now known as St. Clair Shores, was settled about 1779 by the French spreading out from Detroit. It was named L'Anse Creuse (deep bay) from its location on the shores of Lake St. Clair.*

- 2314 **L'Anse Creuse, First NB, 12661 Fr. 609 \$5 1902ND**  
This note has it all, and let me tell you about it. The bank was chartered in 1925, but the plate has a date of 1924! The town no longer exists; it was changed to St. Clair Shores. The bank title was changed as well in 1927. So there you have it, a great name that I have never seen before, an engraving error and the town no longer exists. That's enough to generate lots of interest, with only three national banks with this title. The pen signatures are light. This is the finest of the three notes reported. This note realized \$7,700 in a 2001 Smythe sale and the DeGood example brought \$6,325. The Dr. Wallace Lee Collection.  
VF + (4,500-9,000)

*Lansing, the capital city of Michigan, is in Ingham County. In 1835 and early 1836, two brothers from New York plotted the area and named it "Biddle City." All of this land lay in a floodplain and was underwater during most of the year. Regardless, the brothers went back to New York, specifically Lansing, NY, to sell plots for the town that did not exist. A group of 16 men bought plots in the nonexistent city and upon reaching the area later that year found they had been scammed. Many in the group too disappointed to stay ended up settling around what is now Metropolitan Lansing. Those who stayed quickly renamed the area "Lansing Township" in honor of their home village in New York. In 1847 Lansing was named the state capital.*

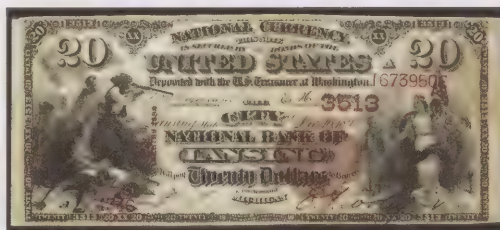

- 2315 **Lansing, Second NB, 264 Fr. 401 \$5 1875**  
This First Charter is one of four First Charters from the second bank chartered in the state capital. The bank was in business from 1864 to 1884 and issued a few Brown Backs before it closed. This note came from Heritage in 2005 when it realized \$11,500. Apparently they missed some restoration on the right end. Since that time two others have appeared at auction. Excellent pen signatures on this example from the Dr. Wallace Lee Collection.

## UNIQUE STATE CAPITAL BANK

- 2316 **Lansing, NB, 1953 Fr. 416 \$10 1875**  
A great Michigan rarity that remains unique and is likely to stay that way. It was chartered in 1872 and liquidated at the end of its charter in 1892. The bank only issued \$10 and \$20 First Charters - 4,856 sheets altogether. There were four national banks in Lansing and all are relatively available except this one. Your window of opportunity is short on this Ingham County note. This note was signed by Orlando Mack Barnes, President (he was also mayor) and M.S. Coleman, Cashier. This note fits the bill for Dr. Lee's collection: the earliest known note in the best possible condition. UNIQUE it is! Certainly a great state capital rarity. Previously from our June 2004 sale where it reached \$14,950. The Dr. Wallace Lee Collection.  
Fine (10,000-20,000)

- 2317 **Lansing, City NB, 3513 Fr. 499 \$20 1882BB**  
This bank was chartered in the state capital in 1886. The note offered here is the earliest possible type. There is only one other Brown Back known, but there are 21 large notes reported. Olds, of Oldsmobile and Diamond REO Trucks, an automobile pioneer. Purchased from the Lee DeGood Collection. The Dr. Wallace Lee Collection.  
AU/CU (800-1,400)

- 2320 Lapeer, First NB, 1731 Fr. 383 \$1 1875  
This bank was chartered in 1870 and was still open after the National Bank Note issuing period...a rare feat indeed! A lovely, high quality example that is beautifully signed by H.K. White, President and C.G. White, Cashier. The Lazy Deuce in the DeGood collection had the matching serial number to this note. The Dr. Wallace Lee Collection.  
XF + (2,500-5,000)

*Laurium, located in Houghton County, was platted by the Laurium Mining Company and incorporated by the supervisors as Calumet in 1889. It was reincorporated and renamed Laurium in 1895. Laurium is in one of the most productive copper districts in the United States, and copper mining is its chief industry. In 1907 the First National Bank was founded.*

- 2321 Laurium, First NB, M8598 Fr. 589 \$5 1902RS  
This bank was chartered in 1907 and the first type issued were Third Charter Red Seals. This is an evenly circulated Red Seal with excellent pen signatures of A. Levin, Vice President and J.B. Paton, Cashier. This note may be tied for the finest of the three known Red Seals. Previously from our 1995 sale. The census shows 33 large notes reported. The Dr. Wallace Lee Collection.

#### FIRST PUBLIC OFFERING

- 2324 Lowell, NB, 1280 Fr. 397 \$5 Original  
This one-bank town was chartered in 1865 and went into receivership in 1888 after issuing a few First Charters and Brown Backs. The only other survivor is a \$5 Brown Back in really poor condition and is a candidate for restoration, barely. Fine (10,000-20,000)

- 2326 Ludington, First NB, 2773 Fr. 650 \$20 1902ND This charter was established in 1882 and lasted until 1934. Currently there are eight large notes reported. Hammond, Vice President and A.R. Vestling, Cashier. The Dr. Wallace Lee Collection.  
XF/AU (1,200-2,400)

# #1 \$1 FIRST CHARTER NB OF LYONS, MI

- 2328 Lyons, NB, 2008 Fr. 389 \$2 Original This bank and town were missing from the DeGood Collection so we know it's rare. The bank was chartered on July 6, 1872 with this title and only a few months later, on Christmas Eve 1877, it changed location and town to the Second National Bank of Ionia. The bank was liquidated in January 1889. Only 3,375 sheets were printed with the first title and just over 7,000 with the second, but none are known. In 1910 the outstanding was \$1,502. Dr. Lee chose this Deuce for his collection. Signed by Adam L. Roof, President and Josiah E. Just (Dust?), The Dr. Wallace Lee Collection.  
VG/Fine (4,000-8,000)

*Milford is a city in Oakland County; Levi Pettibone was the first settler in 1827. It was incorporated as a village in 1869. The Huron River and Pettibone Creek were the means of furnishing valuable water power, which made it possible for Milford to become one of the first communities to have electric lights in 1892.*

### FINEST KNOWN NOTE

- 2343 Milford, First NB, 2379 Fr. 418 \$10 1875 This is a one-bank town in Oakland County and it had a national bank only from 1878 to 1886. The bank issued just 2,272 sheets of \$10 and \$20 First Charters. Somehow two notes have survived, but I have never seen one for sale. This is one of the two notes reported; both are 1875 Series, this \$10 and a low grade \$20 that realized \$9,000 hammer in March 2007. This beauty could have more margin but it's very lovely. The Dr. Wallace Lee Collection.

### IMPRESSIVE #1 MILLINGTON

- 2344 Millington, NB, 8723 Fr. 600 \$5 1902ND #1 This bank was established as the Vassar National Bank in 1907 and it took this town name change in 1926. There are 19 large notes reported with the Millington title out of just 765 large sheets printed. This is an amazing number of notes saved. Only one does not seem to be with the rest. Here is a tremendous opportunity to acquire a beautiful, scarce, double #1 Blue Seal with excellent signatures of George Veitingruber, Vice President and C.H. Stevenson, Cashier. It has a centerfold but the quality is gorgeous. This is the 'A' position note and no other #1s are known. The Dr. Wallace Lee Collection.

*Monroe is the county seat of Monroe County. In 1780 Francois Navarre settled on the north side of the Riviere aux Raisins by the Indians. In 1784, 100 French families from Canada joined him; Frenchtown became the third permanent community in Michigan. The American settlement of Monroe (named after President James Monroe) was platted on the south side of the river in 1817. The Port of Monroe is the only port in Michigan that is on Lake Erie.*

- 2345 Monroe, First NB, M1587 Fr. 482 \$10 1882BB The bank was chartered in 1865 and this Brown Back is the earliest note recorded. It is a beauty with great centering and pen signatures of Gordon and Warren. This note, previously from the DeGood collection, is one of 18 large notes reported, but it is the one you will want. Only two of the 19 large notes reported are earlier than this lovely Red Seal, which is the only Red Seal reported. *Morenci, in Lenawee County, was the site of a sawmill in 1835. The village of Brighton was platted in 1852. Because there was another Brighton in Michigan, this village retained the name of Morenci. It was a station on the Lake Shore & Michigan Southern Railroad.*

2348 Morenci, First NB, M5669 Fr. 490 \$10 1882BB

This charter was established in 1901, very near the end of the Second Charter period. It closed in 1927 after issuing 6,281 sheets. It is no surprise that it's rare with only four notes known, and of course it was a one-bank town. This Brown Back is the bank's earliest possible type and it's pleasing. Clearly penned signatures of G.H. Rorick, President and Arthur Turner, Cashier. The 1882 Date Back in the DeGood sale realized \$3,100. The Dr. Wallace Lee Collection.

Clemens and his friend, John Brooks, built a distillery, which helped settle the area. Brooks and Clemens platted the land, and the town was named after Clemens in 1818. It filed for incorporation as a village in 1837, but it was not acted upon until 1851.*

*Munising, Alger County, is on the east shore of Munising Bay. The town began in 1850, when the Munising Iron Company bought land there and platted a community first known as "Old Munising" and later as "East Munising". The first post office was opened in 1868 and closed in 1873 after the Munising Iron Company failed. The office's existence over the next few decades fluctuated as various other iron companies came and went in an attempt to continue operations there. In 1894, Timothy Nestor and associates began what became the present city at the south end of the bay and platted it in 1895. In 1896, a post office opened there.*

2350 Munising, First NB of Alger County, M9000 Fr. 652

\$20 1902ND This bank was chartered in 1908 as the community's only national bank. There are 29 large notes reported, with many similar and few better. This example is a pleasing grade that could have a larger top margin. The stamped signatures are very clear on the note. Previously from our March 1996 sale where it realized \$375. The Dr. Wallace Lee Collection.

*Muskegon, the county seat of Muskegon County, is located near the river the French call Masquignon, from the Indian word for marshy river. The French opened a trading post there in 1834. Sawmill owner Theodore Newell first platted the village in 1849. It was incorporated as a city in 1869. Once referred to as the "Lumber Queen of the World" as its rich collection of sawmills supplied the lumber to rebuild Chicago after "The Great Fire".*

2351 Muskegon, NB, 1730 Fr. 419 \$10 1875

This was Muskegon's first national bank and it was only in business from 1870 to 1890; although five others followed in its footsteps. The bank issued only First Charters and just under 10,000 sheets. This example is the best of the two known notes. It is bright, fresh and has a very nice appearance. The bank signatures were Charles H. Hackley, President and Frank Wood, Cashier. A real beauty that shows how extraordinary the Lee Collection truly is. The Dr. Wallace Lee Collection.

## ULTRA RARE #1 MUSKEGON

- 2352 Muskegon, Lumberman's NB, 2081 Fr. 399 \$5 Original #1** This charter was established in 1873 for what I consider one of the state's most representative banks. In a state where lumber has always been an important industry it seems appropriate to have a serial #1 note on this tradesmen's title. The fact that the bank was out of business by 1893 may not bode well for the region, but a slightly different charter appeared that same year; so it may have just been the charter expiration. The fact remains that this serial #1 note is one of only two notes known. It is a beautiful and rare note with excellent signatures of C. Davis, President and C.C. Billingham, Cashier. Who wouldn't want it? There is a signature of W.A. Woods in red ink on the left front. This jewel was acquired from the DeGood collection at \$17,500 hammer - spot on my low estimate. The Dr. Wallace Lee Collection.

### UNIQUE FOR BANK

- 2353 Muskegon, Merchants NB, 3088 Fr. 467 \$5 1882BB** Ultra rare is a good term to use for this unique bank note. The bank was chartered in 1883 and liquidated in 1896, with just \$735 outstanding shown in 1910. It has excellent pen signatures of John Torrent and H.O. Lange. The note is well worn but it's basically problem-free and has a good look as well. The Dr. Wallace Lee Collection.

The note was part of the fabled collection of Albert Grinnell, a piano salesman who actually sold a piano to Dr. Lee's parents (an amazing coincidence). In the Grinnell sale this note was Lot 3601 which includes the top sheet selvage and was check letter 'D'. Very rare with beautiful pen signatures. Pedigreed: Grinnell, Donlon, Hickman-Oakes, Dr. Lee. Clearly the finest and most important note possible. The Dr. Wallace Lee Collection.

### SPECTACULAR OVID BROWN BACK

- 2365 **Ovid, First NB, 3264 Fr. 467 \$5 1882BB** This charter was established in 1884. There are only two notes reported and we sold the other as part of the Power Collection where that note was described as "Ovid resides in Clinton County and was incorporated in 1858, with the construction of a rail depot within the township. Ovid was never a large town, but was prosperous nonetheless, with several independent businesses, mills and one bank, founded in 1868. When CAA auctioned the Charles Colver estate in 1999, they remarked that they felt this note was the single neatest item in his state set. It is certainly a candidate for that position in the Power Collection as well. The bank is incredibly rare, having issued \$5 Brown Backs only over a 13 year period, before liquidating in 1897. It was the only bank in town, and by 1910 just \$370 remained outstanding. Only one other note is reported, most likely the substantially lower grade piece that was offered in a 1974 Jess Peters sale. That piece has not reappeared in years. The Kaleidoscope tombstone only gilds the lily. Signatures of E. DuCamp, Vice President, and Horace Keys, Cashier". This lovely note was acquired from the Lee DeGood Collection. The name was not officially changed until June 1875. It was named for Chief Wasso whose tribe was moved from this area to a reservation.*

- 2366 **Owosso, First NB, 1573 Fr. 380 \$1 Original** This charter was established in October 1865 and lasted for 20 years. The town's other national bank was established the same year. This First Charter only bank is as rare as possible, but amazingly six notes have survived and all are of similar grade. This example has several minor splits restored. Nice signatures of T.D. Dewey, Vice President and Geo. Moses, Assistant Cashier. The Dr. Wallace Lee Collection.

- 2368 **Petoskey, First NB, M5607 Fr. 504 \$20 1882BB** This charter was established at the turn of the century. Only two of the bank's earliest types are known, with this beauty being one of the those. There are 20 large notes reported from this one-bank town. This note, previously from the DeGood collection, has excellent pen signatures of the Curtis family. The Dr. Wallace Lee Collection.

*Reed City, the county seat of Osceola County, was named after James M. Reed, one of its founders. It was first platted as Reed City in 1870. In 1871 the Grand Rapids & Indiana Railroad built a station there.*

- 2384 Reed City, First NB, M4413 Fr. 449 \$10 1882BB  
This charter was established in 1890 for this one-bank town in Osceola County that issued notes until closing in 1931. The Brown Backs were the earliest type issued by the bank and this seems to be the best of the three known. This note, previously from the DeGood collection, has nice signatures of J.W. Parkhurst, President and L.G. Hammond, Cashier. The Dr. Wallace Lee Collection.  
VF (2,500-5,000)

*Richmond, Macomb County, was first called Ridgeway, from its high ridge or Ridge Road. It was renamed Lenox after its township in 1837. It merged with Beebe's Corners to become Richmond in 1838. In 1915 the First National Bank was established.*

- 2385 Richmond, First NB, 10742 Fr. 632 \$10 1902ND  
This bank was established in 1915 and was in business until 1933. There are six large notes reported, and this one must be the best. It is really UNC and the top note from a late sheet. There is a 1934 date stamp on the back which does not distract and is historical, so I thought it should be left. This note has exquisite pen signatures of C.E. Greene, President and A.F. Lindke, Cashier. Although there is no extra bottom margin, it is still a beauty. A great note, previously from the DeGood collection, to get on a one-bank town. The Dr. Wallace Lee Collection.  
Ch. AU (2,000-4,000)

*Rockland is located in Ontonagon County. The Rockland Mine opened in 1847 and a post office named Rockland opened in January 1853, closing in September 1860. In 1864, the three nearby adjacent plats were consolidated and retook the name Rockland. It was a flag station on a branch of the Detroit, Lansing & Northern Railroad in 1886.*

- 2386 Rockland, First NB, M5199 Fr. 658 \$20 1902ND  
This bank was chartered as Ontonagon County National Bank of Rockland but took this title in 1904. Excellent black printed signatures and several minor rust spots are evident. One of four large notes reported on the bank. The Dr. Wallace Lee Collection.  
Fine (2,000-4,000)

*Romeo, Macomb County, had its first permanent settlers in January of 1822. It was known as Hoxie Settlement, and was given a post office as Indian Village. Its name was changed to Romeo at the suggestion of Mrs. Laura Taylor on Nov. 11, 1830. In Romeo's early days, it served as a hub for the timber industry.*

### LIKELY THE BEST NOTE KNOWN

- 2387 Romeo, First NB, 354 Fr. 380 \$1 Original  
The charter for this bank was established in 1864 and the bank continued to operate until 1897. It issued First Charters and a few Brown Backs. There are six notes reported. This could easily be the best note known as it is well centered and with good quality. Light signatures of E.W. Giddings, Vice President and H.O. Smith, Cashier on this note that was previously from the DeGood collection. The Dr. Wallace Lee Collection.  
VF (20,000-40,000)

- 2388 Romeo, First NB, 354 Fr. 387 \$2 Original**  
 This was the town's first national bank. It was chartered in 1864 and did business until 1897 when it was liquidated. There were only 1,700 Lazy Deuces printed and there are only five surviving examples, including this Deuce, two \$1s and two \$10 Brown Backs. There have only been two public offerings of the five notes reported. This Deuce is quite pleasing with clear pen signatures. The Dr. Wallace Lee Collection.  
 Fine + (5,000-10,000)

- 2391 Saginaw, First NB, 1768 Fr. 382 \$1 Original**  
 This charter was established in 1871 and used until 1899 when it was liquidated. This was the earliest of Saginaw's national banks and there were four of them. This note, previously from the DeGood collection, has even circulation, excellent blue pen signatures and is one of five notes reported from the early Saginaw history. The Dr. Wallace Lee Collection.  
 Fine + (3,500-7,000)

- 2389 Romeo, Citizens NB, M2186 Fr. 487 \$10 1882BB**  
 This bank was chartered in 1874 and was successful until the banks were closed in 1933, which was its demise I'm sure. This very fresh note is a beauty with great color, centering and signatures of John Smith, Jr., President and S.A. Reade, Cashier. The note fits perfectly into the Lee collection as the earliest type possible that is known. Virtually identical to the DeGood example. There are 14 large notes reported, including four Brown Backs. The Dr. Wallace Lee Collection.  
 VF/XF (2,000-3,000)

- 2392 Saginaw, First NB, 1768 Fr. 405 \$5 1875**  
 this bank was chartered in 1871 and it was the earliest of four banks chartered there. It closed in 1899 and just five notes have survived, two are Original Series, two are 1875 Series and one is a Brown Back. This note is lovely and much prettier than the census indicates. Great pen signatures but I cannot decipher them. The back does have three folds that are hard. I sold a \$1 in VF 20-25 at \$10,925 in 2004 and a Fine at \$4,887 in 2007. The VF resold in 2010 at \$6,325. I think this note is prettier than either of those. The Dr. Wallace Lee Collection.  
 VF + (5,000-10,000)

*Royal Oak is located in Oakland County. William Thurber was the first settler in 1819. The city's name originates from a tree located near the present day intersection of Crooks, Rochester, and Main that in 1818 reminded Territorial Governor Lewis Cass of the Royal Oak tree within which King Charles II of England hid to escape the Roundheads following the Battle of Worcester.*

- 2390 Royal Oak, First NB, 12657 Fr. 609 \$5 1902ND #15**  
 This one-bank town's only national bank was chartered in 1925 and only lasted until 1931. There are 10 large notes reported on the bank. This is a CU note with a boldly penned cashier's signature and a very faintly stamped president's. Ex: Grinnell sale, Lot 1993. The Dr. Wallace Lee Collection.  
 Ch. to Gem CU (2,000-4,000)

- 2393 Saginaw, Second NB, M1918 Fr. 472 \$5 1882BB**  
 This bank was chartered as East Saginaw in 1872 and took this title in 1891. A number of early notes are known. This is one of six \$5 Brown Backs and all but one grade like this. There are 55 large notes reported of all types. This note has excellent pen signatures of W.A. Avery, Vice President and Edwin W. Glynn, Cashier. In January 2007 one of the known Brown Backs brought \$2,990. The Dr. Wallace Lee Collection.  
 Ch. AU (1,750-3,500)

- 2394 Saginaw, Second NB, 1918 Fr. 602 \$5 1902ND  
This note has the second title and is a nice UNC. The bottom margin is too close for a higher grade.  
PCGS New 62 PPQ (750-1,000)

- 2395 Saginaw, Commercial NB, 3911 Fr. 497 \$20 1882BB  
This bank was chartered in 1888 and was liquidated in 1922. Only 14 notes have survived. The note is one of the first printed after inception and it's a lovely, high quality Brown Back, as you would expect. It's the finest known note on the bank. This tough bank note has well penned signatures of J.F. Brand, President and M.O. Roberts, Cashier. The Dr. Wallace Lee Collection.  
VF + (2,500-5,000)

*Saint Clair Shores, in Macomb County, was formerly known as L'Anse Creuse (deep bay) from its location on the shores of Lake St. Clair. The site was settled about 1779 by the French spreading out from Detroit.*

- 2396 Saint Clair Shores, First NB, 12661 Fr. 1800-1 \$5 1929T1  
This bank was chartered as L'Anse Creuse and in 1927 the name was changed to Saint Clair Shores. There is only one large and two small size notes reported with this town name and title. This note was previously from the DeGood collection. The Dr. Wallace Lee Collection.

*St. Clair Heights, in Wayne County, was named for the St. Clair family, landowners there. In 1900 it then adjoined the eastern city limits of Detroit; it was annexed by Detroit in 1918. In 1914 Michigan National Bank was established in Saint Clair Heights.*

### TOWN DOES NOT EXIST ONLY TWO NOTES KNOWN

- 2397 St. Clair Heights, Michigan NB, M10632 Fr. 605 \$5 1902ND  
This short-lived bank received its charter in 1914 and was gone like the wind on January 15, 1920. Only two notes have been reported to have survived from the scant 4,477 sheets printed. The town no longer exists...swallowed up by Detroit. This example is the best of the two reported notes and retains the top selva from the sheet. The DeGood note realized \$8,500 in active bidding. Bold signatures of James S. Holden, Vice President and Wm. H. Fowler, Cashier. The Dr. Wallace Lee Collection.  
XF (6,000-12,000)

*Saint Clair is located in St. Clair County. In 1818 James Fulton became the sole owner of land and platted the village, naming it St. Clair after the lake adjacent to it. The lake was first named St. Clare by LaSalle who entered it on August 12, 1679, the feast day of Ste. Clare. The spelling was later changed to St. Clair for General Arthur St. Clair, the first American governor of the Northwest Territory.*

- 2398 St. Clair, First NB, 1789 Fr. 389 \$2 Original  
This one-bank town received its bank charter in 1871 and the bank only survived until 1886. There are five notes reported. This note is a decent VG, maybe the second best. Just over 10,000 sheets were printed but on these early banks that doesn't mean much. Light signatures of D. Sheldon, President and J.C. Clarke, Cashier on this note that was previously from the DeGood collection. The Dr. Wallace Lee Collection.

*St. Ignace, Mackinac County, was founded by Father Marquette in 1671, and was named for St. Ignatius of Loyola. St. Ignace has a rich Native American history and was once the hub of 17th century fur trade. In the mid-1800s, the population swelled when logging and commercial fishing was in full strength. The village was incorporated as a city in 1883.*

- 2399 **St. Ignace, First NB, 3886 Fr. 470 \$5 1882BB**  
This bank, in Mackinaw County, was chartered in 1888 and it remained a one-bank town. Currently there are 10 large notes reported on the bank. This \$5 Brown Back is the only Brown Back known and no doubt it will be well received. It had a small professional restoration in two corners but it isn't easy to find. Pen signatures of Wm. Saulson, Vice President and a cashier's signature I cannot decipher. This is one of the 31 or so banks that has the state name in the tombstone. The Dr. Wallace Lee Collection.  
XF (5,000-10,000)

*St. Johns is the county seat of Clinton County. In 1853 while state officials examined the proposed line of the Detroit & Milwaukee Railroad, John Swegles cleared the land and laid out the village. It was named for him with Rev. C.A. Lamb, Baptist minister, adding the Saint. The railroad arrived in St. Johns in 1857.*

- 2400 **St. Johns, NB, 3378 Fr. 496 \$20 1882BB**  
This bank was established in 1885 and it continued right through the small size period. This example is beautifully centered with excellent pen signatures of John Hicks, President and R.C. Dexter, Cashier. There are 35 large notes reported on the bank but the Brown Back is the earliest type. This is a gorgeous \$20 that is one of two known. Anyone would be pleased with this note. The Dr. Wallace Lee Collection.

*St. Joseph is located in Berrien County. In 1679 LaSalle built Fort Miami (in Miami Indian territory) here to keep his restless men occupied. In 1780 a trading post was built and the area was settled in 1827; called Sarnac after a Great Lakes ship. The name was changed to St. Joseph in 1833.*

### BEAUTIFUL EARLY RARITY

- 2401 **St. Joseph, First NB, 1866 Fr. 399 \$5 Original**  
This banking charter was established in 1871 and just 10 years later the bank was no longer in business. Notes of this rarity and quality are extremely scarce to the marketplace and this Michigan collection offers more early rarities than I have seen in many years. This note, previously from the DeGood collection, is the finest of three known. By 1910 there was just \$586 outstanding left on the government books for this bank. The Dr. Wallace Lee Collection.  
VF + (7,500-15,000)

- 2402 **St. Joseph, Commercial NB, M5594 Fr. 477 \$5 1882BB**  
This bank was established as a national bank in 1900 and it had two titles before going into receivership in 1931. There are 32 large notes reported, and this is as high a quality as is known. A nice looking, well centered example with excellent pen signatures of M.M. Stock, Vice President and A. Reece, Cashier. The Dr. Wallace Lee Collection.  
VF (1,250-2,500)

### APPARENTLY UNIQUE TITLE

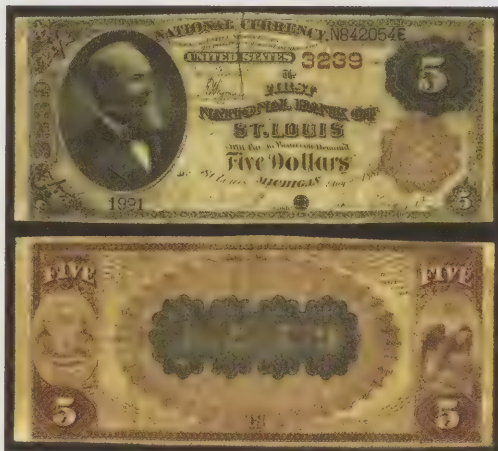

- 2403 **St. Joseph, Commercial NB & Trust Co., 5594 Fr. 633 \$10 1902ND**  
This bank may well be unique in large size as both listed notes, a \$5 and a \$10, are shown as serial #357, Plate A. The stamped signatures are a bit faint. This note has a scotch tape repair on the back. The Dr. Wallace Lee Collection.  
Fine (2,500-5,000)

*St. Louis is located in Gratiot County. In 1853 it was the site of Joseph Clapp's sawmill and cabin on Pine River. The village was platted in 1855 and named Pine River. An adjacent village of St. Louis was platted in 1859. The two villages were consolidated as St. Louis in 1865. General Charles Gratiot, after whom the county was named, was a native of St. Louis, Missouri. The First National Bank was established in 1884.*

### NEWLY DISCOVERED ST. LOUIS BROWN BACK

- 2404 St. Louis, First NB, 3239 Fr. 467 \$5 1882BB**  
The bank was only in business from 1884 to 1897 and issued only \$5 Brown Backs. Just 2,659 sheets were printed. By 1910 there was only \$400 left on the books. This note will also surprise many collectors not knowing that this misplaced town (in their minds) exists. After the sale of the DeGood note in 2007 this well used but problem free Brown Back turned up and it's the second note known on this charter. The DeGood note was the first discovered and it was previously described as, "A #1 \$5 Brown Back with excellent pen signatures. A couple of tiny splits have been expertly restored." That note brought \$39,100 in that 2007 sale. This example was pen signed by John Triger, Vice President and A.B. Darragh, Cashier. From The Dr. Wallace Lee Collection.  
**PMG VG 10 (15,000-30,000)**

*South Haven is located in both Van Buren County and Allegan County. Because of its position on Lake Michigan, at the mouth of the Black River, South Haven has always been a port city. South Haven was named for its location relative to the city of Grand Haven. It was first settled in 1831 by Jay R. Monroe. A sawmill was built here in 1850 by Joseph Sturgis. It was incorporated as a village in 1869, and later as a city in 1902.*

- 2405 South Haven, First NB, 1823 Fr. 382 \$1 Original**  
This bank was chartered in May 1871 and closed on New Years Eve 1889. There are just five notes reported on this Van Buren County bank which remained elusive to the DeGood collection. This note is evenly circulated with good centering and excellent signatures of S.R. Boardman and C.J. Monroe. The Dr. Wallace Lee Collection.  
**VF + (4,000-8,000)**

*Sturgis, in St. Joseph County, was settled by Judge John Sturgis, from Monroe, Michigan, in 1827. The town was first called Sturgis Prairie, but was platted in 1832 as Sherman. In 1834 an additional plat was called Ivanhoe by Andrew Backus, whose daughter was fond of Sir Walter Scott's novel. The entire village was incorporated in 1855 and named Sturgis. The National Bank of Sturgis was established in 1865.*

### FINEST OF TWO KNOWN

- 2406 Sturgis, First NB, 825 Fr. 401 \$5 1875**  
This banking institution was chartered in 1865 and was liquidated due to charter requirements in 1884 as the national bank was formed. This, and its successor of sorts, were the community's only national banks. Only two notes are known from charter #825, and this, previously from the DeGood collection, is the finer of the two. The Dr. Wallace Lee Collection.  
**Fine (5,000-10,000)**

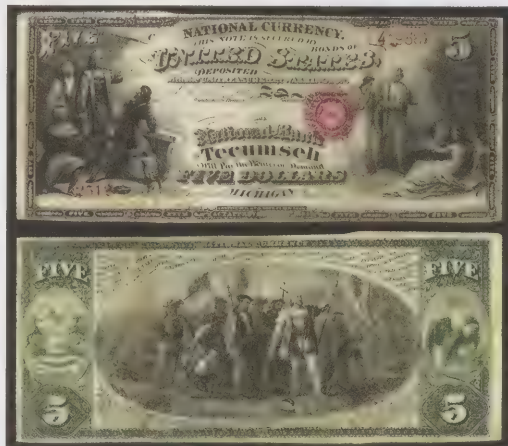

- 2407 Sturgis, NB, 3276 Fr. 629 \$10 1902ND**  
There are no examples known from this bank that was chartered in 1884, issuing Brown Backs and Red Seals prior to Blue Seals. This is a Gem CU with the Napier-Thompson Treasury signatures. A beautiful note with stamped signatures of C.A. Freeland and Isaac Roose. A decade ago this note realized \$2,860 but it tough to say what it will bring now. The Dr. Wallace Lee Collection.

*Tecumseh* is located in Lenawee County on the River Raisin. Tecumseh was first settled in 1824 by three Quakers, Joseph W. Brown, Musgrove Evans and Austin E. Wing. Evans became the first postmaster that same year, and named the town after the great Shawnee Chief, Tecumseh. It functioned as the first county seat from 1826-1837. It was incorporated as a village in 1837, and later as a city in 1953.

### UNIQUE FOR TOWN & BANK

- 2408 **Tecumseh, NB, 1063 Fr. 397 \$5 Original**  
This is one of the rarest of all Michigan charters because it was chartered in 1865 and liquidated in 1874, after issuing 2,825 sheets of Original Series and First Charters only. This note is quite lovely and although the president's signature is not legible, the cashier's is quite clear. This note is problem free with decent overall appearance, probably a VF 20 if slabbed. The town is located in the southern tier of Michigan counties. The Dr. Wallace Lee Collection.  
VF (12,500-25,000)

*Three Rivers*, in St. Joseph County, derives its name from the confluence of the St. Joseph River with its tributaries the Rocky and Portage Rivers. The plats of Moab, St. Joseph, Three Rivers and Lockport were incorporated in 1871 and called Three Rivers. The First National Bank of Three Rivers was established in 1864.

- 2409 **Three Rivers, First NB, 600 Fr. 392 \$2 1875**  
This bank was established as a national bank in 1864 and it was successful through the note issuing period, yet notes are still scarce. This lovely 1875 Series Lazy Deuce is about the earliest note possible. I would not have traded for any other note in the census from this bank. This very attractive note has excellent pen signatures of E.S. Moore, President and C.H. Blood, Cashier. There are only 20 large notes reported. Just an amazing, well centered and pretty Deuce. ### UNIQUE FOR BANK

- 2410 **Three Rivers, NB, 3133 Fr. 480 \$10 1882BB**  
This charter was established in 1884 and by 1897 the bank had closed. What a great name to have on a unique note and with condition that is absolutely beautiful. There were just 1,080 sheets printed and it is highly likely that this note will remain unique. The signatures are beautifully penned by J.W. French, President and L.T. Wilcox, Cashier on this note that was previously from the DeGood collection. The Dr. Wallace Lee Collection.  
VF/XF (15,000-30,000)

*Traverse City*, is located in Grand Traverse County. In 1847 William Boardman of Naperville, Il., bought land on the stream now known as Boardman River. His son, Horace, was the first white settler when he began logging his father's land that year. In 1851 the Boardman holdings were purchased by Hannah, Lay & Co., Chicago, and the town called Wequetong, or Head of the Bay, was developed. In 1854 the town and post office were named Traverse City.

- 2411 **Traverse City, First NB, M3325 Fr. 616 \$10 1902DB**  
This bank was chartered in 1885 and it has not been offered in large size since 1993. This note is a dog but a dog is man's best friend. If you wanted it could be restored, albeit not fast or inexpensively. I am able to see part of the signatures. There are just three notes reported. The Dr. Wallace Lee Collection.

**Union City**, in Branch County, was surveyed in 1826 and the first government land was purchased by Isaiah Bennett in 1831. Justus Goodwin bought 600 acres in 1833 from Bennett and built a mill race. The first post office was named Goodwinville in 1834. Goodwin sold 322 acres to E.W. Morgan who platted it as Union City in 1835. In 1866, both areas were incorporated as a village and called Union City, named because the Coldwater and St. Joseph Rivers unite there. Notably, the Meteor Ridge Farm, formerly called The Plantation, was built in 1859 or 1860 and served as a stop on the Underground Railroad, even receiving a personal visit from President Lincoln.

- 2412 **Union City, NB, 1826 Fr. 402 \$5 1875**  
This bank was chartered in 1871 and notes have remained scarce. There are First Charters, two Brown Backs and six Blue Seal Third Charters known. Buell, Vice President and H.T. Carpenter, Cashier. The DeGood example was virtually identical to this note and realized \$3,250 hammer in 2007. The Dr. Wallace Lee Collection.  
VF + (2,500-5,000)

### #1 WAKEFIELD, MI

- 2417 **Wakefield, First NB, M11305 Fr. 632 \$10 1902ND #1**  
This charter was established in 1919 and Blue Seals are scarce with only four examples surviving from the 1,910 sheets printed of large size. This is the #1 note with the 'C' position. Pen signed by Anton Bingsmith, President and a cashier whose signature is easy to see but hard to decipher. There is a small split on an internal fold. In 1849, it became necessary to change the name of the village since another Michigan city had already claimed Waterford. Watervliet, a Dutch term meaning 'flowing waters', was chosen instead.*

- 2418 Watervliet, First NB, 10498 Fr. 605 \$5 1902ND  
This banking institution was chartered in 1914 and issued Third Charter blue seals and small size. There are only four large notes reported and this one is equal to the best. *White Pigeon, in St. Joseph County near the Michigan/Indiana border, was incorporated in 1837. The town was named after the Potawatomi Indian Chief Wahbememe, which means Chief White Pigeon. According to legend, Wahbememe heard of plans to attack the settlement; as he was a friend to the settlers and didn't want to see harm come to them, he ran almost 150 miles to the settlement to warn the people. After running that long distance and giving his warning, he collapsed and soon died from exhaustion.*

## WHITE PIGEON UNIQUE TOWN & BANK

- 2419 White Pigeon, First NB, 4527 Fr. 484 \$10 1882BB This bank represents, without a doubt, one of the neatest names in America. This note is so rare that no one has seen it publicly offered before. The bank only operated from 1891 to 1900 and printed just 2,194 sheets. This note is evenly circulated with pen signatures of J.N. Watson and T.E. Clapp. Absolutely a wonderful rarity. The Dr. Wallace Lee Collection.  
Fine (17,500-35,000)

*Wyandotte is located in Wayne County. The site where it sits today was in the 1700s a village for the Native American tribe known as the Wyandot, part of the Huron nation. It was from here in 1763 that Chief Pontiac plotted his attack on Detroit. In 1818, Major John Biddle created a farm he called "The Wyandot". He sold the plot in 1854 to Eber Ward of the Eureka Iron Co. A Eureka representative named John Van Alstyne laid out a master plan for the city in the late 1850s and in 1867 Wyandotte became a city.*

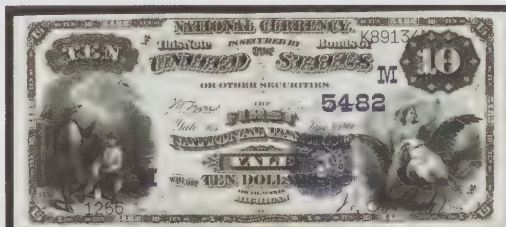

- 2420 Wyandotte, First NB, 12616 Fr. 1801-1 \$10 1929T1  
This bank was chartered in 1924, but chose not to issue large size notes. They did issue small size notes until the end of 1933. This was a one-bank town. This is quite likely the best, or nearly the best of the 15 small notes reported. The Dr. Wallace Lee Collection.  
VF (900-1,800)

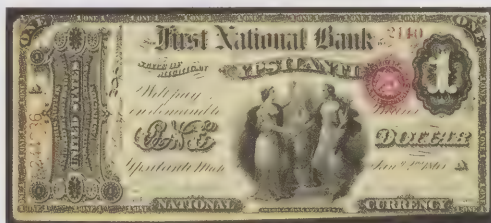

*Yale is located in St. Clair County. This village on Mill Creek was founded in 1851 by Nathan White as Brockway Center. It was platted in 1865, as suggested by B.R. Noble, the village was renamed Yale to honor Yale University in 1889.*

### EARLIEST & FINEST KNOWN NOTE

- 2421 Yale, First NB, M5482 Fr. 545 \$10 1882DB  
This bank was established as a national bank in 1900. There are 10 large notes reported, with this example being the best and earliest note on the bank. Stamped signatures of W.J. Rich, Vice President and O.F. Feard, Cashier. Hidden stars were used on some reentered (re-engraved plates) Series of 1882 plates. These stars signify a new master border design or other features on these notes. The tiny stars are at the lower left near the border design on the \$10 notes. The star on this note is below and to the left of the plate #1752. The Dr. Wallace Lee Collection.  
Ch. CU (5,000-10,000)

*Ypsilanti, in Washtenaw County, was originally a trading post established by Gabriel Godfroy, a French-Canadian fur trader from Montreal. A permanent settlement was established on the east side of the Huron River in 1823 as Woodruff's Grove. A separate community a short distance away on the west side of the river was established in 1825 under the name Ypsilanti, after Demetrius Ypsilanti, a hero in the Greek war for independence. Woodruff's Grove changed its name to Ypsilanti in 1829, the year its namesake effectively won the Greek war, and the two communities eventually merged. The village was incorporated as a city in 1858.*

- 2422 Ypsilanti, First NB, 155 Fr. 380 \$1 Original  
This one-bank town was chartered way back in 1863 and here is a nice example of a \$1 Original Series. This note has signatures but they are not easily deciphered. The note was last on eBay in February 2004 when it brought \$7,178. The Blue Seal in the DeGood sale realized \$2,185. A notation on the back states, "E. Auderhill". The Dr. Wallace Lee Collection.

## #1 EAST GRAND FORKS, MN

- 2438 East Grand Forks, First NB, 4638 Fr. 472 \$5 1882BB #1 This is by far the best note on this bank and I love it. A tough bank that has only 11 large notes reported and just three public offerings. The town is located across the Missouri River from North Dakota.  
VF (10,000-20,000)

- 2439 Saint Paul, Second NB, 725 Fr. 467 \$5 1882BB A beautifully pen signed \$5 Brown Back from the state capital and new to the census. Records indicate just three public offerings from this bank. The last was a \$5 First Charter in VF at \$3,450.

## MISSISSIPPI

- 2440 Meridian, First NB, S2957 Fr. 613 \$10 1902RS I think this Red Seal could be improved upon greatly by an expert. The blue signatures are bold now but if restored properly I'm sure they would lighten up. There is a long closed split that affects the serial number. There are 27 large notes reported, 10 of those are Red Seals.

## RARE PORT GIBSON, MS \$5 1882BB

- 2441 Port Gibson, Mississippi NB, 5715 Fr. 477 \$5 1882BB Mississippi Brown Backs are few and far between. This \$5 is one of three that appeared from this excessively rare bank. The note is nicely centered, with great color and excellent pen signatures. The bank only issued \$5, \$10 and \$20 Brown Backs and only 1,812 sheets were printed. A great note. In August 2005 we sold this note at \$21,850, then the other two appeared. Poorly handled at the time but a great rarity.

## MISSOURI

## MISSOURI ORIGINAL SERIES \$10

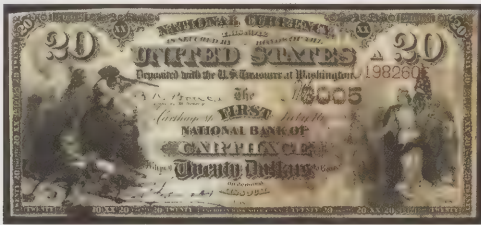

- 2442 Boonville, Central NB, 1584 Fr. 412 \$10 Original This is an early, elusive bank from Cooper County that has 21 large notes reported before this addition. This Original Series \$10 is rarely ever seen from Missouri. In fact, outside of this bank I cannot recall any. There are now six known from this bank. This note has a split on the left end, an uneven cut along the top and no extra bottom margin. Some light stains from storage in a coin purse or wallet but the notes on this bank are very tough to acquire. Pen signatures.  
Fine (3,000-5,000)

- 2443 Cameron, First NB, 4259 Fr. 484 \$10 1882BB This new addition to the census is the sixth Brown Back known on this Clinton County bank, located 50 miles north of Kansas City. This is the 17th large note reported and it appears they rarely appear in large size. The black and red pen signatures add even more to this note.  
Fine (1,500-3,000)

## NEW MEXICO

### \$10 BROWN BACK LAS VEGAS, NEW MEXICO TERRITORIAL

- 2504 Las Vegas, Territory of New Mexico, San Miguel NB, 2454 Fr. 490 \$10 1882BB  
This bank was chartered during the First Charter period and there is just one known, but there are seven Brown Back Territorials. This note is well used but basically problem free, along with excellent pen signatures.  
A reasonably priced Territorial note.  
VG (6,000-9,000)

### AMAZING LAS VEGAS VALUE BACK

- 2505 Las Vegas, San Miguel NB, W2454 Fr. 579 \$10 1882VB  
Wow! This is a gorgeous \$10 Value Back that looks UNC laying in front of me but up close it's a beautiful VF/XF. Excellent purple stamped signatures along with bright, fresh color and big margins. Quality throughout. This jewel has no public offerings I can find so I'll bet I sold it in the mid-1990s from one of two New Mexico collections I sold privately. It's the only Value Back on this charter.  
VF/XF (8,000-12,000)

### RARE NEW MEXICO TOWN

- 2506 Magdalena, First NB, W10268 Fr. 628 \$10 1902ND  
A beautiful and rare note from this Socorro County bank that is one of six large notes reported. In 2007 we sold a similar grade note for \$11,500. This note, which we sold in our Dallas 1998 sale, lot 1750, has a poorly trimmed bottom margin but the purple stamped signatures are excellent and the paper quality is outstanding.  
VF/XF (11,000-16,000)

## GORGEOUS NEW MEXICO \$10

- 2507 Melrose, First NB, W8397 Fr. 628 \$10 1902ND  
Here is a gorgeous, pen signed Blue Seal from the Curry County bank with only eight large notes reported. Boldly signed by Geo. P. Baxter, President and R.M. Dorouie, Cashier. This note came through us way back in 1995. This beauty will never disappoint you.  
XF (8,000-15,000)

## AMAZING NEW MEXICO NOTE

- 2508 Silver City, American NB, 8132 Fr. 628 \$10 1902ND  
Utterly amazing example for the collector assembling a collection of Nationals from each state. Yes, there was a small group from Silver City dispersed years ago, but none approached this in quality. It has earned every point in the grade and the EPQ designation is fully warranted.  
PMG Ch. UNC 64 EPQ (5,000-7,500)

- 2510 Auburn, Cayuga County NB, 1345 Fr. 482 \$10 1882BB

F/VF (1,000-2,000)

- 2511 Bellmore, First NB, 11072 Fr. 1801-1 \$10 1929T1  
A tough Nassau County bank and only the twelfth small note reported. The last note we find offered was way back in 2003. This is a pleasing and problem free note.  
Fine + (1,000-2,000)

- 2512 Delhi, Delaware NB, 1323 Fr. 624 \$10 1902ND  
Purple rubber stamped signatures enhance this UNC Delaware County bank note. The top cut is close to the design or it could be a much higher grade.  
PCGS New 61 (1,250-2,500)

## NEW YORK

- 2509 Albany, First NB, 267 Fr. 394 \$5 Original  
This is an amazing \$5 Original Series printed by the Continental Bank Note Company and it has the scarce and desirable blue Treasury number. In June of 2008 we sold a note from the same sheet and grade that brought \$4,312. This note is truly a peach with excellent color, centering, originality and pen signatures. Amazing early First Charter \$5. One of my favorite issues.  
XF/AU (3,500-7,000)

## NORTH DAKOTA

- 2552 **Dickinson, First NB, W4384 Fr. 471 \$5 1882BB**  
Here is a rather important find for both North Dakota and Brown Back collectors. This note is new to the census, bringing the North Dakota Brown Back total to 28 reported, with the number of \$5s to only six reported. This note is only the 10th large note reported on the bank, as well as the earliest by far. I can find offerings of only three large notes ever.  
VG/Fine (3,750-7,500)

- 2553 **Hope, First NB, W5893 Fr. 577 \$10 1882VB**  
It's rare to find \$10 Value Backs from North Dakota. This bank had three \$10s and one \$20 before this example appeared. The president's signature was stamped and the cashier's, K.W. Haviland, is clearly penned. A rare type for the state and one of 15 large notes reported.

## OHIO

- 2555 Akron, Second NB, 40 Fr. 380 \$1 Original  
Akron is a scarce and popular town for collectors and has been for at least 40 years. While the census indicates there are six large notes reported, there have only ever been three offerings, with only this example since 1983. The signatures are excellent and the appearance is quite nice. The note has restoration horizontally through the center. From the David Davis Collection.

## SERIAL #1 LAZY DEUCE

- 2559 Athens, First NB, 233 Fr. 387 \$2 Original #1  
From the fabled Don C. Kelly Collection of Ohio Nationals comes this trophy Lazy Deuce with three jumbo, and one average, margins, strong pen signatures and an overall appearance of Fine 15. The design is very strong on both sides. Comments "restoration, serial number altered from 1727 to appear as number 1". The caliber of the work is beyond excellent forcing one to wonder how the original serial number was determined. For all the world, this seems to be a genuine serial #1 and we've seen those fetch upwards of \$100,000. We won't pretend that this is a six-figure item, but you can pretend it is the real deal. Truly a great note irrespective of the serial number.  
PMG VG 8 Net (6,500-12,500)

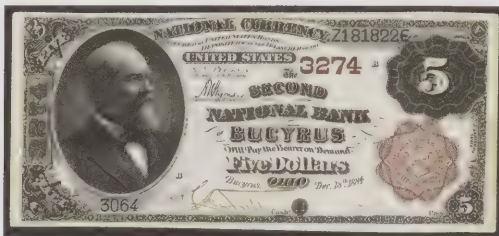

- 2560 Barnesville, First NB, M911 Fr. 689 \$100 1902DB

A very rare charter #141 note that is one of two large notes reported. The bank was only in business for First Charters from 1863 to 1883. Even though the grade is low (PCGS notes edge tears), the pen signatures of S.B. Clarke and J.W. Mahon are strong.

### RARE CHARTER #13

- 2580 Cleveland, Second NB, 13 Fr. 402 \$5 1875  
This is charter #13, the second bank chartered in Cleveland, and there are only three large notes reported on the bank. This note was the last example offered on this bank over a decade ago (2002). It has excellent pen signatures and decent color for the grade, but there is some roughness on the edges. Certainly one of the rarities of the David Davis Collection.  
Fine (5,000-10,000)

- 2581 Columbus, Ohio NB, M5065 Fr. 487 \$10 1882BB  
Bold black signatures enhance this beautiful note from the state capital. From The David Davis Collection.  
VF + (600-1,200)

### VERY RARE CHARTER #10

- 2582 Dayton, Second NB, 10 Fr. 401 \$5 1875  
This is one of three known examples and it was last sold in 2004 by Stack's at \$12,075. Last fall we sold a slightly better \$10 First Charter on charter #10 for \$20,700. We expect significant interest in this very rare low charter note. This bank issued only First Charters between 1863 and 1882. Certainly a highlight of this collection. There is a split and a tiny hole.  
From the David Davis Collection.  
VF (10,000-20,000)

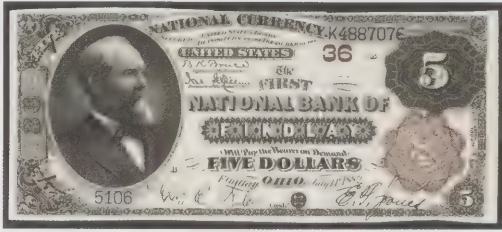

- 2583 Delaware, First NB, 243 Fr. 466 \$5 1882BB  
While this bank has 27 large notes reported there are only three Brown Backs and all \$5s, with this note being the best. It has pen signatures of C.B. Paul and G.W. Power, possibly related to the Power Collection family people, I don't know. This note last appeared in the Power Collection where it brought \$1,265.  
VF (1,250-2,500)

- 2584 East Liverpool, Potters' NB, M2544 Fr. 490 \$10 1882BB  
A handsome \$10 Brown Back that represents the 'E' in the alphabet collection of David Davis. High quality with excellent pen signatures and a neat tradesmen title. There are 65 large notes reported on the bank and this one is among the best of the Brown Backs. From the David Davis Collection.  
XF (1,000-2,000)

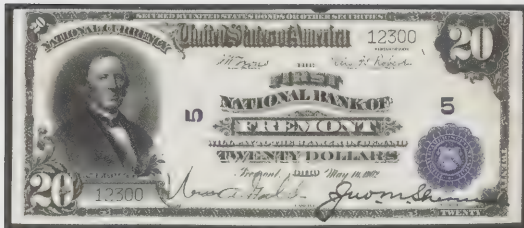

## IMPRESSIVE CHARTER #36

- 2585 Findlay, First NB, 36 Fr. 466 \$5 1882BB  
This impressive \$5 Brown Back represented both the low charter #36 and the letter 'F' in the alphabet set of David Davis. The exquisite pen signatures of E.P. Jones and Chas. Niles are amazing. Previously from a Heritage sale in 2008 where it brought \$5,462. From the David Davis Collection.  
Ch. AU (4,000-8,000)

- 2586 Findlay, American-First NB, 36 Fr. 675 \$50 1902ND

XF/AU (600-1,200)

- 2588 Gallipolis, First NB, 136 Fr. 624 \$10 1902ND

This beauty is previously from a 2005 Heritage sale where it realized \$2,760 in extremely active bidding. Excellent signatures of G.B. Jackson, Vice President and R.J. Shelley, Cashier. A great name and extremely rare with only three large notes reported. From the David Davis Collection.  
VF + (2,000-4,000)

- 2590 Georgetown, Peoples NB, M5996 Fr. 504 \$20 1882BB  
This attractive note has excellent pen signatures and it represents the 'G' letter of this alphabet collection. Previously from our September 2007 sale where it realized \$1,150. From the David Davis Collection.  
F/VF (900-1,800)

- 2591 Germantown, First NB, M86 Fr. 642 \$20 1902DB  
A lovely 1902 Date Back that is one of only four large notes reported. Not even the very nice collection we offered in the 2011 PCDA sale had one. This was the last example offered and that was in 1996 when it realized \$1,045. Excellent signatures, one stamped and one penned. From the David Davis Collection.  
VF + (2,500-5,000)

- 2592 Hamilton, First NB, 56 Fr. 466 \$5 1882BB  
A sharp, evenly circulated, pen signed \$5 Brown Back that is one of three known. While there are 19 large notes reported, only six are not Blue Seals. This note appears to be equal to the best of those six. The note last appeared in the 2006 Power Collection sale where it realized \$1,150 which is likely very low for a low number collection today. From the David Davis Collection.  
Fine (1,250-2,500)

- 2593 Hillsborough, Merchants NB, 2449 Fr. 504 \$20 1882BB

Ch. AU (1,500-3,000)

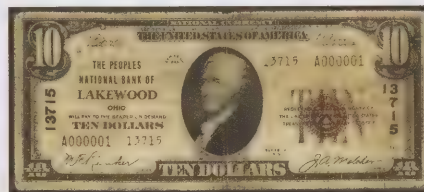

- 2594 Ironton, First NB, 98 Fr. 479 \$10 1882BB  
This charter #98 Brown Back serves double duty as a low charter number and as the 'I' letter for the alphabet collection of David Davis. Great pen signatures along with excellent centering and color. Previously from our November 1995 sale. From the David Davis Collection.  
VF + (750-1,500)

- 2595 Jackson, First NB, M1903 Fr. 499 \$20 1882BB  
Wonderful pen signatures enhance this attractive \$20 Brown Back from Jackson, a town to represent the 'J' letter in the alphabet set. This is the only \$20 Brown Back, of the 24 large notes reported, and when the three \$10s are included they represent the earliest known notes. In September 2006 this note brought \$1,725. From the David Davis Collection.  
VF (1,250-2,500)

- 2596 Kenton, First NB, M2500 Fr. 555 \$20 1882DB  
This 1882 Date Back was chosen to represent the letter 'K' in the alphabet collection. Among the 17 large notes reported there are three Brown Backs but David never got one. This note, with excellent pen signatures, realized over \$1,000 in a May 2005 sale. From the David Davis Collection.  
Fine (750-1,500)

- 2597 Lakewood, Peoples NB, 13715 Fr. 1801-2 \$10 1929T2 #A000001

Fine (1,750-3,500)

- 2598 Lorain, NB of Commerce, 5371 Fr. 477 \$5 1882BB  
This beauty came from the Power Collection where it was purchased to fill the 'L' spot in the David Davis alphabet collection. It realized \$1,955 in that sale where it was described as, "...The other bank in Lorain issued First Charters only and is unreported. That leaves this bank's ten large and twenty small notes for collectors wanting a National from this location. A unique \$5 Brown Back is the way to cover the bank, as it has both rarity and grade." The note does have three pinholes. From the David Davis Collection.  
Ch. AU (1,500-3,000)

#### PREVIOUSLY UNREPORTED IN LARGE SIZE

- 2646 Condon, First NB, 7059 Fr. 624 \$10 1902ND  
When a bank is unreported in large size and a note finally turns up, normally you don't get much of a note. Not the case with this beauty. This Blue Seal has excellent stamped signatures of what appears to be two members of the Rogers family. The paper is fresh, bright and 100% original. A beauty.  
VF/XF (12,500-17,500)

## #1 MERCHANTS NATIONAL BANK

- 2673 Philadelphia, Merchants NB, 2462 Fr. 404 \$5 1875 #1  
I have never had an auction with as many serial #1 First Charter National Bank Notes. This bank was chartered in 1880 and this was the earliest type issued for this charter. The quality of this \$5 is so very pretty that it was graded Gem UNC 65 by CGA but has since been removed from the holder. I believe it to be Ch. CU and hence the grade here. Regardless of a technical opinion it's clearly a gorgeous note. CGA label is included but separate.

This note is a completely restored \$10 First Charter from the state capital. Some of the signatures are still visible. Texas First Charters are few and far between, with this being a state capital note as well. I can't believe there are six \$10 and three \$20 First Charters known on this bank.

## UNIQUE #1 BLOOMING GROVE

- 2700 **Blooming Grove, First NB, 13555 Fr. 1803-1 \$50 1929T1 #1** These days there are very few previously unreported banks but this note appeared since the Sixth Edition Kelly did. This bank printed only 31 uncut sheets including twenty-five \$50s and six \$100s, that's only 186 notes printed. I guess if any were to survive it should be the #1 but this note was not saved when printed but along the line somewhere it was pulled from circulation. Truly a great rarity for this three-bank town; the earliest bank is unreported. The other bank has three large size and five small size reported. Survival rates make another example highly unlikely.  
Fine (8,500-12,500)

- 2701 **Bowie, First NB, 4265 Fr. 653 \$20 1902ND**

- 3012 Banco de Guatemala NL 50 Centavos ND**  
Face and back essay on card for unadopted design; serial numbers of zeroes and other elements pasted on. Different views of Ermita del Cerrito del Carmen on face and Paisaje de Chichicastenango on back than that used for the issued type. Roman numeral at bottom left and right. No mention of Quetzal on this piece. Date stamp including March 13, 1947 and other official notations on otherwise blank side. Speculation is that American Bank Note Company was uncertain about what type to use for this denomination. Eventually a later date of the previous type was utilized, followed closely by a completely new design. Wonderful transition piece of critical importance for the Latin American collector. We are pleased to offer an unprecedented selection of Guatemala essays, proofs, and production material beginning with this lot.  
UNC (750-1,250)

**Please use the enclosed envelope and bid sheet.**

- 3079 R. Sapper NL 2 Reales ND** Larger size. Intriguingly, makes reference to Banco 6 del Comite Bancario in text; quite possibly this is far more than an inauspicious "local issue"; ie, intimately connected with a government entity. Perforated bottom margin; punch cancelled. Hand signed "R Sapper" across lower center and his stamping on back along with several others. "Imp. El Norte" at bottom center. Perhaps this piece provides a clue on how local issues fit into the much larger economy.  
**Ch. Fine/VF (200-300)**

- 3080 San Rafael P. NL 4 Reales Febrero de 1906**  
This one is more faded and much more typical of how Guatemalan local issues come (when they come at all). Residue bottom right; couple hinge areas on back. Many do not come with printed date, so that aspect is a bit unusual.

- 3081 Topke & Cia. NL 2 Reales ND** German immigrant Hermann Topke set up a hardware store that eventually became a major coffee distributor for that nation. Smaller size piece with hand numbered 40 at top left; hand signed on back. Hinge at top right on back. Elusive.

example with some light folds.

AU (90-130)

#### NORTH CAROLINA

- 3306 NC-81 30 Shillings March 9, 1754 A really bright  
and attractive example of this more challenging early North  
Carolina issue. There are some splits but this is definitely one  
of the nicer notes we have seen from this issue.  
VF/XF (200-400)

- 3307 NC-81 30 Shillings March 9, 1754 Several splits  
are seen on this otherwise bright and well-signed North  
Carolina note.  
VF+ (200-400)

- 3308 NC-82 40 Shillings March 9, 1754 Some external  
and internal tears are seen on this highest denomination 1754  
note.  
F/VF (125-250)

- 3309 NC-82 40 Shillings March 9, 1754 This early North Carolina note has been backed with a couple of small missing pieces but the eye appeal is still solid for the grade. Fine (125-250)
- 3310 NC-107 5 Shillings July 14, 1760 A much scarcer low denomination note that has been backed with contemporary newsprint and which has some internal splitting and missing pieces. Fine (100-200)
- 3311 NC-108 10 Shillings July 14, 1760 A very bright example of this scarcer 1760 issue that also has a series of miniscule pinholes. VF/XF (150-300)
- 3312 NC-108 10 Shillings July 14, 1760 Except for some minor fold restoration work this is a really solid example of a tougher lower denomination. VF (125-250)
- 3313 NC-112 3 Pounds July 14, 1760 A bright and very well signed example of this earlier North Carolina issue. This is the highest denomination for this issue and the scarcest as well, with only 1,000 printed. Center fold splits are seen but so is lots of deep embossing. VF/XF (125-250)
- 3314 NC-124 20 Shillings April 23, 1761 A couple of lengthy tears and a restored corner are found on this early North Carolina note. Four bold signatures and excellent print quality more than override those detrimental factors. XF (125-250)
- 3315 NC-124 20 Shillings April 23, 1761 A few petty edge splits are all that separate this note from the elite status of being problem-free. VF/XF (125-250)
- 3316 NC-125 30 Shillings April 23, 1761 Backed and with a whole slew of contemporary inscriptions. This note has great signatures and, aside from center fold splitting, is a really nice note. XF (150-300)
- 3317 NC-125 30 Shillings April 23, 1761 A bright note that has some splitting and it has been backed. VF (125-250)
- 3318 NC-131 20 Shillings December 1768 A whole host of endorsements are seen on this lovely example that has a couple of small edge splits and some minor center fold restoration. A real eye-catcher that is sure to attract attention from this colony's many fans. AU (250-500)
- 3319 NC-131 20 Shillings December 1768 A couple of internal splits and holes are seen on this otherwise wonderfully margined and boldly printed 1768 Colonial. A low serial number 173 only serves to augment its value. XF (200-400)
- 3320 NC-136a 2 Shilling 6 Pence December 1771 A very attractive Duck note that has been backed with some internal splits but which retains bold signatures and excellent printing. F/VF (100-200)
- 3321 NC-136a 2 Shilling 6 Pence December 1771 This is the variety with the Duck vignette. Backed with some moderate restoration. F/VF (75-150)
- 3322 NC-137 5 Shillings December 1771 Four bold signatures and exceptional print quality do more for this note than pinholes and edge splits do to take away from it. XF (125-250)
- 3323 NC-137 5 Shillings December 1771 A well margined and well-signed note with some central pinholes. VF/XF (100-200)
- 3324 NC-138 10 Shillings December 1771 Your ship has come in. The ship vignette is as bold as we have seen and the margins are enormous on all sides. There is a blanket of staining along the bottom but this note still packs a lot of punch for the grade. AU (150-300)
- 3325 NC-139 1 Pound December 1771 Boldly signed and without a hint of a problem to be found. A real eye appealing note for the condition-conscious collector. XF (150-300)
- 3326 NC-139 1 Pound December 1771 Some central pinholes are seen around the center fold and there is the "I. ASHE" stamp on the back of this well-embossed piece. XF (125-250)

## CONFEDERATE ITEMS

- 3327 T-14 \$50 September 2, 1861 A delightful example of this popular T-14 type. Giant margins on three sides and bold printing and signatures. There are a couple of larger pinholes and a couple of small stains confined to the back. VF/XF detail without those minor problems. VF (125-250)
